51 owner of the bond or note if a credit facility supports the bond or note,

1 unless the Local Government Commission specifically determines that a

3 materially and adversely affect the financial position of the Trust and the
4 marketing of the bonds or notes at a reasonable interest cost to the Trust.

5 (2) Be additionally supported by a credit facility.

6 (3) Be made subject to redemption or a mandatory tender for purchase prior to
7 maturity.

20 (d) The validity of a bond, note, or coupon that has the signature or facsimile signature
21 of a person who was an officer when the bond, note, or coupon was signed or the facsimile
22 signature attached but who is not that officer when the bond, note, or coupon is delivered is not
23 affected by the change in officers. A bond, note, or coupon may bear the signature or facsimile
24 signature of a person who will be the proper officer to sign the bond, note, or coupon when it is
25 executed but who is not the officer on the date of the bond, note, or coupon.

40 permitted under G.S. 77-123(a)(22), unless its issuance is approved by the Local Government
41 Commission, and it is sold by the Local Government Commission. To obtain approval of a
42 bond or note, the Trust shall file an application for approval with the Local Government
43 Commission. The application shall contain the information required by the Local Government
44 Commission.

45 In determining whether to approve a proposed bond or note issue of the Trust, the Local
46 Government Commission shall consider the following:

47 (1) For bonds or notes to finance activities of the Trust, the criteria for its
48 approval of revenue bonds under G.S. 159-86.

49 (2) The effect of the proposed financing upon any proposed or scheduled sale of
50 obligations by the State, another State agency, or a unit of local government.

1 The Local Government Commission shall approve the proposed bond or note issue if it
2 determines that the proposed financing for the issue meets the criteria and will effect the
3 purposes of this Article.

4 When the Local Government Commission approves a bond or note issue of the Trust, the
5 Trust may submit a written request to the Local Government Commission to sell the approved
6 bonds or notes. Upon receiving a written request, the Local Government Commission shall
7 consult with the Trust on the manner in which the bonds or notes will be sold and the price or
8 prices at which the bonds or notes will be sold. With the approval of the Trust, the Local
9 Government Commission shall sell the bonds or notes either at public or private sale in the
10 manner and at the prices determined to be in the best interest of the Trust and to effect the
11 purposes of this Article.

12 Bonds or notes may be issued under this Article without obtaining, except as otherwise
13 expressly provided in this Article, the consent of any department, division, commission, board,
14 body, bureau, or other agency of the State or without any other proceedings or conditions
15 except as specifically authorized by this Article or by the provisions of the resolution
16 authorizing the issuance of, or any trust agreement securing, the bonds or notes.

17 (g) Each bond or note that is represented by an instrument shall contain a statement
18 signed by the Secretary of the Local Government Commission, or an assistant designated by
19 the Secretary, certifying that the issuance of the bond or note has been approved under this
20 Article. The signature may be a manual signature or a facsimile signature, as determined by the
21 Local Government Commission. Each bond or note that is not represented by an instrument
22 shall be evidenced by a writing relating to the obligation that identifies the obligation or the
23 issue of which it is a part, contains the signed statement certifying approval of the Local
24 Government Commission that is required on an instrument, and is filed with the Local
25 Government Commission. A certification of approval by the Local Government Commission is
26 conclusive evidence that a bond or note complies with this Article.

27 (h) The proceeds of a bond or note shall be used solely for the purposes for which the
28 bond or note was issued and shall be disbursed in accordance with the resolution authorizing
29 the issuance of the bond or note and with any trust agreement securing the bond or note.

30 (i) Prior to the preparation of definitive bonds, the Trust may issue interim receipts or
31 temporary bonds, with or without coupons, exchangeable for definitive bonds when the bonds
32 have been executed and are available for delivery.

33 (j) The Trust may secure a bond or note issued under this Article by a trust agreement
34 between the Trust and a corporate trustee. The corporate trustee may be any trust company or
35 bank having the powers of a trust company inside or outside the State. The Trust may secure a
36 bond or note issued under this Article by a deed of trust. The trustee of the deed of trust may be
37 an individual who is a resident of the State. A bank or trust company that is incorporated in this
38 State and is a depository of the proceeds of obligations, revenues, or other money of the Trust
39 may furnish indemnifying bonds or pledge securities required by the Trust.

