42 account within a fund and there is a conflict between the legal designation and the  
43 appropriate accounting designation of the State resources, then the Controller shall  
44 determine the appropriate designation of the State resources based on the intended use

1 and financial treatment of the State resources as set out in the law establishing the fund

8 threats to public safety, health, and welfare, and other emergencies. It is a goal of the  
9 General Assembly and the State to accumulate and maintain a balance in the Savings

6 shall be used only for real property acquisitions and the construction or rehabilitation of  
7 State facilities that are supported from the General Fund.

8       (c) Funds Available Only Upon Appropriation. – Funds reserved to the Capital

13 General Fund. The General Assembly shall appropriate a specific amount to this fund  
14 for contingencies and emergencies in the Current Operations Appropriations Act or  
15 other appropriations bill.

16       (b) Authorized Uses. – Notwithstanding any other provision of law, funds  
17 appropriated to the Contingency and Emergency Fund may be used only for  
18 expenditures required: (i) by a court or Industrial Commission order, (ii) to respond to  
19 events as authorized under G.S. 166A-5(1)a.9. of the Emergency Management Act, or

22       (c) Request for Allocation. – A State agency may request an allocation from the  
23 Contingency and Emergency Fund by submitting a request in writing to the Director  
24 along with any information required by the Director. If the Director approves the  
25 request, and after prior consultation with the Joint Legislative Commission on  
26 Governmental Operations, the Director shall present the request, together with a  
27 recommendation, to the Council of State for its approval. If the Council of State  
28 approves the request, the Director shall order the Controller to allocate the funds  
29 requested. If the Joint Legislative Commission on Governmental Operations does not  
30 meet for 30 days, the Director may present the request to the Council of State for  
31 approval. If the Council of State approves the request, the Director shall order the  
32 Controller to allocate the funds requested and shall report on the request at the next  
33 scheduled meeting of the Joint Legislative Commission on Governmental Operations.

34 **"§ 143C-4-6. Non-State match restrictions.**

35       Whenever money is required to match an appropriation made for a specific purpose  
36 by the State of North Carolina, the recipient of the appropriation shall actually receive  
37 as a gift, grant, earnings in actual money, or a pledge that can be used as collateral in  
38 any prudent loan transaction, the matching amount required. The recipient shall retain  
39 the matching amount received in its possession until spent for that purpose and shall  
40 spend an equal percentage of the appropriation and of the matching amount each time  
41 an expenditure is made, unless the individual appropriation requires otherwise.

42 **"§ 143C-4-7. General Fund operating budget size limited.**

43       (a) Size Limitation. – Except as otherwise provided in this section, the General  
44 Fund operating budget each fiscal year shall not be greater than seven percent (7%) of

1 the projected total State personal income for that fiscal year. For the purpose of this  
2 section, the General Fund operating budget includes any appropriations for local  
3 tax-sharing, but does not include appropriations for (i) capital expenditures or (ii)  
4 one-time expenditures due to natural disasters, federal mandates, or other emergencies.

5 (b) Increase in Size Limitation. – To the extent that any percent increase in  
6 appropriations for a fiscal year for (i) Medicaid, (ii) operation of prisons, or (iii) the  
7 costs of providing health insurance for teachers and State employees, exceeds the  
8 percent increase in State personal income growth for the same period, the limitation on  
9 the size of the General Fund operating budget provided in subsection (a) of this section  
10 for that fiscal year shall be increased by the dollar amount represented by the excess  
11 percentage. For all subsequent fiscal years, the percent limitation contained in  
12 subsection (a) shall then be increased to reflect that dollar adjustment.

13 (c) Fiscal Reports. – The Office of State Budget and Management and the Fiscal  
14 Research Division of the General Assembly shall each submit a tentative estimate of  
15 total State personal income for the upcoming fiscal year to the General Assembly no  
16 later than February 1 of each year. The Office and the Fiscal Research Division shall  
17 each submit a final projection of total State personal income for the upcoming fiscal  
18 year to the General Assembly no later than May 1 of each year. The General Assembly  
19 shall use the lower of the two final projections to calculate the limitation on the size of  
20 the General Fund operating budget provided in this section.

21 **"§ 143C-4-8. Limit on number of permanent positions budgeted.**

22 The total number of permanent budgeted positions established in State agencies shall  
23 not be increased by the end of any State fiscal year by a greater percentage rate of  
24 change than the percentage rate of change of the residential population growth for the  
25 State of North Carolina. The Office of State Budget and Management shall be  
26 responsible for computing the annual percentage rates of change for each measure. The  
27 population growth rate shall be computed by averaging the annual residential population  
28 growth rate in each of the preceding 10 fiscal years as stated in the annual estimates of  
29 residential population in North Carolina made by the United States Census Bureau. The  
30 growth rate of the number of budgeted positions shall be computed by averaging the  
31 annual rate of growth of State budgeted positions in each of the preceding 10 fiscal  
32 years. The total number of permanent budgeted positions established in State agencies  
33 shall be computed by adding the total number of budgeted Full-Time Equivalents from  
34 all fund types. This section does not apply to State-funded positions supported by the  
35 State in a local public school system or local community college institution.

36 "Article 5.

38 **"§ 143C-5-1. Rules for the introduction of the Governor's appropriations bills.**

39 The Current Operations Appropriations Act recommended by the Governor and the  
40 Capital Improvements Appropriations Act recommended by the Governor shall be  
41 introduced by the chairs of the committee on appropriations in each house of the  
42 General Assembly. This section shall be considered and treated as a rule of procedure in  
43 the Senate and House of Representatives unless provided otherwise by a rule of either  
44 branch of the General Assembly.

1 **"§ 143C-5-2. Order of appropriations bills.**

2 Each house of the General Assembly shall first pass its version of the Current  
3 Operations Appropriations Act on third reading and order it sent to the other chamber  
4 before placing any other appropriations bill on the calendar for second reading. This  
5 section does not apply to the following bills:

- 6 (1) An appropriations bill to respond to a disaster as defined by  
7 G.S. 166A-4(1).  
8 (2) An appropriations bill making adjustments to the current year budget.  
9 (3) An appropriations bill authorizing continued operations at current  
10 funding levels.

11 **"§ 143C-5-3. Availability statement required.**

12 The Current Operations Appropriations Act enacted by the General Assembly shall  
13 state the General Fund, Highway Fund, and Highway Trust Fund availability used as  
14 basis for appropriations from those funds.

15 **"§ 143C-5-4. Enactment deadline.**

16 The General Assembly shall enact the Current Operations Appropriations Act by  
17 June 15 of odd-numbered years and by June 30 of even-numbered years in which a  
18 Current Operations Appropriations Act is enacted.

19 **"§ 143C-5-5. Committee report used to construe intent of budget acts.**

20 A committee report incorporated by reference in the Current Operations  
21 Appropriations Act or the Capital Improvements Appropriations Act and distributed on  
22 the floor of the House of Representatives and of the Senate as part of the explanation of  
23 the act is to be construed with the appropriate act in interpreting its intent. If a report  
24 conflicts with the act, the act prevails. The Director of the Fiscal Research Division of  
25 the Legislative Services Commission shall send a copy of the reports to the Director.

27 "Administration of the Budget.

28 "Part 1. Certification and Administration of the Budget.

29 **"§ 143C-6-1. Budget enacted by the General Assembly; certified budgets of State**  
30 **agencies.**

31 (a) Governor to Administer the Budget as Enacted by the General Assembly. – In  
32 accordance with Section 5(3) of Article III of the North Carolina Constitution, the  
33 Governor shall administer the budget as enacted by the General Assembly. All  
34 appropriations of State funds now or hereafter made to the State agencies and non-State  
35 entities authorize expenditures only for the (i) purposes or programs and (ii) objects or  
36 line items enumerated in the Comprehensive Financial Plan and the Budget Support  
37 Document recommended to the General Assembly by the Governor, as amended and  
38 enacted by the General Assembly in the Current Operations Appropriations Act, the  
39 Capital Improvements Appropriations Act, or any other act affecting the State budget.  
40 The Governor shall ensure that appropriations are expended in strict accordance with  
41 the budget enacted by the General Assembly.

