GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2013

FILED SENATE
May 14, 2014
S.B. 765
PRINCIPAL CLERK

 \mathbf{S}

SENATE DRS45108-MHz-186A (05/09)

Short Title:	Reform Agency Review of Engineering Work.	(Public)
Sponsors:	Senator Bingham (Primary Sponsor).	
Referred to:		
A BILL TO BE ENTITLED		
AN ACT TO	O REFORM THE PROCESS BY WHICH REGULATORY A	UTHORITIES
REVIEW	SUBMITTALS OF APPLICATIONS FOR PERMITS, LICI	ENSES, AND
APPROVALS, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW		
COMMISSION.		
The General Assembly of North Carolina enacts:		
SECTION 1. Definitions. The following definitions apply in this act:		
(1)	Practice of Engineering. – As defined in G.S. 89C-3.	
(2)	Professional Engineer. – As defined in G.S. 89C-3.	
(3)	Regulatory Authority The Department of Environmen	t and Natural
	Resources, the Department of Health and Human Services, t	he Department
	of Transportation, and any unit of local government operating	g a program (i)
	that grants permits, licenses, or approvals to the public and (i	
	approved by or delegated from the Department of Environme	ent and Natural
	Resources, the Department of Health and Human Ser	vices, or the
	Department of Transportation.	
(4)	Regulatory Submittal. – An application or other submittal to	a Regulatory
	Authority for a permit, license, or approval. In the case of	a unit of local
	government, Regulatory Submittal shall mean an application	n or submittal
	submitted to a program approved by or delegated from the	Department of
	Environment and Natural Resources, the Department of Heal	th and Human
	Services, or the Department of Transportation.	
(5)	Submitting Party. – The person submitting the Regulatory S	ubmittal to the
	Regulatory Authority.	
(6)	Working Job Title The job title a Regulatory Authority u	ses to publicly
	identify an employee with job duties that include the review	of Regulatory
	Submittals. Working Job Title does not mean job titles that a	ire used by the
	human resources department of a Regulatory Authority to	classify jobs
	containing technical aspects related to the Practice of Engineer	ring.
SE	ECTION 2. Standardize Certain Regulatory Review Procedures	- No later than
December 1, 2014, each Regulatory Authority shall review and, where necessary, revise its		
procedures for review of Regulatory Submittals to accomplish the following:		
(1)	Standardize the provision of review and comments on Regulat	ory Submittals
	so that revisions or requests for additional information that a	ire required by
	the Regulatory Authority in order to proceed with the perr	nit, license, or
	approval are clearly delineated from revisions or requests	for additional

information that constitute suggestions or recommendations by the Regulatory Authority. For purposes of this subdivision, "suggestions or recommendations by the Regulatory Authority" means comments made by the reviewer of the Regulatory Submittal to the Submitting Party that make a suggestion or recommendation for consideration by the Submitting Party but that are not required by the Regulatory Authority in order to proceed with the permit, license, or approval.

With respect to revisions or requests for additional information that are

(2) With respect to revisions or requests for additional information that are required by the Regulatory Authority in order to proceed with the permit, license, or approval, the Regulatory Authority shall identify the statutory or regulatory authority for the requirement.

SECTION 3.(a) Informal Review. – No later than December 1, 2014, each Regulatory Authority shall create a process for each regulatory program administered by the Regulatory Authority for an informal internal review at the request of the Submitting Party in each of the following circumstances:

- The inclusion in a Regulatory Submittal of a design or practice sealed by a (1) Professional Engineer but not included in the Regulatory Authority's existing guidance, manuals, or standard operating procedures. This review should first be conducted by the reviewing employee's supervisor or, in the case of a Regulatory Authority that is a unit of local government, either the reviewing employee's supervisor or the delegating or approving State agency. If this initial review was not conducted by a Professional Engineer, then the Submitting Party may request review by (i) a Professional Engineer on the staff of the Regulatory Authority or (ii) the delegating or approving State agency in the case of a Regulatory Authority that is a unit of local government. If the Regulatory Authority or delegating or approving State agency does not employ a Professional Engineer qualified and competent to perform the review, it may provide for review by a consulting Professional Engineer selected from a list developed and maintained by the Reviewing Authority. The Regulatory Authority may charge the Submitting Party for the costs of the review by the consulting Professional Engineer. Nothing in this subdivision is intended to limit the authority of the Regulatory Authority to make a final decision with regard to a Regulatory Submittal following the reviews described in this subdivision.
- (2) A disagreement between the reviewer of the Regulatory Submittal and the Submitting Party regarding whether the statutory or regulatory authority identified by the Regulatory Authority for revisions or requests for additional information designated as "required" under the procedures set forth in Section 2 of this act justifies a required change.

SECTION 3.(b) Scope. – Nothing in this section shall limit or abrogate any rights available under Chapter 150B of the General Statutes to any Submitting Party.

SECTION 4.(a) Pilot Study. – No later than March 1, 2015, the Department of Environment and Natural Resources shall complete a pilot study on the Pretreatment, Emergency Response and Collection System (PERCS) wastewater collection system permitting program and the stormwater permitting program and perform the following activities with the assistance and cooperation of the North Carolina Board of Examiners for Engineers and Surveyors and the Professional Engineers of North Carolina:

- (1) Produce an inventory of work activities associated with the operation of each regulatory program.
- (2) Determine the work activities identified under subdivision (1) of this section that constitute the Practice of Engineering.

(3) Develop recommendations for ensuring that work activities constituting the Practice of Engineering are conducted with the appropriate level of oversight.

SECTION 4.(b) Report. – The Department shall report the results of the pilot study to the Environmental Review Commission no later than April 15, 2015.

SECTION 5. Review of Working Job Titles. – No later than December 1, 2014, each Regulatory Authority shall do the following:

- (1) Review the Working Job Titles of every employee with job duties that include the review of Regulatory Submittals.
- (2) Propose revisions to the Working Job Titles identified under subdivision (1) of this section or other administrative measures that will eliminate the public identification as "engineers" of persons reviewing Regulatory Submittals who are not Professional Engineers.

SECTION 6.(a) Initial Report. – Each Regulatory Authority shall report to the Environmental Review Commission prior to the convening of the 2015 Regular Session of the 2015 General Assembly on implementation of the following, if applicable:

- (1) The standardized procedures required by Section 2 of this act.
- (2) The informal review process required by Section 3 of this act.
- (3) The review of Working Job Titles required by Section 5 of this act.

SECTION 6.(b) Annual Report. – Beginning in 2016, each Regulatory Authority shall annually report to the Environmental Review Commission no later than January 15 on the informal review process required by Section 3 of this act. The report shall include the number of times the informal review process was utilized and the outcome of the review.

SECTION 6.(c) Annual Reporting Sunset. – Section 6(b) of this act expires on January 1, 2019.

SECTION 7. This act is effective when it becomes law.
