H 405. AMEND STUDENT ACCOUNTABILITY PROG. Intro. 3/1/01. House committee substitute makes the following changes to 1st edition. GS 115C-105.37 defines a low-performing school as one that has failed to meet minimum growth standards and in which a majority of students are performing below grade level. Committee substitute redefines such a school as one that has failed to meet minimum growth standards and to meet minimum achievement standards; defines minimum achievement standard as the minimum percent of students who must perform at or above grade level, which must be at least 51 percent, as set by State Board of Education. Adds comparable change to GS 143B-146.5.
