COOPERATIVE INNOVATIVE HIGH SCHOOL FUNDING CHANGES

SECTION 7.22.(a) Legislative Findings. – The General Assembly finds the following in regard to the State's long-term, ongoing investment in providing high school students with opportunities to obtain postsecondary credit and career credentials at no cost to the student in order to maximize cost savings to students in obtaining a postsecondary education:

(1) Dual enrollment opportunities for high school students have been available in the State for many years but began to significantly grow in the early- to mid-2000s as a result of the General Assembly's enactment of the Innovative Education Initiatives Act and the establishment of the cooperative innovative high school program pursuant to Part 9 of Article 16 of Chapter 115C of the General Statutes. This act demonstrated the State's commitment in prioritizing cooperative efforts between secondary schools and institutions of higher education so as to reduce the high school dropout rate, increase high school and college graduation rates, decrease the need for remediation in institutions of higher education, and raise certificate, associate, and bachelor degree completion rates.

(2) To ensure continued efficiency in the investment of State funds to provide postsecondary dual enrollment programs for high school students, the General Assembly directed the State Board of Education and the State Board of Community Colleges to jointly establish the Career and College Promise Program pursuant to Section 7.1A of S.L. 2011-145, effective January 1, 2012, to consolidate existing cooperative efforts between secondary schools and institutions of higher education by providing (i) for specific pathways for obtaining college credit that is transferable to community colleges and institutions of higher education, (ii) for college credit leading to a subject-area certificate, diploma, or degree, and (iii) through enrollment at a cooperative innovative high school, enabling students to concurrently obtain a high school diploma and to begin or complete an associate degree program, master a certificate or vocational program, or earn up to two years of college credit within five years.

(3) The recent growth in the establishment of cooperative innovative high school programs has resulted in a steady increase in full-time equivalent
(FTE) student enrollment at community colleges due to the maturation of those programs, including an increase of one hundred forty percent (140%) in FTE enrollment for these students between 2008-2009 and 2013-2014.

(4) The implementation of other Career and College Promise pathways enabling certain traditional high school students to concurrently enroll in postsecondary courses leading to a defined academic goal has also resulted in a recent rise in student enrollment at community colleges with a thirty percent (30%) increase in the College Transfer pathway and a twenty-one percent (21%) increase in the Career and Technical Education pathway between 2012-2013 and 2013-2014.

(5) For the 2013-2014 academic year, the General Assembly appropriated fifty-seven million dollars ($57,000,000) in State funds to cover community college FTE for 11,389 students during the first year of full implementation of the Career and College Promise Program.

(6) For the 2015-2016 fiscal year, the General Assembly appropriated the following amounts to cover the cost of cooperative innovative high schools and other Career and College Promise programs:

a. For the cooperative innovative high school allotment, the sum of twenty-five million four hundred eighty-eight thousand seven hundred twenty-five dollars ($25,488,725).

b. For community college FTE for the following:
   1. For students enrolled in cooperative innovative high schools, the sum of forty-two million two hundred ninety-one thousand three hundred eighty-six dollars ($42,291,386).
   2. For students enrolled in courses that count toward the College Transfer pathway, the sum of twenty-one million three hundred forty-three thousand five hundred seven dollars ($21,343,507).
   3. For students enrolled in courses that count toward the Career and Technical Education pathway, the sum of twenty-one million seven hundred eight thousand nine hundred thirty-two dollars ($21,708,932).

c. For the reimbursement of tuition for constituent institutions of the University of North Carolina as a partner institution of higher education to a cooperative innovative high school, the sum of one million nine hundred forty-five thousand two hundred one dollars ($1,945,201).

d. For the reimbursement of tuition for private colleges located in North Carolina that are a partner institution of higher education to a cooperative innovative high school, the sum of four hundred fifty-seven thousand six hundred thirty-nine dollars ($457,639).

