2 **PART XXI. NORTH CAROLINA MIDWIFERY JOINT COMMITTEE TO STUDY**  
3 **METHODOLOGY FOR LICENSING CERTIFIED PROFESSIONAL MIDWIVES IN**  
4 **THIS STATE (H.B. 333 – England, McLawhorn, Neumann, Wilkins)**

5 **SECTION 21.1.** The North Carolina Midwifery Joint Committee may develop and  
6 propose a methodology for licensing Certified Professional Midwives (CPMs) in the State. In  
7 developing a licensure methodology, the Committee may collaborate with the North Carolina  
8 Obstetrical and Gynecological Society, the North Carolina Section of the American College of  
9 Obstetricians and Gynecologists, and other interested parties. The proposed methodology may  
10 establish standards for education and training of CPMs that are at least as stringent as those put  
11 forth by the American Midwifery Certification Board and may require that CPMs maintain  
12 insurance liability coverage regardless of the setting in which they practice. The Commissioner  
13 of Insurance may provide the Committee with information relating to the access and  
14 availability of such insurance in North Carolina.

15 **SECTION 21.2.** The Committee may report its recommendations and legislative  
16 proposals to the 2010 Regular Session of the 2009 General Assembly on or before its  
17 convening.

18  
19 **PART XXII. UNIVERSITY OF NORTH CAROLINA BOARD OF GOVERNORS TO**  
20 **STUDY THE FEASIBILITY OF IMPLEMENTING A TRIMESTER SYSTEM (H.B.**  
21 **1225 – Haire, Stewart, Rapp, Tolson)**

22 **SECTION 22.1.** The Board of Governors of The University of North Carolina may  
23 study the feasibility of converting the academic calendar for most of the State's university  
24 system from a semester system to a trimester system. The study may include the following  
25 universities: the University of North Carolina at Chapel Hill, North Carolina State University,  
26 the University of North Carolina at Greensboro, the University of North Carolina at Charlotte,  
27 the University of North Carolina at Asheville, the University of North Carolina at Wilmington,  
28 Appalachian State University, East Carolina University, Elizabeth City State University,  
29 Fayetteville State University, North Carolina Agricultural and Technical State University,  
30 North Carolina Central University, the University of North Carolina at Pembroke, Western  
31 Carolina University, and Winston-Salem State University. The study may not include either  
32 the University of North Carolina School of the Arts or the constituent high school, the North  
33 Carolina School of Science and Mathematics.

34 The goal of the study is to evaluate whether switching to a trimester system would  
35 better enable a university to use more fully its campus facilities during the summer while still  
36 maintaining the academic and programmatic integrity of the institution. The Board of  
37 Governors may consider how a conversion to a trimester system could change campus culture  
38 at each university that is included in the study, the challenges of enticing people to participate,  
39 particularly in a summer trimester, and the issues related to workload distribution and student  
40 support. In its study the Board of Governors may also analyze and evaluate how converting to a  
41 trimester system would affect all of the following at each university included in the study:  
42 student life; financial aid; athletic programs; student government; student learning; the need, if  
43 any, for additional faculty, and if additional faculty are needed, then the academic areas in  
44 which they would be needed; faculty research; registration; housing; maintenance; and utilities.

45 **SECTION 22.2.** As part of the study set out in this Part, the Board of Governors  
46 may also design a pilot program to explore the advantages and disadvantages to different types  
47 of campuses in switching to an academic year based on trimesters. The Board of Governors  
48 may identify four of the universities included in the study with different types of campuses to  
49 participate in the pilot program. The Board of Governors may determine the time frame for  
50 implementing the pilot program and the length of time that the pilot program may be  
51 maintained in order to analyze fully the advantages and disadvantages of switching to a

1 trimester system. The Board of Governors may also determine what incentives, if any, may be  
2 offered to encourage students and faculty to participate in the summer trimester. The pilot  
3 program may not be implemented until after the Board of Governors reports to the Joint  
4 Legislative Education Oversight Committee pursuant to this Part and funds are appropriated to  
5 implement the pilot program.

6 **SECTION 22.3.** The Board of Governors may report its findings and  
7 recommendations to the Joint Legislative Education Oversight Committee by December 1,  
8 2009.