42 (b) Departmental Receipts. – Departmental receipts collected to support a  
43 program or purpose shall be credited to the fund from which appropriations have been  
44 made to support that program or purpose.

1       (c) Certification of the Budget. – The Director of the Budget shall certify to each  
2 State agency the amount appropriated to it for each program and each object from all  
3 governmental and proprietary funds. The certified budget for each State agency shall  
4 reflect the total of all appropriations enacted for each State agency by the General  
5 Assembly in the Current Operations Appropriations Act, the Capital Improvements  
6 Appropriations Act, and any other act affecting the State budget. The certified budget  
7 for each State agency shall follow the format of the Budget Support Document as  
8 modified to reflect changes enacted by the General Assembly.

9 **"§ 143C-6-2. Methods to avoid deficit.**

10       (a) Appropriations. – Each appropriation is maximum and conditional. The  
11 expenditures authorized by an appropriation from a fund shall be made only if necessary  
12 and only if the aggregate revenues to the fund during each fiscal year of the biennium,  
13 when added to any unreserved fund balance from the previous fiscal year, are sufficient  
14 to support the expenditures.

15       (b) Revenue Collections. – The Director, with the assistance of the Secretary of  
16 Revenue and other officials collecting or receiving appropriated State revenue, shall  
17 continuously survey the revenue collections. If the Director finds that revenues to any  
18 fund, when added to the beginning unreserved fund balance in that fund, will be  
19 insufficient to support appropriations from that fund, the Director shall immediately  
20 notify the General Assembly that a deficit is anticipated. Prior to implementing any  
21 measures, the Director shall present to the General Assembly a plan containing such  
22 expenditure reductions and other lawful measures as the Director is prepared to  
23 implement in order to avert the deficit.

24       (c) Local Governments Funds. – In exercising the powers contained in Section  
25 5(3) of Article III of the North Carolina Constitution, the Governor shall not withhold  
26 from distribution funds that have been collected by the State on behalf of local  
27 governments or funds that the General Assembly has appropriated to local governments  
28 unless the Governor has exhausted all other sources of revenue of the State including  
29 any appropriated surplus remaining in the treasury at the beginning of the fiscal period.

30       In accordance with Section 19 of Article I of the North Carolina Constitution and the  
31 Due Process Clause of the United States Constitution, the State is prohibited from  
32 taking local tax revenue. This subsection does not authorize the Governor to withhold  
33 revenues from taxes levied by units of local governments and collected by the State.

34 **"§ 143C-6-3. Allotments.**

35       To receive the operating funds appropriated to it, a State agency shall submit to the  
36 Director, at intervals and in a format prescribed by the Director, a request for an  
37 allotment of the amount estimated to be required for the agency's operating costs during  
38 the ensuing fiscal period. The Director shall approve or modify the allotment requests,  
39 and the State Controller shall implement the allotments as approved or modified by the  
40 Director.

41 **"§ 143C-6-4. Budget Adjustments Authorized.**

42       (a) Findings. – The General Assembly recognizes that even the most thorough  
43 budget deliberations may be affected by unforeseeable events. Under limited  
44 circumstances set forth in this section, the Director may adjust the enacted budget by

1 making transfers among lines of expenditure, purposes, or programs or by increasing  
2 expenditures funded by departmental receipts. Under no circumstances, however, shall  
3 total General Fund expenditures for a State department exceed the amount appropriated  
4 to that department from the General Fund for the fiscal year.

5 (b) Adjustments to the Enacted Budget. – Notwithstanding the provisions of  
6 G.S. 143C-6-1, a State agency may, with approval of the Director of the Budget, spend  
7 more than was authorized in the enacted budget for all of the following:

8 (1) An object or line item within a purpose or program so long as the total  
9 amount expended for the purpose or program is no more than was  
10 authorized in the enacted budget for the purpose or program.

11 (2) A purpose or program if the overexpenditure of the purpose or  
12 program is:

13 a. Required by a court or Industrial Commission order;

14 b. Authorized under G.S. 166A-5(1)a.9. of the Emergency  
15 Management Act; or

16 c. Required to call out the national guard.

17 (3) A purpose or program not subject to the provisions of subdivision  
18 (b)(2)b. of this subsection, but only in accord with the following  
19 restrictions: (i) the overexpenditure is required to continue the purpose  
20 or programs due to complications or changes in circumstances that  
21 could not have been foreseen when the budget for the fiscal period was  
22 enacted, (ii) the scope of the purpose or program is not increased, (iii)  
23 the overexpenditure is authorized on a nonrecurring basis, and (iv)  
24 under no circumstances shall the total requirements for a State  
25 department exceed the department's certified budget for the fiscal year  
26 by more than one percent (1%).

27 (c) Overexpenditures Reported. – The Director shall report quarterly, beginning  
28 October 31, to the Joint Legislative Commission on Governmental Operations on  
29 overexpenditures approved by the Director under subdivisions (2) and (3) of subsection  
30 (b) of this section.

31 (d) Overexpenditures in Senate Budget. – The President Pro Tempore of the  
32 Senate may approve expenditures for more than was authorized in the enacted budget  
33 for objects or line items in the budget of the Senate.

35 House of Representatives may approve expenditures for more than was authorized in  
36 the enacted budget objects or line items in the budget of the House of Representatives.

37 (f) Transfers Between Line Items or Programs in General Assembly Budget  
38 Other Than Senate and House of Representatives. – Expenditures exceeding amounts  
39 authorized for programs, objects, or line items in the budget of the General Assembly  
40 other than those of the Senate and House of Representatives shall be approved jointly by  
41 the President Pro Tempore of the Senate and the Speaker of the House of  
42 Representatives.

1       (g) Transfers in The University of North Carolina Budget. – Transfers or changes  
2 within the budget of The University of North Carolina may be made as provided in  
3 Article 1 of Chapter 116 of the General Statutes.

4 **"§ 143C-6-5. No expenditures for purposes for which the General Assembly has**  
5 **considered but not enacted an appropriation.**

6       Notwithstanding any other provision of law, no funds from any source, except for  
7 gifts, grants, or funds allocated from the Repair and Renovations Account in accordance  
8 with G.S. 143C-4-3, and funds allocated from the Contingency and Emergency Fund in  
9 accordance with G.S. 143C-4-5, may be expended for any new or expanded purpose,  
10 position, or other expenditure for which the General Assembly has considered but not  
11 enacted an appropriation of funds for the current fiscal period. For the purpose of this  
12 section, the General Assembly has considered a purpose, position, or other expenditure  
13 when that purpose is included in a bill, amendment, or petition if any committee of the  
14 Senate or the House of Representatives deliberates on that purpose.

15 **"§ 143C-6-6. Payrolls.**

16       (a) Before a State agency establishes a new position or changes the funding of an  
17 existing position, the agency shall submit the proposed action to the Director for  
18 approval. The Director shall review the proposed action to ensure that funds for the  
19 action are included in the amount appropriated to the agency. If the Director approves  
20 the action, the Director shall notify the agency and the Controller of the approval. The  
21 Controller may not honor a voucher in payment of a payroll that includes a new position  
22 or a change in an existing position that has not been approved by the Director.

23       (b) This section does not apply to The University of North Carolina.

24 **"§ 143C-6-7. Compliance with Chapter and appropriations acts; appropriations to**  
25 **the General Assembly do not revert.**

26       (a) Compliance With Chapter and Appropriations Acts. – Except as otherwise  
27 provided by law, all expenditures of State funds by a State agency or a non-State entity  
28 shall be made in compliance with the State budget as enacted by the General Assembly  
29 and certified by the Director. If the Director finds that a State agency or non-State entity  
30 has spent or encumbered State funds for an unauthorized purpose, the Director shall  
31 take appropriate administrative action to ensure that no further irregularities occur and  
32 shall report to the Attorney General any facts that pertain to an apparent violation of a  
33 penal statute or an apparent instance of malfeasance, misfeasance, or nonfeasance by a  
34 person.