(7) Since considerable State funds have been appropriated on an ongoing basis to cover the cost of high school student enrollment at community colleges, constituent institutions, and approved private colleges pursuant to G.S. 115C-238.54 and G.S. 115D-5(b)(12) as part of the Career and College Promise programs, it is necessary to examine the total cost of these programs and prioritize the appropriation of State funds to achieve the General Assembly's goal of maximizing cost savings to students in obtaining a postsecondary education. This shall include reducing the amount of funds allocated to local school administrative units for the cooperative innovative high school allotment.
SECTION 7.22.(b) Study. – In accordance with the legislative finding set forth in subdivision (7) of subsection (a) of this section, by February 15, 2018, the State Board of Community Colleges, the Board of Governors of The University of North Carolina, and the State Board of Education shall study and report to the Senate Appropriations Committee on Education/Higher Education, the House Appropriations Committee on Education, the Fiscal Research Division, and the Joint Legislative Education Oversight Committee on the costs associated with the Career and College Promise Program, including operation of cooperative innovative high schools and the cost of concurrent enrollment in the high school and the institution of higher education, student outcomes related to the Program, and any legislative recommendations on modifications to the administration and funding for the Program. Legislative recommendations shall also specifically address the use of the funds for the cooperative innovative high school allotment, whether the allotment is necessary for the operation of the schools, and how modification or discontinuation of the allotment would impact the programs.

SECTION 7.22.(c) Cooperative Innovative High School Allotment Amount. – Of the funds appropriated to the Department of Public Instruction by this act for the 2017-2019 fiscal biennium, the Department of Public Instruction shall allocate from the cooperative innovative high school supplemental allotment the sum of two hundred thousand dollars ($200,000) in recurring funds each fiscal year to a local school administrative unit for the operation of each authorized cooperative innovative high school located in the unit that was approved by the State Board of Education pursuant to G.S. 115C-238.51A(c), except for a cooperative innovative high school operated by a regional school board of directors pursuant to G.S. 115C-238.50A(3a).

SECTION 7.22.(d) Reporting Requirement on the Career and College Promise Programs. – G.S. 115D-5 is amended by adding a new subsection to read:

"(x) In addition to the evaluation of cooperative innovative high schools by the State Board of Education pursuant to G.S. 115C-238.55, the State Board of Community Colleges, in conjunction with the State Board of Education and the Board of Governors of The University of North Carolina, shall evaluate the success of students participating in the Career and College Promise Program, including the College Transfer pathway and the Career and Technical Education pathway. Success shall be measured by high school retention rates, high school completion rates, high school dropout rates, certification and associate degree completion, admission to four-year institutions, postgraduation employment in career or study-related fields, and employer satisfaction of employees who participated in the programs. The Boards shall jointly report by January 15 of each year to the Joint Legislative Education Oversight Committee."

3. 20 points if a school offers at least one course in world languages.

4. 20 points if a school offers at least one course in career and technical education.

In calculating the overall school achievement score earned by schools, the State Board of Education shall (i) use a composite approach to weigh the achievement elements based on the number of students measured by any given achievement element and (ii) proportionally adjust the scale to account for the absence of a school achievement element, except for subject-area course offerings under sub-subdivision g. of subdivision (1) of this subsection and sub-subdivision i. of subdivision (2) of this subsection, for award of scores to a school that does not have a measure of one of the school achievement elements annually assessed for the grades taught at that school. The overall school achievement score shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(c) Calculation of the School Growth Score.—Using EVAAS, the State Board shall calculate the overall school growth score earned by schools. In calculating the total school growth score earned by schools, the State Board of Education shall weight student growth on the achievement indicators elements as provided in subsection (b) of this section that have available growth values. The numerical values used to determine whether a school has met, exceeded, or has not met expected growth shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(d) Calculation of the School Performance Scores and Grades.—The State Board of Education shall use EVAAS to calculate the school performance score by adding the school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, earned by a school. The school achievement score shall account for eighty percent (80%), and the school growth score shall account for twenty percent (20%) of the total sum. If a school has met expected growth and inclusion of the school’s growth score reduces the school’s performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade.

Grades for School Achievement and School Growth.—For all schools, the total school performance score—school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, shall each be converted by the State Board of Education to a 100-point scale and used to determine a school performance grade—two separate grades, one for school achievement and one for school growth, based on the following scale:

(1) A school performance score of at least 90-85 is equivalent to an overall school performance—an achievement or growth grade of A.

(2) A school performance score of at least 80-70 is equivalent to an overall school performance—an achievement or growth grade of B.
A school performance score of at least 20-55 is equivalent to an overall school performance achievement or growth grade of C.

A school performance score of at least 60-40 is equivalent to an overall school performance achievement or growth grade of D.

A school performance score of less than 60 points is equivalent to an overall school performance achievement or growth grade of F.

(d1) Calculation of Subgroup Scores and Grades. – In addition to the school achievement and growth scores and grades awarded under this section, for each school that serves a minimum number of students in a subgroup of students listed in this subsection, the State Board of Education shall use EVAAS to calculate subgroup achievement and growth scores and shall determine corresponding subgroup achievement and growth grades for each subgroup using the same method as set forth in subsection (d) of this section. Subgroup achievement and growth scores shall not be included in the calculation of the school scores and grades under subsection (d) of this section.

