priorities in the Capitalization Grant Operating Agreement between the Department-Authority 1 2 and the United States Environmental Protection Agency. The criteria and priorities 3 incorporated in the Agreement apply to a loan or grant from the CWSRF or the DWSRF. The 4 common criteria in G.S. 159G-23 do not apply to a loan or grant from the CWSRF or the 5 DWSRF. 6 (b) Reserves. – The common criteria in G.S. 159G-23 apply to a loan or grant from the 7 Wastewater Reserve or the Drinking Water Reserve. The Department-Authority may establish 8 by rule other criteria that apply to a loan or grant from the Wastewater Reserve or the Drinking 9 Water Reserve." 10 SECTION 20. G.S. 159G-37 reads as rewritten: 11 "§ 159G-37. Application to CWSRF, Wastewater Reserve, DWSRF, and Drinking Water 12 **Reserve.** 13 An application for a loan or grant from the CWSRF or the Wastewater Reserve must be 14 filed with the Division of Water Quality of the Department. Authority. An application for a 15 loan or grant from the DWSRF or the Drinking Water Reserve must be filed with the Division 16 of Environmental Health of the Department. Authority. An application must be submitted on a 17 form prescribed by the Division-Authority and must contain the information required by the Division. Authority. An applicant must submit to the Division Authority any additional 18 19 information requested by the Division-Authority to enable the Division-Authority to make a 20 determination on the application. An application that does not contain information required on 21 the application or requested by the <del>Division</del> Authority is incomplete and is not eligible for 22 consideration. An applicant may submit an application in as many categories as it is eligible for 23 consideration under this Article." 24 SECTION 21. G.S. 159G-38 reads as rewritten: 25 "§ 159G-38. Environmental assessment and public hearing. 26 Required Information. - An application submitted under this Article for a loan or 27 grant for a project must state whether the project requires an environmental assessment. If the 28 application indicates that an environmental assessment is not required, it must identify the 29 exclusion in the North Carolina Environmental Policy Act, Article 1 of Chapter 113A of the 30 General Statutes, that applies to the project. If the application does not identify an exclusion in 31 the North Carolina Environmental Policy Act, it must include an environmental assessment of 32 the project's probable impacts on the environment. 33 Division Authority Review. - If, after reviewing an application, the Division of (b) 34 Water Quality or the Division of Environmental Health, Authority, as appropriate, determines 35 that a project requires an environmental assessment, the assessment must be submitted before 36 the Division-Authority continues its review of the application. If, after reviewing an 37 environmental assessment, the Division-Authority concludes that an environmental impact 38 statement is required, the Division Authority may not continue its review of the application 39 until a final environmental impact statement has been completed and approved as provided in 40 the North Carolina Environmental Policy Act. 41 Hearing. - The Division of Water Quality or the Division of Environmental Health, (c)

42 Authority, as appropriate, may hold a public hearing on an application for a loan or grant under 43 this Article if it determines that holding a hearing will serve the public interest. An individual 44 who is a resident of any county in which a proposed project is located may submit a written 45 request for a public hearing. The request must set forth each objection to the proposed project 46 or other reason for requesting a hearing and must include the name and address of the 47 individual making the request. The Division-Authority may consider all written objections to 48 the proposed project, any statement submitted with the hearing request, and any significant 49 adverse effects the proposed project may have on the environment. The Division's Authority's 50 decision on whether to hold a hearing is conclusive. The Division Authority must keep all

written requests for a hearing on an application as part of the records pertaining to the 1 2 application." 3

SECTION 22. G.S. 159G-39 reads as rewritten:

#### 4 "§ 159G-39. Review of applications and award of loan or grant.

5 Point Assignment. - The Division of Water Quality or the Division of (a) 6 Environmental Health, as appropriate, Authority must review all applications filed for a loan or 7 grant under this Article for an application period. The Division-Authority must rank each 8 application in accordance with the points assigned to the evaluation criteria. The Division 9 Authority must make a written determination of an application's rank and attach the 10 determination to the application. The <u>Division'sAuthority's</u> determination of rank is conclusive.

Initial Consideration. - The Division Authority may consider an application for an 11 (b) emergency loan from the Wastewater Reserve or the Drinking Water Reserve at any time. The 12 13 Division-Authority must consider all other loan applications and all grant applications filed 14 during an application period at the same time in order to rank the applications.

15 (c) Reconsideration. – When an application's rank is too low to receive an award of a loan or grant for an application period, the Division Authority must include the application with 16 17 those considered for the next application period. If the application's rank is again too low to 18 receive an award, the application is not eligible for consideration in a subsequent application 19 period. An applicant whose application does not receive an award after review in two 20 application periods may file a new application.