40 The pledge of any assets, income, or revenues of the Trust to the payment of the principal
41 of or the interest on any obligations of the Trust is binding from the time the pledge is made,
42 and any assets, income, or revenues of the Trust are immediately subject to the lien of the
43 pledge without any physical delivery or other act. The lien created by a pledge is binding
44 against all persons who have claims of any kind against the Trust, regardless of whether they
45 have notice of the lien.

46 (k) A resolution authorizing the issuance of a bond or note and a trust agreement
47 securing a bond or note may provide that any moneys held under the resolution or trust
48 agreement may be temporarily invested pending disbursement. Any officer with whom, or any
49 bank or trust company with which, the moneys are deposited is considered a trustee of the
50 moneys and must hold and apply the moneys for their stated purpose in accordance with this

1 Article and the resolution or trust agreement. The Trust may invest any moneys as allowed in
2 G.S. 147-69.1 for investments of the State Treasurer or in this subsection.

3 In connection with or incidental to the acquisition or carrying of any investment relating to
4 bonds, program of investment relating to bonds, or carrying of bonds, the Trust may, with the
5 approval of the Local Government Commission, enter into a contract to place the investment or
6 obligation of the Trust, as represented by the bonds, investment, or program of investment and
7 the contract or contracts, in whole or in part, on an interest rate, currency, cash flow, or other
8 basis, including the following:

- 9 (1) Interest rate swap agreements, currency swap agreements, insurance
10 agreements, forward payment conversion agreements, and futures.
- 11 (2) Contracts providing for payments based on levels of, or changes in, interest
12 rates, currency exchange rates, or stock or other indices.
- 13 (3) Contracts to exchange cash flows or a series of payments.
- 14 (4) Contracts to hedge payment, currency, rate, spread, or similar exposure,
15 including interest rate floors or caps, options, puts, and calls.

16 The Trust may enter a contract of this type in connection with, or incidental to, entering into
17 or maintaining any agreement that secures bonds. A contract shall contain the payment,
18 security, term, default, remedy, and other terms and conditions the Board considers appropriate.
19 The Trust may enter a contract of this type with any person after giving due consideration,
20 where applicable, of the person's creditworthiness as determined by a rating by a nationally
21 recognized rating agency or any other criteria the Board considers appropriate. In connection
22 with, or incidental to, the issuance or carrying of bonds, or the entering of any contract
23 described in this subsection, the Trust may enter into credit enhancement or liquidity
24 agreements, with payment, interest rate, termination date, currency, security, default, remedy,
25 and other terms and conditions as the Trust determines. Proceeds of bonds and any moneys set
26 aside and pledged to secure payment of bonds or any of the contracts entered into under this
27 subsection may be pledged to and used to service any of the contracts entered into under this
28 section.

29 (l) Bonds and notes are exempt from all State, county, and municipal taxation or
30 assessment, direct or indirect, general or special, whether imposed for the purpose of general
31 revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the
32 transfer of bonds and notes, and franchise taxes. The interest on bonds and notes is not subject
33 to taxation as income.

34 (m) Bonds or notes issued under this Article shall not constitute a debt secured by a
35 pledge of the faith and credit of the State or a political subdivision of the State and shall be
36 payable solely from the revenues, income, or assets of the Trust that are pledged for their
37 payment. The face of each bond or note issued shall contain a statement that the Trust is
38 obligated to pay the bond or note or the interest on the bond or note only from the revenues,
39 income, or assets pledged in payment of the bond or note and that neither the faith and credit
40 nor the taxing power of the State or any political subdivision of the State is pledged in payment
41 of the principal of or the interest on the bond or note.

42 (n) The State pledges to the holder of a bond or note issued under this Article that, as
43 long as the bond or note is outstanding and unpaid, the State will not limit or alter the power the
44 Trust had when the bond or note was issued in a way that impairs the ability of the Trust to
45 produce revenues sufficient with other available funds to do all of the following:

- 46 (1) Maintain and operate the project for which the bond or note was issued.
- 47 (2) Pay the principal of, interest on, and redemption premium, if any, of the
48 bond or note.
- 49 (3) Fulfill the terms of an agreement with the holder.

50 The State further pledges to the holder of a bond or note issued under this Article that the
51 State will not impair the rights and remedies of the holder concerning the bond or note.

