46 "**§ 20-79. Dealer license plates.**

47 (a) How to Get a Dealer Plate. – The Division may issue a person licensed under
48 Article 12 of this Chapter the appropriate classification of dealer license plate. A person
49 eligible for a dealer license plate may obtain one by filing an application with the Division and
50 paying the required fee. An application must be filed on a form provided by the Division. The
51 required fee is the amount set by G.S. 20-87(7).

(b) Number of Plates. – A dealer who was licensed under Article 12 of this Chapter for the previous 12-month period ending December 31 may obtain the number of dealer license plates allowed by the following table; the number allowed is based on the number of motor vehicles the dealer sold during the relevant 12-month period and the average number of qualifying sales representatives the dealer employed during that same 12-month period:

<u>Vehicles Sold In Relevant 12-Month Period</u>	<u>Maximum Number of Plates</u>
Fewer than 12	4 <u>3</u>
At least 12 but less than 25	4 <u>6</u>
At least 25 but less than 37	5 <u>7</u>
At least 37 but less than 49	6 <u>8</u>
49 or more	At least 6 <u>8</u> , but no more than 4 <u>5</u> times the average number of qualifying sales representatives employed by the dealer during the relevant 12-month period.

A dealer who was not licensed under Article 12 of this Chapter for part or all of the previous 12-month period ending December 31 may obtain the number of dealer license plates that equals four times the number of qualifying sales representatives employed by the dealer on the date the dealer files the application. A "qualifying sales representative" is a sales representative who works for the dealer at least 25 hours a week on a regular basis and is compensated by the dealer for this work.

A dealer who sold fewer than 49 motor vehicles the previous 12-month period ending December 31 but has sold at least that number since January 1 may apply for additional dealer license plates at any time. The maximum number of dealer license plates the dealer may obtain is the number the dealer could have obtained if the dealer had sold at least 49 motor vehicles in the previous 12-month period ending December 31.

A dealer who applies for a dealer license plate must certify to the Division the number of motor vehicles the dealer sold in the relevant period. Making a material misstatement in an application for a dealer license plate is grounds for the denial, suspension, or revocation of a dealer's license under G.S. 20-294.

This subsection does not apply to manufacturers licensed under Article 12 of this Chapter.

(c) Form and Duration. – A dealer license plate is subject to G.S. 20-63, except for the requirement that the plate display the registration number of a motor vehicle and the requirement that the plate be a "First in Flight" plate. A dealer license plate must have a distinguishing symbol identifying the plate as a dealer license plate. The symbol may vary depending upon the classification of dealer license plate issued. The Division must provide suitably reduced sized license plates for motorcycle dealers and manufacturers.

A dealer license plate is issued for a period of one year. The Division shall vary the expiration dates of dealer registration renewals so that an approximately equal number expires at the end of each month, quarter, or other period consisting of one or more months. A dealer license plate may be transferred from one vehicle to another. When the Division issues a dealer plate, it may issue a registration that expires at the end of any monthly interval. When one of the following occurs, a dealer must surrender to the Division all dealer license plates issued to the dealer:

- (1) The dealer surrenders the license issued to the dealer under Article 12 of this Chapter.
