H 1750. PROSPECTIVE TEACHERS/TUITION. TO PROVIDE IN-STATE TUITION FOR PROSPECTIVE TEACHERS. Adds new GS 116-143.6, providing for in-state tuition for anyone who enrolls in a constituent institution of the University of North Carolina and who (1) pursues a full-time course of study leading to teacher certification in this state, (2) agrees to teach and does teach in an NC public school or a federally-operated school in NC for 4 of the 7 years after graduating, and (3) complies with other terms or conditions the Board of Governors provides. Requires that participants sign an agreement and provides that they may be required to sign promissory notes, with surety, agreeing to repay the tuition differential if they do not satisfy the conditions of participating in the program. Gives the University limited authority to waive the repayment requirement. Effective July 1, 2002.