1 (o) Obligations issued under this Article are made securities in which all public officers
2 and public bodies of the State and its political subdivisions, and all insurance companies, trust
3 companies, banking associations, investment companies, executors, administrators, trustees,
4 and other fiduciaries may properly and legally invest funds, including capital in their control or
5 belonging to them. The obligations are made securities that may properly and legally be
6 deposited with and received by any State or municipal officer or any agency or political
7 subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of
8 the State is now or may be authorized by law.

9 **"§ 77-126. Refunding bonds or notes.**

10 (a) The Trust may issue refunding bonds or notes for the purpose of refunding any
11 outstanding bonds or notes issued under this Article, including any redemption premium on the
12 bonds or notes and any interest accrued or to accrue to the date of redemption. Refunding
13 bonds or notes shall be issued in accordance with the same procedures and requirements as
14 bonds or notes. Refunding bonds or notes may be sold or exchanged for outstanding bonds and
15 notes issued under this Article.

16 Refunding bonds or notes may have different interest rates and maturities than the bonds or
17 notes being refunded. The proceeds of refunding bonds or notes may be applied to any of the
18 following:

- 19 (1) The payment, purchase, and retirement of the bonds or notes being refunded
20 by direct application to the payment, purchase, and retirement.
- 21 (2) The payment, purchase, and retirement of the bonds or notes being refunded
22 by the deposit in trust of the proceeds.
- 23 (3) The payment of any expenses incurred in connection with the refunding.
- 24 (4) For any other uses not inconsistent with the refunding.

25 (b) The proceedings providing for the issuance of refunding bonds or notes may limit
26 the investments in which the proceeds of a particular refunding issue may be invested. Unless
27 prohibited by the proceedings, the proceeds of refunding bonds or notes that are deposited in
28 trust for the payment, purchase, and retirement of outstanding bonds or notes may be invested
29 in any of the following:

- 30 (1) Direct obligations of the United States of America.
- 31 (2) Obligations whose principal and interest are guaranteed by the United States
32 of America.
- 33 (3) Evidences of ownership of a proportionate interest in an obligation that is
34 described in subdivision (1) or (2) of this subsection and is held in a
35 custodial capacity by a bank or trust company organized under the laws of
36 the United States of America or a state.
- 37 (4) Obligations of the State or a unit of local government of the State when
38 payment of the principal of and interest on the obligations has been provided
39 for by depositing with a trustee or other escrow agent obligations that meet
40 all of the following:
 - 41 a. Are described in subdivisions (1), (2), or (3) of this subsection.
 - 42 b. When due and payable, will provide enough money when added to
43 any other money held in trust for this purpose to pay the principal of,
44 premium, if any, and interest on the State or local obligations.
 - 45 c. Are rated in the highest category by Standard & Poor's Corporation
46 and Moody's Investors Service, Inc.
- 47 (5) Obligations of the State or a unit of local government when payment of the
48 principal and interest on the obligations is insured by a bond insurance
49 company rated in the highest category by Standard & Poor's Corporation and
50 Moody's Investors Service, Inc.

1 (6) Full faith and credit obligations of the State or a unit of local government of
2 the State that are rated in the highest category by Standard & Poor's
3 Corporation and Moody's Investors Service, Inc.

4 (7) Any obligations or investments in which the State Treasurer is then
5 authorized to invest funds of the State.

6 (c) This section does not limit any of the following:

7 (1) The period for which the proceeds of refunding bonds or notes may be held
8 in trust to retire the bonds or notes that are being refunded and have not
9 matured, are not redeemable or, if redeemable, have not been called for
10 redemption.

11 (2) The power to issue bonds or notes for the combined purpose of refunding
12 outstanding bonds or notes and of providing funds for any other corporate
13 purpose.

14 **"§ 77-127. Public hearing requirements.**

15 To the extent federal tax law requires public hearings to be held with respect to the issuance
16 of bonds to finance projects, the hearings may be called for by the executive director and held
17 before one or more members of the Board of the Trust. The hearings may be held at any place
18 within the State pursuant to public notice given in accordance with current federal tax
19 regulations. To the extent federal tax law requires approval following the hearing of the
20 issuance of bonds to finance a project, the approval shall be sought from the Governor
21 following a report to the Governor of the results of the public hearing accompanied by
22 information relating to the purposes for the proposed bond issue.