35       (b) Repayment of Funds Spent for an Unauthorized Purpose. – In addition to the  
36 provisions of subsection (a) of this section, if the Director finds that a State agency  
37 violated this section, the Director shall withhold any future allocations for the  
38 unauthorized purpose and shall also withhold future allocations to the Department in an  
39 amount equal to the funds unlawfully spent. If the Director finds that a non-State entity  
40 violated this section, the Director shall withhold any future allocations for the  
41 unauthorized purpose and shall request the Attorney General to take any legal action  
42 required to secure repayment of the funds unlawfully spent.

1       (c) Appropriations to the General Assembly Remain Available. – Appropriations  
2 to the General Assembly shall remain available until expended, unless otherwise  
3 provided by the Legislative Services Commission.

4 **"§ 143C-6-8. State agencies may incur financial obligations only if authorized by**  
5 **the Director of the Budget and subject to the availability of appropriated**  
6 **funds.**

7       Unless otherwise authorized by the Director as provided by law, purchase orders,  
8 contracts, salary commitments, and any other financial obligations by State agencies  
9 shall be subject to the availability of appropriated funds or available funds that are not  
10 State funds as defined in this Chapter.

11 **"§ 143C-6-9. Use of lapsed salary savings.**

12       Lapsed salary savings may be expended only for nonrecurring purposes or line  
13 items.

14   "Part 2. Highway Appropriations.

15 **"§ 143C-6-11. Highway appropriation.**

16       (a) General Provisions. – Appropriations made for transportation projects are  
17 subject to the provisions in this section. If the provisions in this section conflict with the  
18 budget acts, the budget acts prevail.

19       (b) Cash Flow Management of Transportation Projects. – Transportation Project  
20 funds shall be budgeted, expended, and accounted for on a 'cash flow' basis. Pursuant to  
21 this end, transportation project contracts shall be planned and limited so payments due  
22 at any time will not exceed the cash available to pay them.

23       (c) Appropriations Are for Payments and Contract Commitments to Be Made in  
24 the Appropriation Fiscal Year. – The appropriations for transportation projects are for  
25 maximum payments estimated to be made during the appropriation fiscal year and for  
26 maximum contracting authority for future years. Transportation project contracts shall  
27 be scheduled so that the total contract payments and other expenditures charged to  
28 projects in the fiscal year for each transportation project appropriation item will not  
29 exceed the current appropriations provided by the General Assembly and unspent prior  
30 appropriations made by the General Assembly for the particular appropriation item.

31       (d) Payments Subject to Availability of Funds. – The annual appropriations for  
32 transportation projects shall be expended only to the extent that sufficient funds are  
33 available in the Highway Fund.

34       (e) Retainage Fully Funded. – The Department of Transportation shall fully fund  
35 retainage from transportation project contracts in the year in which the work is  
36 performed.

37       (f) Five Percent (5%) of the Cash Balance Required. – The Department of  
38 Transportation shall maintain an available cash balance at the end of each month equal  
39 to at least five percent (5%) of the unpaid balance of the total transportation project  
40 contract obligations. In the event this cash position is not maintained, no further  
41 transportation project contract commitments may be entered into until the cash balance  
42 has been regained. For the purposes of awarding contracts involving federal aid, any  
43 amount due from the federal government and the Highway Bond Fund as a result of

1 unreimbursed expenditures may be considered as cash for the purposes of this  
2 provision.

3 (g) Anticipation of Revenues. – In awarding State transportation project contracts  
4 requiring payments beyond a biennium, the Director may anticipate revenues as  
5 authorized and certified by the General Assembly to continue contract payments for up  
6 to seventy-five percent (75%) of the revenues which are estimated for the first fiscal  
7 year of the succeeding biennium and which are not required for other budget items. Up  
8 to fifty percent (50%) of the revenues not required for other budget items may be  
9 anticipated for the second and subsequent fiscal years' contract payments. Up to forty  
10 percent (40%) of the revenues not required for other budget items may be anticipated  
11 for the first year of the second succeeding biennium and up to twenty percent (20%) of  
12 the revenues not required for other budget items may be anticipated for the second year  
13 of the second succeeding biennium.

14 (h) Amounts Encumbered. – Transportation project appropriations may be  
15 encumbered in the amount of allotments made to the Department of Transportation by  
16 the Director for the estimated payments for transportation project contract work to be  
17 performed in the appropriation fiscal year. The allotments shall be multiyear allotments  
18 and shall be based on estimated revenues and shall be subject to the maximum contract  
19 authority contained in subsection (c) above. Payment for transportation project work  
20 performed pursuant to contract in any fiscal year other than the current fiscal year is  
21 subject to appropriations by the General Assembly. Transportation project contracts  
22 shall contain a schedule of estimated completion progress, and any acceleration of this  
23 progress shall be subject to the approval of the Department of Transportation provided  
24 funds are available. The State reserves the right to terminate or suspend any  
25 transportation project contract, and any transportation project contract shall be so  
26 terminated or suspended if funds will not be available for payment of the work to be  
27 performed during that fiscal year pursuant to the contract. In the event of termination of  
28 any contract, the contractor shall be given a written notice of termination at least 60  
29 days before completion of scheduled work for which funds are available. In the event of  
30 termination, the contractor shall be paid for the work already performed in accordance  
31 with the contract specifications.

32 (i) Provision Incorporated in Contracts. – The provisions of subsection (h) of this  
33 section shall be incorporated verbatim in all transportation project contracts.

34 (j) Existing Contracts Are Not Affected. – The provisions of this section shall  
35 not apply to transportation project contracts awarded by the Department of  
36 Transportation prior to July 15, 1980.

37 (k) The Department of Transportation shall do all of the following:

38 (1) Utilize cash flow financing to the extent possible to fund transportation  
39 projects with the goal of reducing the combined average daily cash  
40 balance of the Highway Fund and the Highway Trust Fund to an  
41 amount equal to the twelve percent (12%) of the combined estimate of  
42 the yearly receipts of the Funds. The target amount shall include an  
43 amount necessary to make all municipal-aid funding requirements of  
44 the Department.

1           (2) Establish necessary management controls to facilitate use of cash flow  
2 financing, such as establishment of a financial planning committee,  
3 development of a monthly financing report, establishment of  
4 appropriate fund cash level targets, review of revenue forecasting  
5 procedures, and reduction of accrued unbilled costs.

6           (3) Report annually, on October 1 of each year, to the Joint Legislative  
7 Transportation Oversight Committee on its cash management policies  
8 and results.

9           "Part 3. Non-State Entities Receiving State Funds.

10 **"§ 143C-6-12. Payments to non-State entities.**

11       Except as otherwise provided by law, an annual appropriation of one hundred  
12 thousand dollars (\$100,000) or less to or for the use of a nonprofit corporation shall be  
13 made in a single annual payment. An annual appropriation of more than one hundred  
14 thousand dollars (\$100,000) to or for the use of a nonprofit corporation shall be made in  
15 quarterly or monthly payments, in the discretion of the Director of the Budget.

16 **"§ 143C-6-13. Report on use of State funds by non-State entities.**

17       (a) Disbursement and Use of State Funds. – Every non-State entity that receives,  
18 uses, or expends any State funds shall use or expend the funds only for the purposes for  
19 which they were appropriated by the General Assembly or collected by the State. State  
20 funds include federal funds that flow through the State. For the purposes of this section,  
21 the term "grantee" means a non-State entity other than an individual or a unit of local  
22 government that receives a grant of State funds from a State agency, department, or  
23 institution.

24       The State shall not disburse State funds appropriated by the General Assembly to  
25 any grantee or collected by the State for use by any grantee unless that grantee:

- 26           (1) Provides all reports and financial information required under this  
27 section to the appropriate State agencies and officials; and  
28           (2) Provides any additional information that the Office of State Budget  
29 and Management deems necessary demonstrating that such grantee is  
30 capable of managing the funds in accordance with law and has  
31 established adequate financial procedures and controls.

32       All financial statements furnished to the State Auditor pursuant to this section, and  
33 any audits or other reports prepared by the State Auditor, are public records.

