A BILL TO BE ENTITLED
AN ACT TO CLARIFY THE PROCEDURE FOR SATELLITE-BASED
MONITORING OF SEX OFFENDERS AND TO MAKE OTHER CHANGES TO
THE SEX OFFENDER LAWS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-208.40 reads as rewritten:

"§ 14-208.40. Establishment of program; creation of guidelines; duties.

(a) The Department of Correction shall establish a sex offender monitoring program that uses a continuous satellite-based monitoring system and shall create guidelines to govern the program. The program shall be designed to monitor two categories of offenders as follows:

- (1) Any offender who is convicted of a reportable conviction as defined by G.S. 14-208.6(4) and who is required to register under Part 3 of Article 27A of Chapter 14 of the General Statutes because the defendant is classified as a sexually violent predator, is a recidivist, or was convicted of an aggravated offense as those terms are defined in G.S. 14-208.6. ~~An offender in this category who is ordered by the court to submit to satellite based monitoring is subject to that requirement for the person's natural life, unless the requirement is terminated pursuant to G.S. 14-208.36.~~
- (2) Any offender who satisfies all of the following criteria: (i) is convicted of a reportable conviction as defined by G.S. 14-208.6(4), (ii) is required to register under Part 2 of Article 27A of Chapter 14 of the General Statutes, (iii) has committed an offense involving the physical, mental, or sexual abuse of a minor, and (iv) based on the Department's risk assessment program requires the highest possible level of supervision and monitoring. ~~An offender in this category who is ordered by the court to submit to satellite based monitoring is subject to that requirement only for the period of time ordered by the~~

1 court and is not subject to a requirement of lifetime satellite-based
2 monitoring.

3 (b) In developing the guidelines for the program, the Department shall require
4 that any offender who is enrolled in the satellite-based program submit to an active
5 continuous satellite-based monitoring program, unless an active program will not work
6 as provided by this section. If the Department determines that an active program will
7 not work as provided by this section, then the Department shall require that the
8 defendant submit to a passive continuous satellite-based program that works within the
9 technological or geographical limitations.

10 (c) The satellite-based monitoring program shall use a system that provides all of
11 the following:

12 (1) Time-correlated and continuous tracking of the geographic location of
13 the subject using a global positioning system based on satellite and
14 other location tracking technology.

15 (2) Reporting of subject's violations of prescriptive and proscriptive
16 schedule or location requirements. Frequency of reporting may range
17 from once a day (passive) to near real-time (active).

18 (d) The Department may contract with a single vendor for the hardware services
19 needed to monitor subject offenders and correlate their movements to reported crime
20 incidents. The contract may provide for services necessary to implement or facilitate
21 any of the provisions of this Part."

22 **SECTION 2.** Article 27A of Chapter 14 of the General Statutes is amended
23 by adding a new section to read:

24 **"§ 14-208.40A. Determination of satellite-based monitoring requirement by court.**

25 (a) When an offender is convicted of a reportable conviction as defined by
26 G.S. 14-208.6(4), during the sentencing phase, the district attorney shall present to the
27 court any evidence that (i) the offender is a recidivist, (ii) the conviction offense was an
28 aggravated offense, or (iii) the offense involved the physical, mental, or sexual abuse of
29 a minor. The district attorney shall have no discretion to withhold any evidence required
30 to be submitted to the court pursuant to this subsection.

31 The offender shall be allowed to present to the court any evidence that the district
32 attorney's evidence is not correct.

33 (b) After receipt of the evidence from the parties, the court shall determine
34 whether the offender's conviction places the offender in one of the categories described
35 in G.S. 14-208.33(a), and if so, shall make a finding of fact of that determination,
36 specifying whether (i) the offender is a recidivist, (ii) the conviction offense was an
37 aggravated offense, or (iii) the offense involved the physical, mental, or sexual abuse of
38 a minor.

39 (c) Upon finding that the offender is a recidivist, or has committed an aggravated
40 offense, the court shall order the offender to enroll in a satellite-based monitoring
41 program for life.

42 (d) Upon finding that the offender committed an offense that involved the
43 physical, mental, or sexual abuse of a minor, the court shall order that the Department
44 do a risk assessment of the offender. The Department shall have a minimum of 30 days,

1 but not more than 60 days, to complete the risk assessment of the offender and report
2 the results to the court.

3 (e) Upon receipt of a risk assessment from the Department pursuant to subsection
4 (d) of this section, the court shall determine whether, based on the Department's risk
5 assessment, the offender requires the highest possible level of supervision and
6 monitoring. If the court determines that the offender does require the highest possible
7 level of supervision and monitoring, the court shall order the offender to enroll in a
8 satellite-based monitoring program for a period of time to be specified by the court."