23 **"§ 77-128. Security documents.**

24 Bonds issued under the provisions of this Article may be secured by a security document
25 which may be a trust instrument between the Trust and a bank or trust company or individual
26 within the State, or a bank or a trust company outside the State, as trustee. The security
27 document may pledge and assign the revenues provided for the security of the bonds, including
28 proceeds from the sale of any project, or part thereof, and insurance proceeds, and may convey
29 or mortgage the project and other property to secure a bond issue.

30 The revenues and other funds derived from the project, except for any part as may be
31 necessary to provide reserves therefor, if any, may be set aside at regular intervals as may be
32 provided in the security document in a sinking fund which may be pledged to, and charged
33 with, the payment of the principal of and the interest on the bonds as the same shall become
34 due and the redemption price or the purchase price of bonds retired by call or purchase as
35 provided. The pledge shall be valid and binding from the time when the pledge is made. The
36 revenues pledged and received by the Trust shall immediately be subject to the lien of the
37 pledge without any physical delivery or further act, and the lien of any pledge shall be valid and
38 binding as against all parties having claims of any kind in tort, contract, or otherwise against
39 the Trust, irrespective of whether the parties have notice. The use and disposition of money to
40 the credit of the sinking fund shall be subject to the provisions of the security document. The
41 security document may contain provisions for protecting and enforcing the rights and remedies
42 of the bondholders as may be reasonable and proper and not in violation of law, including,
43 without limitation, any one or more of the following:

44 (1) Acceleration of all amounts payable under the security document.

45 (2) Appointment of a receiver to manage the project and any other property
46 mortgaged or assigned as security for the bonds.

47 (3) Foreclosure and sale of the project and any other property mortgaged or
48 assigned as security for the bonds.

49 (4) Rights to bring and maintain such other actions at law or in equity as may
50 appear necessary or desirable to collect the amounts payable under, or to
51 enforce the covenants made in, the security document.

1 It shall be lawful for any bank or trust company incorporated under the laws of this State
2 which may act as depository of the proceeds of bonds, revenues, or other funds provided under
3 this Article to furnish indemnifying bonds or to pledge securities as may be required by the
4 Trust. All expenses incurred in carrying out the provisions of the security document may be
5 treated as a part of the cost of the project in connection with which bonds are issued or as an
6 expense of administration of the project.

7 The Trust may subordinate the bonds or its rights under the security document or otherwise
8 to any prior, contemporaneous, or future securities or obligations or lien, mortgage, or other
9 security interest.

10 **"§ 77-129. Remedies.**

11 Any owner of bonds or notes issued under the provisions of this Article or any coupons
12 appertaining thereto, and the trustee under any trust agreement securing or resolution
13 authorizing the issuance of such bonds or notes, except to the extent the rights given may be
14 restricted by the trust agreement or resolution, may either at law or in equity, by suit, action,
15 mandamus, or other proceeding, protect and enforce any and all rights under the laws of the
16 State or granted hereunder or under the trust agreement or resolution, or under any other
17 contract executed by the Trust pursuant to this Article, and may enforce and compel the
18 performance of all duties required by this Article or by the trust agreement or resolution by the
19 Trust or by any officer of the Trust.

20 **"§ 77-130. Status of bonds and notes under Uniform Commercial Code.**

21 All bonds and notes and interest coupons, if any, issued under this Article are made
22 investment securities within the meaning of and for all the purposes of Article 8 of the Uniform
23 Commercial Code, as enacted in Chapter 25 of the General Statutes.

24 **"§ 77-131. Officers not liable.**

25 No director or officer of the Trust shall be subject to any personal liability or accountability
26 by reason of the director's or officer's execution of any bonds or notes or the issuance of any
27 bonds or notes.

28 **"§ 77-132. Conflicts of interest.**

29 If any director, officer, or employee of the Trust shall be interested either directly or
30 indirectly, or shall be an officer or employee of or have an ownership interest in any firm or
31 corporation, not including units of local government, interested directly or indirectly, in any
32 contract with the Trust, the interest shall be disclosed to the Board and shall be set forth in the
33 minutes of the Board. The director, officer, or employee having an interest shall not participate
34 on behalf of the Trust in the authorization of any contract. Other provisions of law
35 notwithstanding, failure to take any or all actions necessary to carry out the purposes of this
36 section may not affect the validity of any bonds or notes issued under this Article.