The State Board shall establish the minimum number of students in a subgroup served by a school that is necessary to disaggregate information on student performance and to determine subgroup achievement and growth grades for that subgroup. The subgroup achievement and growth scores and grades shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8 for the following subgroups of students as required by the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act:

1. Economically disadvantaged students.
2. Students from major racial and ethnic groups.
4. English learners.

(e) Elementary and Middle School Reading and Math Achievement Scores. – For schools serving students in kindergarten through eighth grade, the school achievement scores in reading and mathematics, respectively, shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(f) Indication of Growth. – In addition to awarding the overall school achievement and growth scores for achievement, growth, and performance and the performance grade, and grades using EVAAS, the State Board shall designate that a school has met, exceeded, or has not met expected growth. The designation of student growth shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(g) Access to Annual Report Card Information on the Department’s Web Site. – Beginning with data collected in the 2017-2018 school year, the State Board of Education shall provide user-friendly access to the public on the annual report cards issued for local school administrative units and individual schools pursuant to G.S. 115C-12(9)c1. through the Department of Public Instruction’s Web site. The information provided for the annual report card shall be designed and organized to provide at least the following:

1. A summary for each local school administrative unit and for each individual school of the school achievement and growth grades, whether the school has met, exceeded, or has not met expected growth, and any other information required to be provided as part of the annual report card.
2. The percentage of schools receiving a school achievement or growth grade of A, B, C, D, or F earned by each school located within a local school administrative unit and statewide.
3. The number of schools that have met, exceeded, or have not met expected growth by each school located within a local school administrative unit and statewide.

ESTABLISH BOARD OF POSTSECONDARY EDUCATION CREDENTIALS

SECTION 9.11.(a) Chapter 115D of the General Statutes is amended by adding a
new Article to read:

"Article 9.
"Postsecondary Education Credentials.

§ 115D-100. Board of Postsecondary Education Credentials.
(a) Findings. – The General Assembly finds that, in today's economy, opportunities for North Carolina's citizens to reach the middle class with a high school level education or even less have significantly decreased. To be competitive and obtain better paying jobs that lead to a better quality of life in the State's current and future economy, most citizens will need some type of postsecondary education that qualifies them for employment. The General Assembly recognizes the importance of bringing together potential employers and providers of postsecondary education for the purpose of identifying workforce skills and training needs and developing courses of study and vocational training that meet the standards expected and required by industries, corporations, and other employers. The General Assembly further finds that the establishment of a permanent board with members who are knowledgeable about postsecondary education and workforce training needs will enable providers of postsecondary education to prepare and design training programs that are responsive to workforce needs and that will assist the State's citizens in securing the credentials required to obtain better paying jobs.

The General Assembly recognizes that postsecondary education opportunities should be easily available and accessible to all citizens. Therefore, the General Assembly encourages State educators, when designing the method and manner for delivering postsecondary educational programs, to take into account the varying income levels and economic circumstances of the State's citizens, transportation needs, and other unique challenges in both urban and rural areas of the State that affect accessibility to postsecondary education opportunities and to make genuine efforts to accommodate and address those factors.

The General Assembly also finds that most employers consider postsecondary credentials such as academic degrees and high-quality, nondegree certifications awarded by institutions of higher education when determining whether a person has the expertise and skills required for a job. However, high-quality credentials may also be obtained through other alternative models such as open-source online programs, on-the-job training, and military experience. Therefore, it is essential that a system also be devised in which the meaning and validity of postsecondary credentials is clear and understandable to educators, employers, and students and that accurately conveys the knowledge, skills, and training obtained by an individual however and wherever it is obtained.