34       (b) State Agency Responsibilities. – A State agency that receives State funds and  
35 then disburses the State funds to a grantee shall:

- 36           (1) Submit documents to the State Auditor in a prescribed format  
37 describing standards of compliance and suggested audit procedures  
38 sufficient to give adequate direction to independent auditors  
39 performing audits.  
40           (2) Annually, at the time the grant is made, notify each grantee, in writing,  
41 of the reporting requirements set forth in this section and that the State  
42 agency is not authorized to disburse funds to grantees that fail to  
43 comply with the reporting requirements for funds received during the  
44 prior fiscal year.

- 1           (3) Provide each grantee with the accounting form and other requirements  
2 prescribed by the State Auditor.
- 3           (4) Submit a list to the State Auditor by October 31 each year of every  
4 grantee to which the agency disbursed State funds in the prior fiscal  
5 year, the amount disbursed to each grantee, and other such information  
6 as required by the State Auditor to comply with the requirements set  
7 forth in this section.
- 8           (5) Submit a list to the Office of State Budget and Management by  
9 January 31 each year of every grantee to which the agency disbursed  
10 State funds in the prior fiscal year and, for each grantee, whether that  
11 grantee has filed the sworn accounting required by subsection (c) of  
12 this section and whether the sworn accounting is in compliance with  
13 subsection (c) of this section.

14       (c) Grantee Receipt and Expenditure Reports. – A grantee that receives, uses, or  
15 expends between fifteen thousand dollars (\$15,000) and three hundred thousand dollars  
16 (\$300,000) in State funds annually must file annually with the State agency that  
17 disbursed the funds and the State Auditor a sworn accounting of receipts and  
18 expenditures of the State funds and a description of activities and accomplishments  
19 undertaken by the grantee with State funds. This accounting must be attested to by the  
20 treasurer of the grantee and one other authorizing officer of the grantee. The accounting  
21 and the description of activities and accomplishments must be filed within six months  
22 after the end of the grantee's fiscal year in which the State funds were received. The  
23 accounting shall be in the format required by the State agency and the State Auditor,  
24 which may require electronic filings, and provided to the grantee by the disbursing  
25 agency.

26       (d) Grantee Audit Reports. – A grantee that receives, uses, or expends State  
27 funds in the amount of three hundred thousand dollars (\$300,000) or more annually  
28 must file annually with the State Auditor a financial statement in the form and on the  
29 schedule prescribed by the State Auditor. These audit reports shall be filed no later than  
30 nine months after the close of the grantee's fiscal year. The financial statement must be  
31 audited in accordance with standards prescribed by the State Auditor to assure that State  
32 funds are used for the purposes provided by law.

33       A grantee that receives, uses, or expends State funds in the amount of three hundred  
34 thousand dollars (\$300,000) or more annually must file annually with the State agency  
35 that disbursed the funds and the State Auditor a description of activities and  
36 accomplishments undertaken by the grantee with State funds. This description must be  
37 filed within 90 days after the end of the grantee's fiscal year in which the State funds  
38 were received. The description of activities and accomplishments shall be in the format  
39 proscribed by the State agency and the State Auditor that may require electronic filings.

40       (e) State Auditor's Responsibilities. – The State Auditor shall:

- 41           (1) Review each audit submitted pursuant to subsection (d) of this section  
42 and determine that it has been conducted in accordance with generally  
43 accepted audit standards and that the grantee has received a clean audit  
44 opinion.

1           (2)   Notify disbursing agencies by January 31 each year of all grantees that  
 2               are not in compliance with the reporting requirements set forth in this  
 3               section.

4           (3)   Notify disbursing agencies of any material audit findings in the audits  
 5               of their grantees.

6           (4)   Submit a list to the Office of State Budget and Management by  
 7               January 31 each year of every grantee that received State funds in the  
 8               prior fiscal year and, for each grantee, whether that grantee has  
 9               complied with this subsection.

10         (f)   Before a State agency disburses any funds for the fourth quarter of a fiscal  
 11         year, the agency shall, in consultation with the Office of State Budget and Management,  
 12         verify that the grantee has complied with the reporting requirements of this section. A  
 13         State agency shall not disburse funds during the fourth quarter of the fiscal year to any  
 14         grantee that has not complied with this section by March 31 of each year.

15         (g)   The Office of State Budget and Management shall report to the Joint  
 16         Legislative Commission on Governmental Operations and the Fiscal Research Division  
 17         by May 1 of each year on all grantees that failed to comply with this section for the  
 18         prior fiscal year, the amount of State funds that were disbursed to each of those grantees  
 19         during that fiscal year, and the amount of State funds that were withheld.

20         (h)   Federal Reporting Requirements. – Federal law may require a grantee to  
 21         make additional reports with respect to funds for which reports are required under this  
 22         section. Notwithstanding the provisions of this section, a grantee may satisfy the  
 23         reporting requirements of subsection (c) of this section by submitting a copy of the  
 24         report required under federal law with respect to the same funds or by submitting a copy  
 25         of the report described in subsection (d) of this section.

26         (i)   Audit Oversight. – The State Auditor has audit oversight, pursuant to Article  
 27         5A of Chapter 147 of the General Statutes, of every grantee that receives, uses, or  
 28         expends State funds. Such a grantee must, upon request, furnish to the State Auditor for  
 29         audit all books, records, and other information necessary for the State Auditor to  
 30         account fully for the use and expenditure of State funds. The grantee must furnish any

 42         stating that the expenditure of money deposited in the State treasury is subject to acts of  
 43         appropriation by the General Assembly.

44         **"§ 143C-7-2. Federal Block Grants.**

1 (a) Plans Submitted and Reviewed. – The Secretary of each State agency that  
2 receives and administers federal Block Grant funds shall prepare and submit the  
3 agency's Block Grant plans to the Fiscal Research Division of the General Assembly not  
4 later than February 20 of each odd-numbered calendar year and not later than April 20

6 **"§ 143C-8-7. When a State agency may begin a capital improvement project.**

7 No State agency may expend funds for any capital improvement project except as  
8 needed to comply with this Article or otherwise authorized by the General Assembly.

9 **"§ 143C-8-8. When a State agency may increase the cost of a capital improvement**  
10 **project.**

11 A State agency may increase the cost of a capital improvement project if the General  
12 Assembly authorizes the increase. The Director may authorize an increase in the cost of  
13 a capital improvement project if: (i) bids for the project contract exceed the amount  
14 appropriated for the project, (ii) the project was designed within the scope intended by  
15 the appropriation, and (iii) funds are available in the Project Reserve Account to pay for  
16 the increase.

17 **"§ 143C-8-9. When a State agency may change the scope of a capital improvement**  
18 **project.**

19 A State agency may increase the scope of a capital improvement project only if the  
20 General Assembly authorizes the increase. A State agency may decrease the scope of a  
21 capital improvement project if the Director authorizes the decrease. To obtain the  
22 Director's authorization for a decrease in the scope of a capital improvement project, a  
23 State agency shall submit its request to the Director in writing and shall state the reason  
24 for the request.

25 **"§ 143C-8-10. Project Reserve Account.**

26 (a) Project Reserve Account. – The Project Reserve Account is created as a  
27 reserve account within the Capital Project Fund. When a construction contract is entered  
28 for a capital improvement project for which the General Assembly has enacted an  
29 appropriation, the appropriation is encumbered for the project's costs of real property  
30 acquisition, planning, design, site development, construction, contingencies, and other  
31 related costs. If the amount appropriated for the project exceeds the amount  
32 encumbered, the excess shall be credited to the Project Reserve Account, unless  
33 otherwise required by law. The Director may authorize funds in the Account to be used  
34 for any of the following:

- 35 (1) An emergency repair and renovation project at a State facility.  
36 (2) The award of a project contract when bids for the contract exceed the  
37 amount appropriated for it if the project was designed within the scope  
38 intended by the appropriation and if the Director finds that all means to  
39 award the contract within the appropriation were reasonably attempted.  
40 (3) A reversion to the principal fund from which revenue was appropriated  
41 for a project when the amount encumbered for the project is less than  
42 the amount appropriated.