21 (d) Notification of Decision. - When the Division-Authority determines that an 22 application's rank makes it eligible for an award of a loan or grant, the Division-Authority must 23 send the applicant a letter of intent to award the loan or grant. The notice must set out any 24 conditions the applicant must meet to receive an award of a loan or grant. When the applicant 25 satisfies the conditions set out in the letter of intent, the Division-Authority must send the 26 applicant an offer to award a loan or grant. The applicant must give the Division-Authority 27 written notice of whether it accepts or rejects the offer. A loan or grant is considered awarded 28 when an offer to award the loan or grant is issued."

SECTION 23. G.S. 159G-40 reads as rewritten:

#### 30 "§ 159G-40. Terms of loan and execution of loan documents.

31 (a) Approval by Local Government Commission. - The Department Authority may not 32 award a loan under this Article unless the Local Government Commission approves the award 33 of the loan and the terms of the loan. The terms of a loan awarded from the CWSRF and the 34 DWSRF must be consistent with federal law. In reviewing a proposed loan to a local 35 government unit, the Local Government Commission must consider the loan as if it were a 36 bond proposal and review the proposed loan in accordance with the factors set out in 37 G.S. 159-52 for review of a proposed bond issue. The Local Government Commission must 38 review a proposed loan to a nonprofit water corporation in accordance with the factors set out 39 in G.S. 159-153.

40 Interest Rate and Maturity. - The interest rate payable on and the maximum 41 maturity of a loan are subject to the following limitations:

- 42 Interest rate. - The interest rate for a loan may not exceed the lesser of four (1)43 percent (4%) or one half the prevailing national market rate for tax-exempt 44 general obligation debt of similar maturities derived from a published 45 indicator. When recommended by the Department, Authority, the Local 46 Government Commission may set an interest rate for a loan for a targeted 47 interest rate project at a rate that is lower than the standard rate to achieve 48 the purpose of the target.
- 49 Maturity. – The maximum maturity for a loan for a project that is not a (2)50 high-unit-cost project may not exceed 20 years or the project's expected life,

General Assembly of North Carolina Session 2009
whichever is shorter. The maximum maturity for a loan for a high-unit-cos project is 30 years or the project's expected life, whichever is shorter.
(c) Security for Loan. – A local government unit may pledge any of the following
alone or in combination, as security for an obligation to repay the principal of and interest on a
loan awarded under this Article:
<ul> <li>User fee revenues derived from operation of the wastewater system or publi water system that benefits from the project for which the loan is awarded.</li> </ul>
(2) A mortgage, deed of trust, security interest, or similar lien on part or all o the real and personal property comprising the wastewater system or publi
water system that benefits from the project for which the loan is awarded.
(3) Its full faith and credit if it meets the requirements of Article 4 of Chapte
159 of the General Statutes.
(4) Nontax revenue not included in subdivision (1) of this subsection.
(d) Debt Instrument. – A local government unit and a nonprofit water corporation ma
execute a debt instrument payable to the State to evidence an obligation to repay the principal
of and interest on a loan awarded under this Article. The Treasurer, with the assistance of th
Local Government Commission, must develop debt instruments for use by local government
units and nonprofit water corporations under this section. The Local Government Commissio
must develop procedures for loan recipients to deliver debt instruments to the State without
public bidding."
SECTION 24. G.S. 159G-41 reads as rewritten:
"§ 159G-41. Withdrawal of loan or grant.
A letter of intent to offer an award for a loan or grant for a project is withdrawn if the
applicant fails to enter into a construction contract for the project within two years after the dat
of the letter, unless the Department Authority finds that the applicant has good cause for the
failure. An award for a loan or grant for a project is withdrawn if the applicant fails to enter int
a construction contract for the project within one year after the date of the award, unless the
Department-Authority finds that the applicant has good cause for the failure. If the Department
<u>Authority finds good cause for an applicant's failure, the Department Authority must set a date</u>
by which the applicant must take action or forfeit the loan or grant."
<b>SECTION 25.</b> G.S. 159G-42 reads as rewritten:
"§ 159G-42. Disbursement of loan or grant.
The Department-Authority must disburse the proceeds of a loan or grant to a recipient in
series of payments based on the progress of the project for which the loan or grant wa
awarded. To obtain a payment, a loan or grant recipient must submit a request for payment t
the Department Authority and document the expenditures for which the payment is requested.'
<b>SECTION 26.</b> G.S. 159G-43 reads as rewritten:
"§ 159G-43. Inspection of project.
(a) Authority. – The Department-Authority may inspect a project for which it awards
loan or grant under this Article to determine the progress made on the project and whether the
construction of the project is consistent with the project described in the loan or gran
application. The inspection may be performed by personnel of the Department Authority or b
a professional engineer licensed under Chapter 89C of the General Statutes.
(b) Disqualification. – An individual may not perform an inspection of a project under
this section if the individual meets any of the following criteria:
(1) Is an officer or employee of the local government unit or nonprofit water
corporation that received the loan or grant award for the project.
(2) Is an owner, officer, employee, or agent of a contractor or subcontractor
engaged in the construction of the project for which the loan or grant wa
made."