(b) Board Established. – There is established the Board of Postsecondary Education Credentials to be located administratively under the Community Colleges System Office; however, the Board shall exercise all its prescribed powers independently of the Community Colleges System Office. The Board shall consist of the following members:

(1) The Lieutenant Governor or the Lieutenant Governor's designee.
(2) The President of The University of North Carolina or the President's designee.
(3) The President of the North Carolina Community College System or the President's designee.
(4) The Superintendent of Public Instruction or the Superintendent's designee.
(5) The Commissioner of Labor or the Commissioner's designee.
(6) The Secretary of Commerce or the Secretary's designee.
(7) The President of North Carolina Independent Colleges and Universities or the President's designee.
(8) The Executive Director of the Office of Proprietary Schools or the Executive Director's designee.
(9) The President of the North Carolina Hospital Association or the President's designee.
(10) The Executive Director of the North Carolina State Education Assistance Authority or the Executive Director's designee.
(c) Purpose. – The purpose of the Board is to review and make recommendations for the development of a statewide system of postsecondary education that links industry, corporations, and businesses in this State with educators, government, and community organizations to identify workforce skills and training needs and to ensure that appropriate courses of study and vocational training are available to North Carolinians, including those preparing to pursue postsecondary education, entering the workforce, or seeking to update skills and training for purposes of retaining employment and advancing in the workforce.

In addition, the Board shall identify alternative ways in which people gain valuable workforce skills and experience, such as on-the-job training, that are not represented by four-year or two-year degrees and the types of credentials used to signify competence of a certain level upon successful completion of the alternative training experience. The Board shall review and make recommendations on those criteria to be used to determine the value of a nondegree credential, the competencies that it represents, and how it should be compared and valued with regard to other types of postsecondary credentials.

(d) Duties. – The duties of the Board include the following:

(1) Recommend State goals and a framework for achieving those goals among educators to ensure that, by 2025, the appropriate percentage, as recommended by the Board, of the State's adult citizens will hold degrees, certificates, or other high-quality postsecondary credentials. The Board shall recommend a division of responsibility among The University of North Carolina System, the State's Community College System, and any other providers of postsecondary education credentials for achieving the goals recommended by the Board. The Board shall periodically review the progress made toward the recommended goals, evaluate the strategies developed and used toward attaining those goals, and may make additional recommendations.

(2) Identify the credentials that are acceptable for meeting those recommended goals and recommend how the responsibility for providing the courses of study and training for those credentials should be assigned among the State's educators and others. In making these recommendations, consideration shall be given to the fact that the individuals who need these courses of study and training are of various economic levels and are also located in rural areas and metropolitan areas across the State. These factors shall be taken into account with regard to the location and delivery of the courses of study and training programs.

(3) Address the issue of postsecondary credentials, the various levels of skill and knowledge those credentials signify, and how to accurately convey that information to employers, students and trainees, and providers of postsecondary education. The Board shall consider procedures and methods for recognizing skills and training needed in the workforce that an individual may have obtained through military experience, through on-the-job and employee-proved training, or through other life experiences.

(e) Chair. – The Board shall elect from the members a chair and a vice-chair for terms of two years. A chair or vice-chair may serve no more than two consecutive terms in that role.

(f) Hire Staff and Consultants. – To the extent of funds available, the Chair of the Board may, with the approval of the Board, hire staff or consultants to assist the Board in carrying out its purpose and duties.

(g) Travel and Subsistence. – Members, staff, and consultants of the Board shall receive travel and subsistence expenses in accordance with the provisions of G.S. 138-5 or G.S. 138-6, as appropriate.

Reporting Requirement. – The Board shall report initially no later than March 1, 2018, to the Joint Legislative Education Oversight Committee regarding the goals recommended by the Board pursuant to this section and the progress in meeting those goals and shall report annually thereafter. The report shall include any recommendations by the Board regarding legislation needed to implement this section.

The process for granting an extension of time must include a presentation by the provider to the Authority and the Department of the expected time line for establishing connectivity to the HIE Network and commencing data submission as required by this section. Neither the Authority nor the Department shall grant an extension of time (i) to any provider that fails to provide this information to the Authority and the Department or (ii) that would result in the provider establishing connectivity to the HIE Network and commencing data submission as required by this section later than June 1, 2021.

Eligibility determinations for NC Pre-K participants may continue through local education agencies and local North Carolina Partnership for Children, Inc., partnerships. SECTION 11B.2.(a) The Department of Health and Human Services, in
consultation with the Department of Public Instruction and any other agencies or organizations
that administer, support, or study early education in this State, and within resources currently
available, shall continue to collaborate on an ongoing basis in the development and
implementation of a statewide vision for early childhood education. In collaborating in this
effort, the agencies shall continue developing a comprehensive approach to early childhood
education, birth through third grade, including creating cross agency accountability with a
comprehensive set of data indicators, including consideration of the NC Pathways to
Grade-Level Reading, to monitor and measure success of the early childhood education
systems.