1 (b) Reporting Requirement. – Whenever the Director authorizes the use of funds  
2 from the Project Reserve Account, the Director shall report the action to the Joint  
3 Legislative Commission on Governmental Operations at its next meeting.

4 **"§ 143C-8-11. Reversion of appropriation and lapse of project authorization.**

5 (a) Reversion of Appropriation. – A State agency shall begin construction of an  
6 authorized capital improvement project during the fiscal year in which the funds are  
7 appropriated. If it does not, the Director may credit the appropriation to the Project

1    **"§ 62-302. Regulatory fee.**

2       (a)    Fee Imposed. – It is the policy of the State of North Carolina to provide fair  
3 regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The  
4 cost of regulating public utilities is a burden incident to the privilege of operating as a  
5 public utility. Therefore, for the purpose of defraying the cost of regulating public  
6 utilities, every public utility subject to the jurisdiction of the Commission shall pay a  
7 quarterly regulatory fee, in addition to all other fees and taxes, as provided in this  
8 section. The fees collected shall be used only to pay the expenses of the Commission  
9 and the Public Staff in regulating public utilities in the interest of the public.

10       It is also the policy of the State to provide limited oversight of certain electric  
11 membership corporations as provided in G.S. 62-53. Therefore, for the purpose of  
12 defraying the cost of providing the oversight authorized by G.S. 62-53 and  
13 G.S. 117-18.1, each fiscal year each electric membership corporation whose principal  
14 purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as  
15 provided in G.S. 117-16 shall pay an annual fee as provided in this section.

16       (b)    Public Utility Rate. –

17           (1)    Repealed by Session Laws 2000-140, s. 56, effective July 21, 2000.

18           (2)    The public utility regulatory fee for each fiscal year shall be the greater  
19 of (i) a percentage rate, established by the General Assembly, of each  
20 public utility's North Carolina jurisdictional revenues for each quarter  
21 or (ii) six dollars and twenty-five cents (\$6.25) each quarter.

22           When the Commission prepares its budget request for the  
23 upcoming fiscal year, the Commission shall propose a percentage rate  
24 of the public utility regulatory fee. For fiscal years beginning in an  
25 odd-numbered year, that proposed rate shall be included in the budget  
26 message the Governor submits to the General Assembly pursuant to  
27 ~~G.S. 143-11.~~ G.S. 143C-3-5. For fiscal years beginning in an  
28 even-numbered year, that proposed rate shall be included in a special  
29 budget message the Governor shall submit to the General Assembly.  
30 The General Assembly shall set the percentage rate of the public utility  
31 regulatory fee by law.

32           The percentage rate may not exceed the amount necessary to  
33 generate funds sufficient to defray the estimated cost of the operations  
34 of the Commission and the Public Staff for the upcoming fiscal year,  
35 including a reasonable margin for a reserve fund. The amount of the  
36 reserve may not exceed the estimated cost of operating the  
37 Commission and the Public Staff for the upcoming fiscal year. In  
38 calculating the amount of the reserve, the General Assembly shall  
39 consider all relevant factors that may affect the cost of operating the  
40 Commission or the Public Staff or a possible unanticipated increase or  
41 decrease in North Carolina jurisdictional revenues.

42           (3)    If the Commission, the Public Staff, or both experience a revenue  
43 shortfall, the Commission shall implement a temporary public utility  
44 regulatory fee surcharge to avert the deficiency that would otherwise

1 occur. In no event may the total percentage rate of the public utility  
2 regulatory fee plus any surcharge established by the Commission  
3 exceed twenty-five hundredths percent (0.25%).

4 (4) As used in this section, the term "North Carolina jurisdictional  
5 revenues" means all revenues derived or realized from intrastate  
6 tariffs, rates, and charges approved or allowed by the Commission or  
7 collected pursuant to Commission order or rule, but not including  
8 tap-on fees or any other form of contributions in aid of construction.

9 (b1) Electric Membership Corporation Rate. – The electric membership  
10 corporation regulatory fee for each fiscal year shall be a dollar amount as established by  
11 the General Assembly by law.

12 When the Commission prepares its budget request for the upcoming fiscal year, the  
13 Commission shall propose the amount of the electric membership corporation  
14 regulatory fee. For fiscal years beginning in an odd-numbered year, the proposed  
15 amount shall be included in the budget message the Governor submits to the General  
16 Assembly pursuant to ~~G.S. 143-11.~~ G.S. 143C-3-5. For fiscal years beginning in an  
17 even-numbered year, the proposed amount shall be included in a special budget  
18 message the Governor shall submit to the General Assembly.

19 The amount of the electric membership corporation regulatory fee proposed by the  
20 Commission may not exceed the amount necessary to defray the estimated cost of the  
21 operations of the Commission and the Public Staff for the regulation of the electric  
22 membership corporations in the upcoming fiscal year, including a reasonable margin for  
23 a reserve fund. The amount of the reserve may not exceed the estimated cost of the  
24 Commission and the Public Staff for the regulation of the electric membership  
25 corporations for the upcoming fiscal year.

26 (c) When Due. – The electric membership corporation regulatory fee imposed  
27 under this section shall be paid in quarterly installments. The fee is due and payable to  
28 the Commission on or before the 15th day of the second month following the end of  
29 each quarter.

30 The public utility regulatory fee imposed under this section is due and payable to the  
31 Commission on or before the 15th day of the second month following the end of each  
32 quarter. Every public utility subject to the public utility regulatory fee shall, on or before  
33 the date the fee is due for each quarter, prepare and render a report on a form prescribed  
34 by the Commission. The report shall state the public utility's total North Carolina  
35 jurisdictional revenues for the preceding quarter and shall be accompanied by any  
36 supporting documentation that the Commission may by rule require. Receipts shall be  
37 reported on an accrual basis.

38 If a public utility's report for the first quarter of any fiscal year shows that  
39 application of the percentage rate would yield a quarterly fee of twenty-five dollars  
40 (\$25.00) or less, the public utility shall pay an estimated fee for the entire fiscal year in  
41 the amount of twenty-five dollars (\$25.00). If, after payment of the estimated fee, the  
42 public utility's subsequent returns show that application of the percentage rate would  
43 yield quarterly fees that total more than twenty-five dollars (\$25.00) for the entire fiscal  
44 year, the public utility shall pay the cumulative amount of the fee resulting from

1 application of the percentage rate, to the extent it exceeds the amount of fees, other than  
2 any surcharge, previously paid.

3 (d) Use of Proceeds. – A special fund in the office of State Treasurer, the Utilities  
4 Commission and Public Staff Fund, is created. The fees collected pursuant to this  
5 section and all other funds received by the Commission or the Public Staff, except for  
6 the clear proceeds of civil penalties collected pursuant to G.S. 62-50(d) and the clear  
7 proceeds of funds forfeited pursuant to G.S. 62-310(a), shall be deposited in the Utilities  
8 Commission and Public Staff Fund. The Fund shall be placed in an interest bearing  
9 account and any interest or other income derived from the Fund shall be credited to the  
10 Fund. Moneys in the Fund shall only be spent pursuant to appropriation by the General  
11 Assembly.

12 The Utilities Commission and Public Staff Fund shall be subject to the provisions of  
13 the ~~Executive Budget Act~~ State Budget Act except that no unexpended surplus of the  
14 Fund shall revert to the General Fund. All funds credited to the Utilities Commission  
15 and Public Staff Fund shall be used only to pay the expenses of the Commission and the  
16 Public Staff in regulating public utilities in the interest of the public as provided by this  
17 Chapter and in regulating electric membership corporations as provided in  
18 G.S. 117-18.1.

19 The clear proceeds of civil penalties collected pursuant to G.S. 62-50(d) and the  
20 clear proceeds of funds forfeited pursuant to G.S. 62-310(a) shall be remitted to the  
21 Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2."

22 **SECTION 19.** G.S. 62A-22(d) reads as rewritten:

17 limitations upon the issuance of additional revenue bonds as the Board may deem  
18 proper, and such additional bonds shall be issued under such restrictions and limitations  
19 as may be prescribed by such resolution.

