The General Assembly of North Carolina enacts:

SECTION 1. Intent and Goals. – It is the intent of the General Assembly to transform the State's current Medicaid program to a program that provides budget predictability for the taxpayers of this State while ensuring quality care to those in need. - (2) Ensure balanced quality, patient satisfaction, and financial measures.
- (3) Ensure efficient and cost-effective administrative systems and structures.

Program aid category coverage shall not include dual eligibles for whom Medicaid pays only Medicare

1 premiums. In aggregate, provider-led entities shall cover Medicaid recipients
2 in all 100 counties.

- 3 (2) Provider-led entities ensure appropriate access to care for Medicaid
4 recipients in all 100 counties while building upon the existing enhanced
5 primary care medical home model.
- 6 (3) Provider-led entity contracts result in controlling the State's cost growth at
7 least two percentage (2%) points below national Medicaid spending growth
8 as documented and projected in the annual report prepared for CMS by the
9 Office of the Actuary for nonexpansion states.
- 10 (4) The Department implements a process for recipient assignment to
11 provider-led entities. Assignment shall be based on the recipient's selection
12 of a provider-led entity, or if the recipient fails to choose a provider-led
13 entity during initial enrollment, the Department shall develop a process for
14 auto-assignment to a provider-led entity. The Department may limit the
15 circumstances under which a Medicaid recipient may change provider-led
16 entity, including creating an open enrollment period.
- 17 (5) When fully implemented, the State retains only the risk of enrollment
18 numbers and enrollment mix of the populations for which capitated
19 payments are received.
- 20 (6) Capitated payments will be actuarially sound and risk-adjusted, based on the
21 mix of enrollees by program aid category and other appropriate factors.
- 22 (7) The Department ensures administrative costs are minimized and establishes
23 appropriate medical loss ratio for contractors accepting full-risk capitation,
24 which allocates at least ninety percent (90%) of the capitated payments to
25 cover patient care.
- 26 (8) The Department ensures contracts required under this act contain effective
27 program integrity features to protect against provider fraud, waste, and abuse
28 at all levels of the system.
- 29 (9) Provider-led entities will be responsible for all administrative functions for
30 recipients enrolled in their plan, including, but not limited to, all claims
31 processing, care management, case management, appeals, and all other
32 necessary administrative services.
- 33 (10) A majority of each provider-led entity's governing board shall be comprised
34 of physicians who treat Medicaid patients including those who provide
35 clinical services to Medicaid patients.

1 full-risk, capitated health plan as a pilot that begins within three years of
2 enactment of this act.