9 **SECTION 3.** Article 27A of Chapter 14 of the General Statutes is amended
10 by adding a new section to read:

11 "**§ 14-208.40B. Determination of satellite-based monitoring requirement in certain**
12 **circumstances; right to hearing.**

13 (a) The Department shall make a determination to require satellite-based
14 monitoring for an offender who has been convicted of a reportable conviction as defined
15 by G.S. 14-208.6(4), and who has not had a determination by a court on whether the
16 offender shall be required to enroll in satellite-based monitoring.

17 (b) If the Department determines that the offender falls into one of the categories
18 described in G.S. 14-208.33(a), the offender shall be required to enroll in satellite-based
19 monitoring.

20 (c) After enrolling in satellite-based monitoring, the offender may file a petition
21 with the court of the county in which the offender resides. Upon the receipt of the
22 petition, the court shall hold a hearing within 10 days to determine if the offender falls
23 into one of the categories described in G.S. 14-208.33(a). The court shall hold the
24 hearing and make findings of fact pursuant to G.S. 14-208.33A.

25 If the court finds that (i) the offender is a recidivist, (ii) the conviction offense was
26 an aggravated offense, or (iii) the offense involved the physical, mental, or sexual abuse
27 of a minor, the court shall order the offender to enroll in satellite-based monitoring for
28 the appropriate period, as set forth in G.S. 14-208.33A.

29 If the court finds that the offender does not fall into one of the categories described
30 in G.S. 14-208.33(a), the offender shall be released from the satellite-based monitoring
31 program, and the Department shall remove and receive all satellite-based monitoring
32 equipment from the offender as soon as possible."

33 **SECTION 4.** Article 27A of Chapter 14 of the General Statutes is amended
34 by adding a new section to read:

35 "**§ 14-208.40C. Requirements of enrollment.**

36 (a) Any offender required to enroll in satellite-based monitoring pursuant to
37 G.S. 14-208.33A who receives an active sentence shall be enrolled and receive the
38 appropriate equipment prior to the offender's release from the Division of Prisons.

39 (b) Any offender required to enroll in satellite-based monitoring pursuant to
40 G.S. 14-208.33A who receives an intermediate sentence shall, immediately upon
41 sentencing, report to the Division of Community Corrections for enrollment in the
42 satellite-based monitoring program, and, if necessary, shall return at any time
43 designated by that Division to receive the appropriate equipment. If the intermediate
44 sentence includes a required period of imprisonment, the offender shall not be required

1 to be enrolled in the satellite-based monitoring program during the period of
2 imprisonment.

3 (c) Any offender required to enroll in satellite-based monitoring pursuant to
4 G.S. 14-208.33A who receives a community service sentence shall, immediately upon

7 designated by that Division to receive the appropriate equipment."

8 **SECTION 5.** Article 27A of Chapter 14 of the General Statutes is amended
9 by adding a new section to read:

10 **"§ 14-208.40D. Notification of certain offenders.**

11 Any offender subject to this Article that is not under Department supervision at the
12 time the Department determines that the offender must enroll in satellite-based
13 monitoring shall be notified by the Department of the requirement that they enroll. The
14 notification shall be sent by certified mail to the address provided by the offender
15 pursuant to G.S. 14-208.7.

16 The notification shall inform the offender of the location the offender is required to
17 appear to enroll in satellite-based monitoring and receive the appropriate equipment.
18 The notification shall state that the offender must appear on a date certain. If the
19 notification is received by the offender after the date provided in the notification, the
20 offender shall appear at the designated location within 10 days of receipt of the
21 notification.

22 For purposes of this section, receipt of notification shall be presumed to be the date
23 indicated by the certified mail receipt."

10 "(b) Regular Conditions. – As regular conditions of probation, a defendant must:

- 11 (1) Commit no criminal offense in any jurisdiction.

28 mental, or sexual abuse of a minor, must:

- 38 (5) Not reside in a household with any minor child if the offense is one in
39 which there is evidence of physical or mental abuse of a minor, unless
40 the court expressly finds that it is unlikely that the defendant's harmful
41 or abusive conduct will recur and that it would be in the minor child's
42 best interest to allow the probationer to reside in the same household
43 with a minor child.

- 1 (6) Satisfy any other conditions determined by the court to be reasonably
2 related to his rehabilitation.

9 Correction, based on the Department's risk assessment program,
10 recommends that the defendant submit to the highest possible level of
11 supervision and monitoring.
- 12 (9) Submit at reasonable times to warrantless searches by a probation
13 officer of the probationer's person and of the probationer's vehicle and
14 premises while the probationer is present, for purposes specified by the

16 probationer may not be required to submit to any other search that
17 would otherwise be unlawful. For purposes of this subdivision,
18 warrantless searches of the probationer's computer or other electronic
19 mechanism which may contain electronic data shall be considered
20 reasonably related to the probation supervision. Whenever the
21 warrantless search consists of testing for the presence of illegal drugs,
22 the probationer may also be required to reimburse the Department of
23 Correction for the actual cost of drug screening and drug testing, if the
24 results are positive.

25 Defendants subject to the provisions of this subsection shall not be placed on
26 unsupervised probation, except as provided in G.S. 14-208.42."