20 Prior to the preparation of definitive bonds, the Board may, under like restrictions,  
21 issue interim receipts or temporary bonds, with or without coupons, exchangeable for  
22 definitive bonds when such bonds shall have been executed and are available for  
23 delivery. The Board may also provide for the replacement of any bonds which shall  
24 become mutilated or be destroyed or lost.

25 Bonds may be issued by the Board under the provisions of this Part, subject to the  
26 approval of the Director of the Budget, but without obtaining the consent of any other  
27 commission, board, bureau or agency of the State, and without any other proceedings or  
28 the happening of any other conditions or things than those consents, proceedings,  
29 conditions or things which are specifically required by this Part.

30 Revenue bonds issued under the provisions of this Part shall not be deemed to  
31 constitute a debt of the State of North Carolina or a pledge of the faith and credit of the  
32 State, but such bonds shall be payable solely from the funds herein provided therefor  
33 and a statement to that effect shall be recited on the face of the bonds.

34 The Board is hereby authorized to issue, subject to the approval of the Director of  
35 the Budget, at one time or from time to time, revenue bond anticipation notes of the  
36 Board in anticipation of the issuance of bonds authorized pursuant to the provisions of  
37 this Part. The principal of and the interest on such notes shall be payable solely from the

1 at the option of the Board, at such price or prices and under such terms and conditions  
2 as may be fixed by the Board prior to the issuance of the notes. The Board shall  
3 determine the form and manner of execution of the notes, including any interest  
4 coupons to be attached thereto, and shall fix the denomination or denominations of the  
5 notes and the place or places of payment of principal and interest, which may be at any  
6 bank or trust company within or without the State. In case any officer, whose signature  
7 or a facsimile of whose signature shall appear on any notes or coupons, shall cease to be  
8 such officer before the delivery of such notes, such signature or such facsimile shall  
9 nevertheless be valid and sufficient for all purposes the same as if he had remained in  
10 office until such delivery. Notwithstanding any of the other provisions of this Part or  
11 any recitals in any notes issued under the provisions of this Part, all such notes shall be  
12 deemed to be negotiable instruments under the laws of this State. The notes may be  
13 issued in coupon or registered form or both, as the Board may determine, and provision  
14 may be made for the registration of any coupon notes as to principal alone and also as to  
15 both principal and interest, and for the reconversion into coupon notes of any notes  
16 registered as to both principal and interest. The Board may sell such notes in such  
17 manner, at public or private sale, and for such price, as it may determine to be for the  
18 best interests of the University.

19 The proceeds of the notes of each issue shall be used solely for the purpose for  
20 which the bonds in anticipation of which such notes are being issued shall have been  
21 authorized, and such note proceeds shall be disbursed in such manner and under such  
22 restrictions, if any, as the Board may provide in the resolution authorizing the issuance  
23 of such notes or bonds.

24 The resolution providing for the issuance of notes or bonds may also contain such  
25 limitations upon the issuance of additional notes as the Board may deem proper, and  
26 such additional notes shall be issued under such restrictions and limitations as may be  
27 prescribed by such resolution.

28 Notes may be issued by the Board under the provisions of this Part, subject to the  
29 approval of the Director of the Budget, but without obtaining the consent of any other  
30 commission, board, bureau or agency of the State, and without any other proceedings or  
31 the happening of any other conditions or things than those consents, proceedings,  
32 conditions or things which are specifically required by this Part.

33 Revenue bond anticipation notes issued under the provisions of this Part shall not be  
34 deemed to constitute a debt of the State of North Carolina or a pledge of the faith and  
35 credit of the State, but such notes shall be payable solely from the funds herein provided  
36 therefor and a statement to that effect shall be recited on the face of the notes.

37 Unless the context shall otherwise indicate, the word "bonds," wherever used in this  
38 Part, shall be deemed and construed to include the words "bond anticipation notes."

30 burden incident to the privilege of operating as an electric or telephone membership  
31 corporation. Therefore, for the purpose of defraying the cost of regulating electric and  
32 telephone membership corporations, every electric and telephone membership  
33 corporation subject to the jurisdiction of the Authority shall pay a quarterly regulatory  
34 fee, in addition to all other fees and taxes, as provided in this section. The fees collected

12 to defray the estimated cost of the operations of the Authority for the upcoming fiscal  
13 year, including a reasonable margin for a reserve fund. The amount of the reserve may  
14 not exceed the estimated cost of operating the Authority for the upcoming fiscal year. In  
15 calculating the amount of the reserve, the General Assembly shall consider all relevant  
16 factors that may affect the cost of operating the Authority or a possible unanticipated  
17 increase or decrease in North Carolina electric meters and North Carolina telephone

29 North Carolina Rural Electrification Authority Fund (NCREA Fund), is created. The  
30 fees collected pursuant to this section and all other funds received by the Authority shall  
31 be deposited in the NCREA Fund. The NCREA Fund shall be placed in an interest  
32 bearing account and any interest or other income derived from the NCREA Fund shall  
33 be credited to the NCREA Fund. Moneys in the NCREA Fund shall only be spent

    - 36 made after the contract for such work has been awarded.
  - 37 b. To assist, as necessary, all agencies in the preparation of
  - 38 requests for appropriations for the construction or renovation of
  - 39 all State buildings.
  - 40 b1. To certify that a statement of needs pursuant to ~~G.S. 143-6~~
  - 41 G.S. 143C-3-3 is feasible. For purposes of this sub-subdivision,
  - 42 "feasible" means that the proposed project is sufficiently
  - 43 defined in overall scope; building program; site development;
  - 44 detailed design, construction, and equipment budgets; and

1 comprehensive project scheduling so as to reasonably ensure  
 2 that it may be completed with the amount of funds requested.  
 3 At the discretion of the General Assembly, advanced planning  
 4 funds may be appropriated in support of this certification. This  
 5 sub-subdivision shall not apply to requests for appropriations of  
 6 less than one hundred thousand dollars (\$100,000).

7 c. To supervise the letting of all contracts for the design,  
 8 construction or renovation of all State buildings and all  
 9 community college buildings whose plans and specifications  
 10 must be examined and approved under a.2. of this subdivision.

11 d. To supervise and inspect all work done and materials used in  
 12 the construction or renovation of all State buildings and all  
 13 community college buildings whose plans and specifications  
 14 must be examined and approved under a.2. of this subdivision;  
 15 and no such work may be accepted by the State or by any State  
 16 agency until it has been approved by the Department.

17 Except for sub-subdivisions b. and b1. of this subdivision, this  
 18 subdivision does not apply to the design, construction, or renovation of  
 19 projects by The University of North Carolina pursuant to  
 20 G.S. 116-31.11."

21 **SECTION 97.** G.S. 143-341(8) reads as rewritten:

22 **"§ 143-341. Powers and duties of Department.**

23 The Department of Administration has the following powers and duties:

24 ...

25 (8) General Services:

26 a. To locate, maintain and care for public buildings and grounds;  
 27 to establish, locate, maintain, and care for walks, driveways,  
 28 trees, shrubs, flowers, fountains, monuments, memorials,  
 29 markers, and tablets on public grounds; and to beautify the  
 30 public grounds.

31 b. To provide necessary and adequate cleaning and janitorial  
 32 service, elevator operation service, and other operation or  
 33 maintenance services for the public buildings and grounds.

34 c. To provide necessary night watchmen for the public buildings  
 35 and grounds.

36 d. To make prompt repair of all public buildings and the  
 37 equipment, furniture, and fixtures thereof; and to establish and  
 38 operate shops for that purpose.

39 e. To keep in repair, out of funds appropriated for that purpose,  
 40 the furniture of the halls of the Senate and House of  
 41 Representatives and the rooms of the Capitol used by the  
 42 officers, clerks, and other employees of the General Assembly.

43 f. Struck out by Session Laws 1959, c. 68, s. 3.

