27 assistant under the supervision of an anesthesiologist licensed under
28 Article 1 of this Chapter in accordance with rules adopted by the
29 Board."

30 **SECTION 4.** Article 1 of Chapter 90 of the General Statutes is amended by
31 adding a new section to read:

32 **"§ 90-18.5. Limitations on anesthesiologist assistants.**

33 (a) Any person who is licensed to provide anesthesia services as an assistant to
34 an anesthesiologist licensed under Article 1 of this Chapter may use the title
35 'anesthesiologist assistant.' Any other person who uses the title in any form or holds
36 himself or herself out to be an anesthesiologist assistant or to be so licensed without first
37 obtaining a license shall be deemed in violation of this Article. A student in any
38 anesthesiologist assistant training program shall be identified as a 'student
39 anesthesiologist assistant' or an 'anesthesiologist assistant student,' but under no
40 circumstances shall the student use or permit to be used on the student's behalf, the
41 terms 'intern,' 'resident,' or 'fellow.' Nothing in this subsection shall limit or expand the
42 scope of practice of physician assistants under existing law.

1 (b) Anesthesiologist assistants are authorized to provide anesthesia services
2 under the supervision of an anesthesiologist licensed under Article 1 of this Chapter
3 under the following conditions:

- 4 (1) The North Carolina Medical Board has adopted regulations governing
5 the provision of anesthesia services by an anesthesiologist assistant
6 consistent with the requirements of subsection (c) of this section.
7 (2) The anesthesiologist assistant holds a current license issued by the
8 Board or is a student anesthesiologist assistant participating in a
9 training program leading to certification by the National Commission
10 for Certification of Anesthesiologist Assistants and licensure as an
11 anesthesiologist assistant under G.S. 90-11(a1).

12 (c) The North Carolina Medical Board shall adopt rules to implement this section
13 that include requirements and limitations on the provision of anesthesia services by an
14 anesthesiologist assistant as determined by the Board to be in the best interests of
15 patient health and safety. Rules adopted by the Board pursuant to this section shall
16 include the following requirements:

- 17 (1) That an anesthesiologist assistant be supervised by an anesthesiologist
18 licensed under Article 1 of this Chapter who is actively engaged in
19 clinical practice and immediately available on-site to provide
20 assistance to the anesthesiologist assistant. One anesthesiologist may
21 supervise no more than two licensed anesthesiologist assistants at one
22 time. However, the limitation shall in no way restrict the number of
23 other qualified anesthesia service providers an anesthesiologist may
24 concurrently supervise.
25 (2) That no more than two student anesthesiologist assistants be
26 supervised by one anesthesiologist at one time. However, the
27 limitation shall in no way restrict the number of other qualified
28 anesthesia providers an anesthesiologist may concurrently supervise.
29 (3) That anesthesiologist assistants comply with all continuing education
30 requirements and recertification requirements of the National
31 Commission for Certification of Anesthesiologist Assistants or its
32 successor organization.

33 After January 1, 2010, the Board may, by rule, allow an anesthesiologist to supervise up
34 to four licensed anesthesiologist assistants concurrently and revise the supervision
35 limitations of student anesthesiologist assistants such that the supervision requirements
36 for student anesthesiologist assistants are similar to the supervision requirements for
37 student nurse anesthetists."

38 **SECTION 5.** This act is effective when it becomes law.
