6 "**§ 96-9.2. Required contributions to the Unemployment Insurance Fund.**

7 (a) Required Contribution. – An employer is required to make a contribution in each  
8 calendar year to the Unemployment Insurance Fund in an amount equal to the applicable  
9 percentage of the taxable wages the employer pays its employees during the year for services  
10 performed in this State. Taxable wages are determined in accordance with G.S. 96-9.3. An  
11 employer may not deduct the contributions due in whole or in part from the remuneration of the  
12 individuals employed.

13 The applicable percentage for an employer is considered the employer's contribution ~~rate~~  
14 ~~and is determined by the employer's base rate and the balance in the Unemployment Insurance~~  
15 ~~Fund as of the computation date.~~ rate. An experience rate is determined by the following:

16 (1) The balance in the Unemployment Trust Fund as of the computation date,  
17 expressed as a percentage of total insured wages. "Total insured wages" are  
18 the total wages reported by all insured employers for the 12-month period

20 (2) The employer's experience rating. Taxable wages are determined in  
21 accordance with G.S. 96-9.3. An employer's base rate is either the standard  
22 beginning rate or an experience rating. An employer's experience rating is  
23 computed as a an experience reserve ratio in accordance with G.S. 96-9.4.  
24 An employer's reserve ratio percentage (ERRP) is the employer's reserve  
25 ratio multiplied by sixty-eight hundredths. A positive ERRP produces a  
26 lower contribution rate, and a negative ERRP produces a higher contribution  
27 rate.

28 (b) Standard Beginning Rate. – The standard beginning rate is one percent (1%). The  
29 standard beginning rate applies to an employer until the employer's account has been  
30 chargeable with benefits for at least 12 calendar months ending July 31 immediately preceding  
31 the computation date. An employer's account has been chargeable with benefits for at least 12  
32 calendar months if the employer has reported wages paid in four completed calendar quarters  
33 and these quarters are in two consecutive calendar years.

34 (c) ~~Contribution~~ Experience Rate. – The contribution rate for ~~an employer experienced~~  
35 rated employers is determined in accordance with the table set out below and then rounded to  
36 the nearest one-hundredth percent (0.01%), subject to the minimum and maximum contribution

1 rates. The minimum contribution rate is six-hundredths of one percent (0.06%). The maximum
