A BILL TO BE ENTITLED

AN ACT TO REQUIRE ENVIRONMENTAL SERVICE FIRMS TO SECURE PERFORMANCE BONDS FOR LEAKING PETROLEUM UNDERGROUND STORAGE TANKS CLEANUPS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.94B(f) reads as rewritten:

7 (Effective until October 1, 2006) On the first day of each fiscal quarter, the "(f) 8 Department may allocate up to fifty percent (50%) of the funds in the Commercial Fund that are not otherwise obligated for performance-based cleanups as provided in this 9 subsection. The Department may also use any funds that are available from any other 10 source and that are specifically intended to be used for performance-based cleanups as 11 provided in this section. Each performance-based cleanup shall comply with the 12 requirements of this Part and any other provisions of law that govern the cleanup of 13 14 environmental damage resulting from the discharge or release of a petroleum product 15 from a commercial underground storage tank. The Department may contract for performance-based cleanups with environmental services firms that the Department has 16 determined to be qualified to satisfactorily complete the work associated with a cleanup. 17 Before the award of the contract, the environmental service firm shall secure a surety or 18 performance bond equal to the price of the firm's services under the contract and shall 19 demonstrate having secured the surety or performance bond to the satisfaction of the 20 Department. The surety shall be liable on the bond obligation when the environmental 21 22 service firm fails to perform as specified in the contract. A performance-based contract shall provide that cleanup will be completed within the time and for the cost stated in 23 the contract. The Department shall select environmental services firms for 24 performance-based cleanup through a competitive bidding process. The Commission 25 shall adopt rules governing the competitive bidding process. process and any other rules 26 necessary to implement this subsection. The rules shall establish qualifications for 27

environmental services firms and for individuals and firms that provide engineering services as part of a contract to satisfactorily complete work associated with cleanup."

SECTION 2. G.S. 143-215.94D(f) reads as rewritten:

(Effective until October 1, 2006) On the first day of each fiscal quarter, the Department may allocate up to fifty percent (50%) of the funds in the Noncommercial Fund that are not otherwise obligated for performance-based cleanups as provided in this subsection. The Department may also use any funds that are available from any other source and that are specifically intended to be used for performance-based cleanups as provided in this section. Each performance-based cleanup shall comply with the requirements of this Part and any other provisions of law that govern the cleanup of environmental damage resulting from the discharge or release of a petroleum product from a noncommercial underground storage tank. The Department may contract for performance-based cleanups with environmental services firms that the Department has determined to be qualified to satisfactorily complete the work associated with a cleanup. Before the award of the contract, the environmental service firm shall secure a surety or performance bond equal to the price of the firm's services under the contract and shall demonstrate having secured the surety or performance bond to the satisfaction of the Department. The surety shall be liable on the bond obligation when the environmental service firm fails to perform as specified in the contract. A performance-based contract shall provide that cleanup will be completed within the time and for the cost stated in the contract. The Department shall select environmental services firms for performance-based cleanup through a competitive bidding process. The Commission shall adopt rules governing the competitive bidding process. process and any other rules necessary to implement this subsection. The rules shall establish qualifications for environmental services firms and for individuals and firms that provide engineering services as part of a contract to satisfactorily complete work associated with cleanup."

SECTION 3. This act is effective when it becomes law.