9  
10 **PART XXIII. UNC BOARD OF GOVERNORS TO STUDY TRANSFER OF UNC**  
11 **CENTER FOR PUBLIC TELEVISION TO UNC SCHOOL OF THE ARTS (Garrou)**

12 **SECTION 23.1.** The Board of Governors of The University of North Carolina may  
13 study the feasibility of transferring the University of North Carolina Center for Public  
14 Television to the University of North Carolina School of the Arts and may report its findings  
15 and recommendations by March 1, 2010, to the Joint Education Legislative Oversight  
16 Committee and to the Chairs of the Senate and House of Representatives Appropriations  
17 Subcommittees on Education.

18  
19 **PART XXIV. UNC BOARD OF GOVERNORS, IN CONJUNCTION WITH THE**

25 **SEVENTEEN OR EIGHTEEN (S.B. 320 – Malone; H.B. 188 – Parmon, Tarleton,**  
26 **Current, Bryant)**

27 **SECTION 24.1.** The Board of Governors of The University of North Carolina, in  
28 coordination with the Department of Public Instruction and the North Carolina Independent  
29 Colleges and Universities, may direct the appropriate entity to study the impacts of raising the  
30 compulsory public school attendance age prior to completion of a high school diploma from 16  
31 to 17 or 18 and may report to the Joint Legislative Education Oversight Committee prior to  
32 May 1, 2010.

33  
34 **PART XXV. STATE BOARD OF COMMUNITY COLLEGES TO STUDY**  
35 **STRATEGIES FOR MAKING THE CONSTRUCTION PROCESS FOR COMMUNITY**  
36 **COLLEGES MORE EFFICIENT (S.B. 418 – Clodfelter)**

37 **SECTION 25.1.** The State Board of Community Colleges may review the  
38 construction process for community college facilities and may study strategies for making the  
39 process more efficient. In the course of the study, the Board may consider:

- 40 (1) The capacity of the various colleges to construct capital facilities without  
41 oversight by the Office of State Construction;
- 42 (2) The appropriateness of increasing the cost threshold at which oversight by  
43 the Office of State Construction is required for some or all of the colleges;  
44 and
- 45 (3) The need for oversight by the Office of State Construction in counties with  
46 an effective county review process.

47 **SECTION 25.2.** The State Board of Community Colleges may report the results of  
48 its study to the Joint Legislative Education Oversight Committee prior to March 30, 2010.

49  
50 **PART XXVI. STATE BOARD OF COMMUNITY COLLEGES TO STUDY THE NEED**  
51 **FOR FURTHER PURCHASING FLEXIBILITY (S.B. 419 – Clodfelter)**

1           **SECTION 26.1.** The State Board of Community Colleges may review the  
2 purchasing process for community colleges and may consider whether the State Board of  
3 Community Colleges should have the authority to increase the bid value benchmark for each  
4 community college based on the college's overall capabilities, including staff resources,  
5 purchasing compliance reviews, and audit reports.

6           **SECTION 26.2.** The State Board of Community Colleges may report the results of  
7 its study to the Joint Legislative Education Oversight Committee prior to March 30, 2010.

8  
9           **PART XXVII. STATE BOARD OF COMMUNITY COLLEGES TO STUDY THE**  
10 **FEASIBILITY OF CONVERTING THE ACADEMIC CALENDAR FOR MOST OF**  
11 **THE CONSTITUENT INSTITUTIONS OF THE NORTH CAROLINA COMMUNITY**  
12 **COLLEGE SYSTEM FROM A SEMESTER SYSTEM TO A TRIMESTER SYSTEM**  
13 **(H.B. 1244 – Haire, Tolson)**

14           **SECTION 27.1.** The State Board of Community Colleges may study the feasibility  
15 of converting the academic calendar for most of the constituent institutions of the North  
16 Carolina Community College System from a semester system to a trimester system.

17           The goal of the study is to evaluate whether switching to a trimester system would  
18 better enable a college to more fully use its campus facilities during the summer while still  
19 maintaining the academic and programmatic integrity of the institution. The State Board of  
20 Community Colleges may consider how a conversion to a trimester system would change  
21 campus culture at each college that is included in the study, the challenges of enticing people to  
22 participate, particularly in a summer trimester, and the issues related to workload distribution  
23 and student support. In its study, the State Board of Community Colleges also may analyze and  
24 evaluate how converting to a trimester system would affect all of the following at each college  
25 included in the study: student life; financial aid; athletic programs; student government; student  
26 learning; the need, if any, for additional faculty, and if additional faculty are needed, then the  
27 academic areas in which they would be needed; faculty research; registration; housing;  
28 maintenance; and utilities.

