H 1032. SCHOOL FOOD/BEVERAGE PURCHASES. Intro. 4/10/03. House committee substitute makes the following changes to 1st edition. Original bill provided an exception for schools that had entered into contracts with a supplier before July 1, 2003. Committee substitute changes this to schools that had entered into contracts before the effective date of the act. Such schools are not required to purchase high-calcium foods or beverages for the duration of the contract if such purchases would change the terms of the contract.
