

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

Legislative Actuarial Note

HEALTH BENEFITS

BILL NUMBER: House Bill 200 (Third Edition)

SHORT TITLE: Appropriations Act of 2011.

SPONSOR(S): Representative Brubaker

SYSTEM OR PROGRAM AFFECTED: State Health Plan for Teachers and State Employees (Plan).

FUNDS AFFECTED: State General Fund, State Highway Fund, other State employer receipts; premium payments for dependents of active employees and retired employees of State agencies and universities, local public schools and local community colleges; premium payments for coverages selected by eligible former employees; premium payments for coverages selected by firefighters, rescue squad workers, members of the National Guard, and certain authorized local governments.

BILL SUMMARY:

Section 29.23 of House Bill 200 (Third Edition) is a special provision, entitled “Limit State Abortion Funding/Health Plan/Insurance,” that prohibits the use of State funds for the performance of abortions, or to support the administration of any governmental health plan or government offered insurance policy offering abortion, except that this prohibition shall not apply where the: (1) life of the mother would be endangered if the unborn child were carried to term; or (2) pregnancy is the result of a rape or incest. The language of the provision is also not to be construed to limit medical care provided after a spontaneous miscarriage.

For purposes of this Legislative Actuarial Note, the analysis herein is limited to any potential financial effect on the State Health Plan only and not any other program. The analysis is also limited to Section 29.23 of the proposed bill.

EFFECTIVE DATE: July 1, 2011

ESTIMATED IMPACT ON STATE:

Aon Consulting, consulting actuary for the State Health Plan for Teachers and State Employees projects the proposed changes will increase costs to the Plan by \$700,000 for the 2011-12 fiscal year and \$950,000 for the 2012-13 fiscal year based on a mid-point estimate of 50% of non-covered abortions resulting in additional maternal deliveries.

Hartman and Associates, consulting actuary for the General Assembly’s Fiscal Research Division, projects the additional cost or savings impact to be within the ranges reflected below by fiscal year based upon a combination of the number of abortions excluded from coverage and the number of foregone abortions expected to result in additional maternal deliveries:

<u>Delivery Percentage</u>	<u>Fiscal Year 2011-12</u>	<u>Fiscal Year 2012-13</u>
0%	(\$216,533)	(\$259,332)
25%	\$303,399	\$363,368
50%	\$823,331	\$986,068

The additional costs or savings impact projected by either consulting actuary, under any specific delivery percentage scenario, would be expected to impact premium contribution rates by less than one-tenth of one percent (0.1%) annually.

ASSUMPTIONS AND METHODOLOGY: The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

For assuming eligibility for the current abortion benefit, only female plan members who are employees or enrolled spouses are currently eligible for coverage under the Plan. Female dependent children are not eligible for abortion or maternity related coverage under the Plan.

The table below reflects charge and claims experience data for abortion related claims under the Plan for the previous three fiscal years.

Summary Data on Abortion Claims Provided under the Plan from FY 2007-08 to FY 2009-10

<u>Fiscal Year</u>	<u>Total Abortions¹</u>				<u>Induced Abortions</u>			
	<u>No. of Cases</u>	<u>Billed Charges</u>	<u>Allowed Charges</u>	<u>Paid Claims</u>	<u>No. of Cases</u>	<u>Billed Charges</u>	<u>Allowed Charges</u>	<u>Paid Claims</u>
2009-10	733	\$3,977,000	\$2,210,084	\$1,573,287	161	\$538,684	\$302,559	\$239,394
2008-09	794	\$4,227,750	\$2,213,216	\$1,666,855	171	\$561,764	\$244,467	\$178,787
2007-08	758	\$3,878,301	\$2,227,514	\$1,464,095	171	\$416,267	\$208,357	\$147,009

¹ Includes data on spontaneous abortions (e.g., miscarriages).

Data source: State Health Plan for Teachers and State Employees

For purposes of estimating the effect of the bill, the Plan's benefits including required out-of-pocket amounts were assumed to be those in effect as of July 1, 2010.

Summary Information and Data about the Plan

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments may also participate

in the Plan under certain conditions. Members of fire, rescue squads, and the National Guard may also obtain coverage under the Plan provided they meet certain eligibility criteria.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who elect dependent coverage. Total requirements for the Plan are estimated to be \$2.90 billion for FY 2011-12 and \$3.08 billion for FY 2012-13. The Plan's PPO benefit design includes two alternative benefit levels listed below:

- 1) The "Basic" 70/30 plan that offers higher out-of-pocket requirements in return for lower fully contributory dependent premiums; and
- 2) The "Standard" 80/20 plan.