- 1           g.     To establish and operate a mail service center that shall be used  
2           by all State agencies other than the Employment Security  
3           Commission, and in connection therewith and in the discretion  
4           of the Secretary, to do all things necessary in connection with  
5           the maintenance of the mail service center. The Secretary shall  
6           allocate and charge against the respective departments and  
7           agencies their proportionate parts of the cost of the maintenance  
8           of the mail service center. The Secretary shall develop a plan  
9           for the efficient operation of the center that meets the needs of  
10          State agencies, ensures timely delivery of mail, and ensures no  
11          loss of federal funds.
- 12          h.     To provide necessary and adequate messenger service for the  
13          State agencies served by the Department. However, this may  
14          not be construed as preventing the employment and control of  
15          messengers by any State agency when those messengers are  
16          compensated out of the funds of the employing agency.
- 17          i.     To establish and operate a central motor pool and such  
18          subsidiary related facilities as the Secretary may deem  
19          necessary, and to that end:
- 20                1.     To establish and operate central facilities for the  
21                maintenance, repair, and storage of state-owned  
22                passenger motor vehicles for the use of State agencies; to  
23                utilize any available State facilities for that purpose; and  
24                to establish such subsidiary facilities as the Secretary  
25                may deem necessary.
- 26                2.     To acquire passenger motor vehicles by transfer from  
27                other State agencies and by purchase. All motor vehicles  
28                transferred to or purchased by the Department shall  
29                become part of a central motor pool.
- 30                3.     To require on a schedule determined by the Department  
31                all State agencies to transfer ownership, custody or  
32                control of any or all passenger motor vehicles within the  
33                ownership, custody or control of that agency to the  
34                Department, except those motor vehicles under the  
35                ownership, custody or control of the Highway Patrol or  
36                the State Bureau of Investigation which are used  
37                primarily for law-enforcement purposes, and except  
38                those motor vehicles under the ownership, custody or  
39                control of the Department of Crime Control and Public  
40                Safety for Butner Public Safety which are used primarily  
41                for law-enforcement, fire, or emergency purposes.
- 42                4.     To maintain, store, repair, dispose of, and replace  
43                state-owned motor vehicles under the control of the  
44                Department, using best management practices. The

1 Department shall ensure that state-owned vehicles are  
2 replaced when most cost effective using a replacement  
3 formula developed by the Department and reviewed  
4 periodically for appropriateness of use. The Department  
5 shall report semiannually to the cochairs of the Joint  
6 Appropriations Subcommittee on General Government,  
7 on or before October 15 and March 15, on the effect of  
8 any new or revised replacement formula on the cost of  
9 operating the central motor pool, including the amount of  
10 any savings from use of any new or revised replacement  
11 formula.

- 12 5. Upon proper requisition, proper showing of need for use  
13 on State business only, and proper showing of proof that  
14 all persons who will be driving the motor vehicle have  
15 valid drivers' licenses, to assign economically suitable  
16 transportation, either on a temporary or permanent basis,  
17 to any State employee or agency. An agency assigned a  
18 motor vehicle may not allow a person to operate that  
19 motor vehicle unless that person displays to the agency  
20 and allows the agency to copy that person's valid driver's  
21 license. Notwithstanding G.S. 20-30(6), persons or  
22 agencies requesting assignment of motor vehicles may  
23 photostat or otherwise reproduce drivers' licenses for  
24 purposes of complying with this subpart.

25 As used in this subpart, "economically suitable  
26 transportation" means the most cost-effective standard  
27 vehicle in the State motor fleet, unless special towing  
28 provisions are required by the agency. The Department  
29 may not assign any employee or agency a motor vehicle  
30 that is not economically suitable. The Department shall  
31 not approve requests for vehicle assignment or  
32 reassignment when the purpose of that assignment or  
33 reassignment is to provide any employee with a newer or  
34 lower mileage vehicle because of his or her rank,  
35 management authority, or length of service or because of  
36 any non-job-related reason. The Department shall not  
37 assign "special use" vehicles, such as four-wheel drive  
38 vehicles or law enforcement vehicles, to any agency or  
39 individual except upon written justification, verified by  
40 historical data, and accepted by the Secretary. The  
41 Department may provide law enforcement vehicles only  
42 to those agencies which have statutory pursuit authority.

- 43 6. To allocate and charge against each State agency to  
44 which transportation is furnished, on a basis of mileage

1 or of rental, its proportionate part of the cost of  
2 maintenance and operation of the motor pool.

3 The amount allocated and charged by the Department  
4 of Administration to State agencies to which  
5 transportation is furnished shall be at least as follows:

6 I. Pursuit vehicles and full size four-wheel drive  
7 vehicles \$.24/mile.

8 II. Vans and compact four-wheel drive vehicles –  
9 \$.22/mile.

10 III. All other vehicles – \$.20/mile.

11 7. To adopt, with the approval of the Governor, reasonable  
12 rules for the efficient and economical operation,  
13 maintenance, repair, and replacement, as limited in  
14 paragraph 4. of this subdivision, of all state-owned motor  
15 vehicles under the control of the Department, and to  
16 enforce those rules; and to adopt, with the approval of  
17 the Governor, reasonable rules regulating the use of  
18 private motor vehicles upon State business by the  
19 officers and employees of State agencies, and to enforce  
20 those rules. The Department, with the approval of the  
21 Governor, may delegate to the respective heads of the  
22 agencies to which motor vehicles are permanently  
23 assigned by the Department the duty of enforcing the  
24 rules adopted by the Department pursuant to this  
25 paragraph. Any person who violates a rule adopted by  
26 the Department and approved by the Governor is guilty  
27 of a Class 1 misdemeanor.

28 7a. To adopt with the approval of the Governor and to  
29 enforce rules and to coordinate State policy regarding (i)  
30 the permanent assignment of state-owned passenger  
31 motor vehicles and (ii) the use of and reimbursement for  
32 those vehicles for the limited commuting permitted by  
33 this subdivision. For the purpose of this subdivision 7a,  
34 "state-owned passenger motor vehicle" includes any  
35 state-owned passenger motor vehicle, whether or not  
36 owned, maintained or controlled by the Department of  
37 Administration, and regardless of the source of the funds  
38 used to purchase it. Notwithstanding the provisions of  
39 G.S. 20-190 or any other provisions of law, all  
40 state-owned passenger motor vehicles are subject to the  
41 provisions of this subdivision 7a; no permanent  
42 assignment shall be made and no one shall be exempt  
43 from payment of reimbursement for commuting or from  
44 the other provisions of this subdivision 7a except as

1 provided by this subdivision 7a. Commuting, as defined  
2 and regulated by this subdivision, is limited to those  
3 specific cases in which the Secretary has received and  
4 accepted written justification, verified by historical data.  
5 The Department shall not assign any state-owned motor  
6 vehicle that may be used for commuting other than those  
7 authorized by the procedure prescribed in this  
8 subdivision.

9 A State-owned passenger motor vehicle shall not be  
10 permanently assigned to an individual who is likely to  
11 drive it on official business at a rate of less than 3,150  
12 miles per quarter unless (i) the individual's duties are  
13 routinely related to public safety or (ii) the individual's  
14 duties are likely to expose the individual routinely to  
15 life-threatening situations. A State-owned passenger  
16 motor vehicle shall also not be permanently assigned to  
17 an agency that is likely to drive it on official business at  
18 a rate of less than 3,150 miles per quarter unless the  
19 agency can justify to the Division of Motor Fleet  
20 Management the need for permanent assignment because  
21 of the unique use of the vehicle. Each agency, other than  
22 the Department of Transportation, that has a vehicle  
23 assigned to it or has an employee to whom a vehicle is  
24 assigned shall submit a quarterly report to the Division  
25 of Motor Fleet Management on the miles driven during  
26 the quarter by the assigned vehicle. The Division of  
27 Motor Fleet Management shall review the report to  
28 verify that each motor vehicle has been driven at the  
29 minimum allowable rate. If it has not and if the  
30 department by whom the individual to which the car is  
31 assigned is employed or the agency to which the car is  
32 assigned cannot justify the lower mileage for the quarter,  
33 the permanent assignment shall be revoked immediately.  
34 The Department of Transportation shall submit an annual  
35 report to the Division of Motor Fleet Management on the  
36 miles driven during the year by vehicles assigned to the  
37 Department or to employees of the Department. If a  
38 vehicle included in this report has not been driven at  
39 least 12,600 miles during the year, the Department of  
40 Transportation shall review the reasons for the lower  
41 mileage and decide whether to terminate the assignment.  
42 The Division of Motor Fleet Management may not  
43 revoke the assignment of a vehicle to the Department of  
44 Transportation or an employee of that Department for

1 failure to meet the minimum mileage requirement unless  
2 the Department of Transportation consents to the  
3 revocation.