37 **"§ 77-133. Cooperation by other State agencies.**

38 All State officers and agencies shall render the services to the Trust within their respective
39 functions as may be requested by the Trust.

40 **"§ 77-134. Net earnings; disposition and use.**

41 The Yadkin River Trust is a corporation completely owned by and to be operated for the
42 benefit of the people of this State. Any and all net earnings of the Yadkin River Trust not
43 necessary for the prudent conduct and operation of its business in the best interests of the Trust
44 or to pay the principal of and interest on its bonds, notes, or other evidences of indebtedness or
45 other obligations, or to fulfill the terms and provisions of any agreements made with the
46 purchasers or holders thereof or others shall be remitted semiannually to the State Treasurer.
47 The State Treasurer shall disburse the funds received pursuant to this section to the Rural
48 Economic Development Center to fund the North Carolina Infrastructure Program. Nothing in
49 this section shall prohibit the Trust from remitting to the General Fund each year up to one
50 percent (1%) of its projected operating revenues, as such revenues would be determined on an
51 accrual basis, from the combined electric and water systems.

1 **"§ 77-135. Funds of Trust.**

2 All funds of the Trust shall be deposited in one or more banks to be designated by the
3 Board. The Funds shall be paid out only upon warrants signed by the treasurer or assistant
4 treasurer of the Trust and countersigned by the chair, the acting chair, or the executive director.
5 No warrants shall be drawn or issued disbursing any of the funds of the Trust except for a
6 purpose authorized by this Article and only when the account or expenditure has been audited
7 and approved by the Trust or the chairman of the board of directors.

8 **"§ 77-136. Exemption from taxation; payments in lieu of taxes.**

9 (a) Property owned by the Yadkin River Trust is exempt from taxation in accordance
10 with Article V, Section 2 of the North Carolina Constitution, except as provided in this section.

11 (b) The Trust shall pay annually to all counties, municipalities, and school districts in
12 which the Trust has acquired property a sum of money equivalent to the amount paid annually
13 for taxes on properties within these jurisdictions at the time of acquisition of the property by the
14 Trust. Payments shall be apportioned between the counties, municipalities, and school districts
15 in which the property is owned or an operation is carried on by the Trust on the basis of the
16 percentage of loss of property taxes to each. Payments in lieu of taxes shall only be made from
17 the Trust after: (i) payment of necessary operating expenses; (ii) payment of all annual debt
18 requirements on bonds, notes, or other obligations at any time outstanding; and (iii) the
19 discharge of all annual obligations arising under finance agreements with the United States or
20 any agency or corporation of the United States and indentures or other instruments under which
21 bonds have been, or may be, issued.

22 **"§ 77-137. Annual budget and report.**

23 The Yadkin River Trust shall submit a budget for the upcoming fiscal year and a report
24 regarding its operations and transactions for the preceding fiscal year to the Joint Legislative
25 Commission on Governmental Operations, the Joint Legislative Utility Review Committee, and
26 the House and Senate Committees on Appropriations on or before July 1 of each year. The
27 annual report shall include, but not be limited to, the following information: (i) the amount of
28 power and energy produced by the Trust; (ii) financial and operating information for the Trust
29 during the preceding fiscal year, including income and expense statements, balance sheets, and
30 changes in financial position, debt structure, and a summary of funds on a cash basis, all in
31 accordance with generally accepted accounting principles; and (iii) the price of power and
32 energy sold by the Trust."

33 **SECTION 2.** Notwithstanding G.S. 77-122(b), as enacted by Section 1 of this act,
34 in order to provide for the staggering of the terms of the Board of Directors of the Yadkin River
35 Trust, the terms of the initial appointments of the directors made by the Governor shall be made
36 as follows: (i) two shall be for a period of two years; (ii) two shall be for a period of three
37 years; and (iii) three shall be for a period of four years.

38 **SECTION 3.** G.S. 66-58(b) is amended by adding a new subdivision to read:

39 "(b) The provisions of subsection (a) of this section shall not apply to:

40 ...

41 (26) The Yadkin River Trust."

42 **SECTION 4.** This act becomes effective July 1, 2009.