The Basic and Standard plans offer coverage to employees and retired employees on a noncontributory basis. Coverage for dependents under both plans is offered on a fully contributory basis.

The following table provides a summary of most monthly premium rates for the Plan in FY 2010-11:

<u>Coverage Type</u>	Basic 70/30		Standard 80/20	
	Employee/ Retiree	Employer	Employee/ Retiree	Employer
Non-Medicare Active Employee/Retiree				
Employee	\$0.00	\$410.80	\$0.00	\$410.80
Employee + Child(ren)	\$178.68	\$410.80	\$237.62	\$410.80
Employee + Spouse	\$460.36	\$410.80	\$547.48	\$410.80
Employee + Family	\$490.34	\$410.80	\$580.44	\$410.80
Medicare Primary for Only Employee/Retiree				
Employee	\$0.00	\$312.76	\$0.00	\$312.76
Employee + Child(ren)	\$187.60	\$312.76	\$237.62	\$312.76
Employee + Spouse	\$469.28	\$312.76	\$547.48	\$312.76
Employee + Family	\$499.26	\$312.76	\$580.44	\$312.76

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2010-11, employers contribute 4.9% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$721 million.

Financial Condition

Current and Projected Results for 2009-11 Biennium – The following summarizes actual financial results for FY 2009-10 and projected financial results for FY 2010-11, based on financial experience through December, 2010.

(\$ millions)	
Actual FY 2009-10	Projected FY 2010-11

Beginning Cash Balance	\$189.9	\$121.5
Receipts:		
Net Premium Collections	\$2,412.6	\$2,677.4
Early Retirement Reinsurance Program	\$0.0	\$45.0
Medicare Part D Subsidies	\$74.4	\$60.5
Investment Earnings	\$3.5	\$2.4
Total	\$2,490.5	\$2,785.3
Disbursements:		
Net Medical Claim Payment Expenses	\$1,797.5	\$1,860.5
Net Pharmacy Claim Payment Expenses	\$596.7	\$647.7
Administration and Claims-Processing Expenses	\$164.6	\$171.7
Total	\$2,558.9	\$2,679.9
Net Operating Income (Loss)	(\$68.4)	\$105.4

Financial Projection 2011-13 Biennium – The following summarizes a financial projection conducted by the Plan’s consulting actuary, Aon Consulting, for the 2011-13 biennium. The information is provided by fiscal year based on year-to-date financial experience (through December 2010) and other updated factors. The projection assumes a 9.5% annual claims growth trend, that benefit provisions remain the same, and that both employer and member-paid premiums are increased by 6.3% effective July 1, 2011 and July 1, 2012.

	(\$ millions)	
	Projected FY 2011-12	Projected FY 2012-13
Beginning Cash Balance	\$226.8	\$239.0
Receipts:		
Net Premium Collections	\$2,829.0	\$2,995.2
Early Retirement Reinsurance Program	\$25.6	\$0.0
Medicare Part D Subsidies	\$60.1	\$62.6
Investment Earnings	\$2.3	\$2.5
Total	\$2,917.0	\$3,060.3
Disbursements:		
Net Medical Claim Payment Expenses	\$2,065.1	\$2,199.0
Net Pharmacy Claim Payment Expenses	\$659.2	\$699.4
Administration and Claims-Processing Expenses	\$180.5	\$183.6
Total	\$2,904.8	\$3,082.0
Net Operating Income (Loss)	\$12.2	(\$21.7)

This projection incorporates \$151 million in projected savings over the biennium from a new Pharmacy Benefit Manager (PBM) contract to be effective October 1, 2011. It assumes that the Plan maintains “grandfathered” status under the federal Affordable Care Act (ACA). It assumes the Plan experiences an increase of \$33 million in claims over the biennium due to requirements in the ACA to cover additional dependents.

Other Information

In the 2009-11 biennium, the annual premium increases were applied at the beginning of each fiscal year of the biennium. Historically, the Plan had applied a premium increase in October of the first fiscal year of a biennium.

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, and fraud detection, and other authorized actions by the Executive Administrator and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Claim cost trends are expected to increase at a rate of 9.5% annually according to the Plan's consulting actuary. Investment earnings are based upon a 1.0% return on available cash balances. The active population is projected to decline by 1% per year, the COBRA population is projected to remain constant, and the retired population is projected to increase by 1% per year.