4 Every individual who uses a State-owned passenger  
5 motor vehicle, pickup truck, or van to drive between the  
6 individual's official work station and his or her home,  
7 shall reimburse the State for these trips at a rate  
8 computed by the Department. This rate shall  
9 approximate the benefit derived from the use of the  
10 vehicle as prescribed by federal law. Reimbursement  
11 shall be for 20 days per month regardless of how many  
12 days the individual uses the vehicle to commute during  
13 the month. Reimbursement shall be made by payroll  
14 deduction. Funds derived from reimbursement on  
15 vehicles owned by the Motor Fleet Management  
16 Division shall be deposited to the credit of the Division;  
17 funds derived from reimbursements on vehicles initially  
18 purchased with appropriations from the Highway Fund  
19 and not owned by the Division shall be deposited in a  
20 Special Depository Account in the Department of  
21 Transportation, which shall revert to the Highway Fund;  
22 funds derived from reimbursement on all other vehicles  
23 shall be deposited in a Special Depository Account in the  
24 Department of Administration which shall revert to the  
25 General Fund. Commuting, for purposes of this  
26 paragraph, does not include those individuals whose  
27 office is in their home, as determined by the Department  
28 of Administration, Division of Motor Fleet Management.  
29 Also, this paragraph does not apply to the following  
30 vehicles: (i) clearly marked police and fire vehicles, (ii)  
31 delivery trucks with seating only for the driver, (iii)  
32 flatbed trucks, (iv) cargo carriers with over a 14,000  
33 pound capacity, (v) school and passenger buses with  
34 over 20 person capacities, (vi) ambulances, (vii)  
35 [Repealed]. (viii) bucket trucks, (ix) cranes and derricks,  
36 (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii)  
37 garbage trucks, (xiv) specialized utility repair trucks  
38 (except vans and pickup trucks), (xv) tractors, (xvi)  
39 unmarked law-enforcement vehicles that are used in  
40 undercover work and are operated by full-time, fully  
41 sworn law-enforcement officers whose primary duties  
42 include carrying a firearm, executing search warrants,  
43 and making arrests, and (xvii) any other vehicle  
44 exempted under Section 274(d) of the Internal Revenue

1 Code of 1954, and Federal Internal Revenue Services  
2 regulations based thereon. The Department of  
3 Administration, Division of Motor Fleet Management,  
4 shall report quarterly to the Joint Legislative  
5 Commission on Governmental Operations and to the  
6 Fiscal Research Division of the Legislative Services  
7 Office on individuals who use State-owned passenger  
8 motor vehicles, pickup trucks, or vans between their  
9 official work stations and their homes, who are not  
10 required to reimburse the State for these trips.

11 The Department of Administration shall revoke the  
12 assignment or require the Department owning the vehicle  
13 to revoke the assignment of a State-owned passenger  
14 motor vehicle, pickup truck or van to any individual  
15 who:

- 16 I. Uses the vehicle for other than official business  
17 except in accordance with the commuting rules;
- 18 II. Fails to supply required reports to the Department  
19 of Administration, or supplies incomplete reports,  
20 or supplies reports in a form unacceptable to the  
21 Department of Administration and does not cure  
22 the deficiency within 30 days of receiving a  
23 request to do so;
- 24 III. Knowingly and willfully supplies false  
25 information to the Department of Administration  
26 on applications for permanent assignments,  
27 commuting reimbursement forms, or other  
28 required reports or forms;
- 29 IV. Does not personally sign all reports on forms  
30 submitted for vehicles permanently assigned to  
31 him or her and does not cure the deficiency within  
32 30 days of receiving a request to do so;
- 33 V. Abuses the vehicle; or
- 34 VI. Violates other rules or policy promulgated by the  
35 Department of Administration not in conflict with  
36 this act.

37 A new requisition shall not be honored until the  
38 Secretary of the Department of Administration is assured  
39 that the violation for which a vehicle was previously  
40 revoked will not recur.

41 The Department of Administration, with the approval  
42 of the Governor, may delegate, or conditionally delegate,  
43 to the respective heads of agencies which own passenger  
44 motor vehicles or to which passenger motor vehicles are

1 permanently assigned by the Department, the duty of  
2 enforcing all or part of the rules adopted by the  
3 Department of Administration pursuant to this  
4 subdivision 7a. The Department of Administration, with  
5 the approval of the Governor, may revoke this delegation  
6 of authority.

7 ~~Prior to adopting rules under this paragraph, the~~  
8 ~~Secretary of Administration may consult with the~~  
9 ~~Advisory Budget Commission.~~

10 Notwithstanding the provisions of this section and  
11 G.S. 14-247, the Department of Administration may  
12 allow the organization sanctioned by the Governor's  
13 Council on Physical Fitness to conduct the North  
14 Carolina State Games to use State trucks and vans for the  
15 State Games of North Carolina. The Department of  
16 Administration shall not charge any fees for the use of  
17 the vehicles for the State Games. The State shall incur no  
18 liability for any damages resulting from the use of  
19 vehicles under this provision. The organization that  
20 conducts the State Games shall carry liability insurance  
21 of not less than one million dollars (\$1,000,000)  
22 covering such vehicles while in its use and shall be  
23 responsible for the full cost of repairs to these vehicles if  
24 they are damaged while used for the State Games.

- 25 8. To adopt and administer rules for the control of all  
26 state-owned passenger motor vehicles and to require  
27 State agencies to keep all records and make all reports  
28 regarding motor vehicle use as the Secretary deems  
29 necessary.
- 30 9. To acquire motor vehicle liability insurance on all  
31 State-owned motor vehicles under the control of the  
32 Department.
- 33 10. To contract with the appropriate State prison authorities  
34 for the furnishing, upon such conditions as may be  
35 agreed upon from time to time between such State prison  
36 authorities and the Secretary, of prison labor for use in  
37 connection with the operation of a central motor pool  
38 and related activities.
- 39 11. To report annually to the General Assembly on any rules  
40 adopted, amended or repealed under paragraphs 3, 7, or  
41 7a of this subdivision.
- 42 j. To establish and operate central mimeographing and duplicating  
43 services, central stenographical and clerical pools, and other  
44 central services, if the Governor after appropriate investigation

1 deems it advisable from the standpoint of efficiency and  
2 economy in operation to establish any or all such services. The  
3 Secretary may allocate and charge against the respective  
4 agencies their proportionate part of the cost of maintenance and  
5 operation of the central services which are established, in  
6 accordance with the rules adopted by him and approved by the  
7 Governor and Council of State pursuant to paragraph k, below.  
8 Upon the establishment of central mimeographing and  
9 duplicating services, the Secretary may, with the approval of the  
10 Governor, require any State agency to be served by those  
11 central services to transfer to the Department ownership,  
12 custody, and control of any or all mimeographing and  
13 duplicating equipment and supplies within the ownership,  
14 custody, or control of such agency.

15 k. To require the State agencies and their officers and employees  
16 to utilize the central facilities and services which are  
17 established; and to adopt, with the approval of the Governor and  
18 Council of State, reasonable rules and procedures requiring the  
19 utilization of such central facilities and services, and governing  
20 their operation and the charges to be made for their services.

21 l. To provide necessary information service for visitors to the  
22 Capitol.

23 m. To perform such additional duties and exercise such additional  
24 powers as may be assigned to it by statute or by the Governor."

25 **SECTION 98.** G.S. 143-344(d) is repealed.