29           **SECTION 27.2.** The State Board of Community Colleges may report its findings  
30 and recommendations to the Joint Legislative Education Oversight Committee by December 1,  
31 2009.

32  
33           **PART XXVIII. CRIMINAL JUSTICE INFORMATION NETWORK GOVERNING**  
34 **BOARD TO STUDY THE FEASIBILITY OF CREATING AN AUTOMATED PAWN**  
35 **TRANSACTION DATABASE SYSTEM (H.B. 1282 – Underhill)**

36           **SECTION 28.1.** The Criminal Justice Information Network Governing Board may  
37 study the feasibility of developing and maintaining an automated system that would receive  
38 pawn transaction data electronically from pawn shops and provide access to law enforcement  
39 agencies for retrieving information about pawn shop transactions Statewide as part of the  
40 Criminal Justice Information Network. The study may consider issues related to the State's role  
41 in regulating pawn shops in order to identify and minimize illegal activities, recover stolen  
42 property, verify compliance with applicable laws, and ensure a legitimate environment for  
43 consumers by decreasing the cost of regulation, improving law enforcement services and  
44 effectiveness, enabling information sharing among law enforcement and regulatory authorities,  
45 and impacting related crimes. The Board may report its findings and recommendations,  
46 including any legislative proposals, to the Joint Legislative Corrections, Crime Control, and  
47 Juvenile Justice Oversight Committee on or before March 31, 2010.

48  
49           **PART XXIX. DEPARTMENT OF CORRECTION TO STUDY COMPREHENSIVE**

1           **SECTION 29.1.** The Department of Correction, in consultation with the  
2 Sentencing and Policy Advisory Commission, the Administrative Office of the Courts, the  
3 Conference of District Attorneys, Office of Indigent Defense Services, the Department of  
4 Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention,  
5 the School of Government at the University of North Carolina at Chapel Hill, and other  
6 organizations and agencies it deems appropriate, may study comprehensive reform of the  
7 State's approach to community corrections. The study may consider the integration of  
8 evidence-based practices into all aspects of community corrections and the development of  
9 cost-effective ways to manage offenders without compromising public safety. The study may  
10 review data from North Carolina and other states to identify best practices in community-based  
11 supervision and treatment, proven through research-based evidence to reduce crime, decrease  
12 offender recidivism rates, and improve offender reintegration into society. The study may  
13 estimate the costs of the identified programs and their projected impact on offender populations  
14 in prison and under community supervision. The Department may report its findings, including  
15 proposed legislation to enact a comprehensive Community Corrections Act, to the Joint  
16 Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee no later than

31 Justice Education and Training Standards Commission and applicable State  
32 and federal laws, and ways to resolve those inconsistencies.

34 programs or courses of instruction and whether that process could be  
35 expedited.
- 36           (5) Ways to improve communication and cooperation between the Criminal  
37 Justice Standards Division and the Department of Correction regarding the  
38 employment, education, training, and retention of correctional officers and

6 implications of allowing candidates for law enforcement certification to be given credit towards  
7 completion of the basic law enforcement training requirements by substituting prior military  
8 police officer training and service for required coursework. The study may examine the  
9 cost-effectiveness, efficiency, liability, and any other issue arising from the substitution of prior  
10 military training for required basic law enforcement training that may affect the quality of  
11 training of candidates for law enforcement certification.

12 **SECTION 31.2.** The Department of Justice may report its findings to the Joint  
13 Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee no later than

20 **SECTION 32.1.** The Post-Release Supervision and Parole Commission may  
21 evaluate the current prison population and identify the prisoners who are habitual offenders but  
22 whose felony offenses consist solely of Class I and Class H felonies. The Commission may  
23 study the feasibility of reducing the sentence for each prisoner in that particular habitual  
24 offender category as follows: (i) reduce the prisoner's sentence to equal the active time  
25 required by the sentencing grid under G.S. 15A-1340.17 for the highest level of the highest  
26 underlying felony in the indictment that charged the prisoner as an habitual felon and (ii) also  
27 give credit to the prisoner for time served. In its study the Commission may also consider the  
28 feasibility of amending the current habitual felon law to provide that Class G and Class F  
29 felony convictions on a defendant's record that are at least 10 years old from the date the  
30 defendant's citizenship rights have been restored may not be considered. The Commission may  
31 also consider any other issues relevant to its studies under this section.

32  
33 **PART XXXIII. NORTH CAROLINA COURTS COMMISSION STUDIES**

34 **SECTION 33.1.** The North Carolina Courts Commission may study the topics  
35 listed in this Part and report its findings, together with any recommended legislation, to the  
36 2010 Regular Session of the 2009 General Assembly upon its convening.

