44 Board shall deny licensure. However, if a criminal history record check reveals one or more  
45 misdemeanor convictions, the convictions shall not automatically bar licensure. The Board

7           information obtained in a criminal history record check, the Board shall disclose to the person  
8           the information contained in the criminal history record check that is relevant to the Board's  
9           actions. The Board may not provide a copy of the criminal history record check to the person.