1           **SECTION 34.1.** The North Carolina Domestic Violence Commission, in  
2 consultation with the North Carolina Coalition Against Domestic Violence and the North  
3 Carolina Coalition Against Sexual Assault, may study the issue of State oversight and  
4 coordination of services to victims of sexual violence and whether sexual violence should be  
5 included as a focus area of the Commission. The study may include, but is not limited to, a  
6 review of the organization and membership of entities in other states that (i) provide  
7 information and recommendations to state legislatures on domestic and sexual violence and (ii)  
8 information and services to the public on these issues. The Commission may report its findings  
9 and recommendations to the Joint Legislative Committee on Domestic Violence by July 1,  
10 2010.

14 **(S.B. 905 – Clary)**

15           **SECTION 35.1.** The North Carolina Child Fatality Task Force may study the issue  
16 of how to recognize and care for children who are using drugs for purposes other than  
17 legitimate health issues and whose parents appear to be providing the drugs to their children.  
18 In conducting the study, the Task Force may consider all of the following:

- 19           (1) Whether testing is appropriate to determine whether a child is using drugs,  
20 and if so, the type of testing that would be appropriate.
- 21           (2) What procedure should be followed to obtain permission to test a child for  
22 suspected drug use, particularly if there is a reasonable suspicion that a  
23 parent is supplying the drugs to the child.
- 24           (3) What options are available to deal with a parent who provides drugs to a  
25 child when the drugs are not required to address health issues.
- 26           (4) What intervention and treatment programs are available for both parents and  
27 children regarding drug use by children.
- 28           (5) What legal action, if any, may be taken against a parent who is supplying  
29 drugs to a child.
- 30           (6) Any other items the Task Force deems relevant to the study.

38 **Haire, Cole)**

39           **SECTION 36.1.** The North Carolina Department of Transportation may study the  
40 feasibility of tolling all interstate highways entering into this State. In studying this issue, the  
41 Department may:

- 42           (1) Ascertain the process for getting permission from the United States  
43 Department of Transportation to toll all existing highways designated as  
44 interstate routes.
- 45           (2). Conduct a cost-benefit analysis of engaging the surrounding states in a  
46 compact that will allow for toll collections at state lines and a division,  
47 between the affected states, of tolls collected based on the percentage of total  
48 miles of an interstate highway that is in each state.
- 49           (3) Determine the cost benefit of tolling existing highways designated as  
50 interstate routes.

- 1 (4) Determine the actual cost of construction of toll booths at or near a state line  
2 factoring in inflation.
- 3 (5) Determine any revenue or fund losses based on tolling existing highways  
4 designated as interstate routes.

5 **SECTION 36.2.** The Department may make a report to the Joint Legislative  
6 Transportation Oversight Committee and the Fiscal Research Division not later than March 1,  
7 2010. The report may include the required information, any previous legislation that was

16 four-lane freeway location of US 158.

17 **SECTION 37.2.** The Department may make a report to the Joint Legislative  
18 Transportation Oversight Committee and the Fiscal Research Division on the results of its

29 **CURRENT REGULATION OF THE LAND APPLICATION OF SEPTAGE AND**  
30 **SLUDGE ADEQUATELY PROTECTS HUMAN HEALTH AND THE**  
31 **ENVIRONMENT (H.B. 1170 – Blackwood)**

32 **SECTION 39.1.** The Department of Agriculture and Consumer Services may study  
33 the extent to which septage and sewage sludge is being spread or applied to land in North  
34 Carolina; whether changes in the permitting process are needed to protect rural communities  
35 from toxic waste; whether current regulation of septage or sludge spreading is adequate; and  
36 whether changes are needed so that the combined effects of the land application of animal  
37 wastes and municipal wastes are not detrimental to the people, domestic animals, or wildlife of  
38 North Carolina or to the land and waters of the State. While conducting this study, the  
39 Department of Agriculture and Consumer Services may also:

- 40 (1) Work with the local Soil and Water Conservation Districts to determine the  
41 total volume of septage and sewage sludge being spread or land applied by  
42 county and post maps on NC OneMap as soon as possible showing all of the  
43 following:
- 44 a. Where septage and sludge are being spread or land applied;
  - 45 b. The quantities of septage and the quantities of sludge being spread or  
46 land applied; and
  - 47 c. The source of the septage and the source of the sludge being spread  
48 or land applied.