SECTION 11B.2.(b) The Department of Health and Human Services, the
Department of Public Instruction, and any other agencies or organizations that administer,
support, or study early education programs in this State shall submit a follow-up report of their
findings and recommendations, including any legislative proposals, on the statewide vision for
early childhood education pursuant to subsection (a) of this section to the Joint Legislative
Oversight Committee on Health and Human Services and the Joint Legislative Education
Oversight Committee on or before January 1, 2018, and may make any subsequent reports,
anually, on or before January 1, as needed to those same committees.

SECTION 11B.2.(c) The Department of Health and Human Services, in

quantifiable.
(2) Recommendations for sharing data contained in a student's transition plan between preschool teachers and either kindergarten teachers or the schools that receive the incoming kindergarten students.

(3) Recommendations for sharing data contained in a student's transition plan between preschool teachers and the parents or guardians of the child who is transitioning to kindergarten.

(4) Recommendations for preschool teacher training and continuing education to support their role in completing transition plans for preschool children.

(5) Recommendations for baseline information that should be compiled in transition plans for students transitioning to kindergarten.

(6) Procedures for the management of transition plan documents, including recommendations for the length of records retention, provisions for confidentiality, and proper disposal.

(7) Any other components the Department deems appropriate in the provision of information between preschools, students' families, and kindergartens.

SECTION 11B.2.(d) The Department of Health and Human Services shall report on the development of the standardized transition program required pursuant to subsection (c) of this section, including any findings and recommendations and any legislative proposals, to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Education Oversight Committee on or before January 1, 2018.

CHILD CARE SUBSIDY RATES

SECTION 11B.3.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 11B.3.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the co-payment shall be eighty-three percent (83%) of the full-time co-payment. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

SECTION 11B.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.
(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 11B.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 11B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 11B.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star rated facilities for non-star rated programs, such as religious programs.

SECTION 11B.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 11B.3.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 11B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:
(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 11B.3.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 11B.3.(k) Department of Defense-certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense-certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense-certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE SUBSIDY MARKET RATE INCREASES/CERTAIN AGE GROUPS AND COUNTIES

SECTION 11B.4.(a) Beginning October 1, 2017, the Division shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study for children birth through two years of age in three-, four-, and five-star-rated child care centers and homes in tier three counties.

SECTION 11B.4.(b) Beginning October 1, 2017, the Division shall increase the child care subsidy market rates by thirty percent (30%) of the difference between the current market rates and the rates recommended by the 2015 Child Care Market Rate Study for children three through five years of age in three-, four-, and five-star-rated child care centers and homes in tier three counties.

SECTION 11B.4.(c) For purposes of this section, tier three counties shall have the same designations as those established by the N.C. Department of Commerce's 2015 County Tier Designations.

CHILD CARE ALLOCATION FORMULA

SECTION 11B.5.(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 11B.3(a) of this act.

(2) The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties
as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:

a. The amount of funds used for preventing termination of services and the repayment of any federal funds.

b. The date the remaining funds were distributed to counties.

c. As a result of funds withheld under this subdivision and after funds have been distributed, any counties that did not receive at least the amount the counties received the previous year and the amount by which funds were decreased.

The Division shall submit a report in each year of the 2017-2019 fiscal biennium 30 days after the funds withheld pursuant to this subdivision are distributed, but no later than April 1 of each respective year.

(3) The Division shall set aside four percent (4%) of child care subsidy allocations for vulnerable populations, which include a child identified as having special needs and a child whose application for assistance indicates that the child and the child's family is experiencing homelessness or is in a temporary living situation. A child identified by this subdivision shall be given priority for receiving services until such time as set-aside allocations for vulnerable populations are exhausted.

SECTION 11B.5.(b) The Division may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service levels within the funds allocated to the counties. A county with a spending coefficient over one hundred percent (100%) shall submit a plan to the Division for managing the county's allocation before receiving any reallocated funds.

SECTION 11B.5.(c) When implementing the formula under subsection (a) of this section, the Division shall include the market rate increase in the formula process, rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

(1) Implement the final one-third change in a county's allocation beginning fiscal year 2018-2019. A county's initial allocation shall be at least the county's expenditure in the previous fiscal year or a prorated share of the county's previous fiscal year expenditures if sufficient funds are not available. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-five percent (95%) in the previous fiscal year shall receive its prior year's expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-five percent (95%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-five percent (95%) due to extraordinary circumstances, such as a State or federal disaster declaration in the affected county. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division
the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

CODIFY CERTAIN CHILD CARE SUBSIDY PROVISIONS

SECTION 11B.6. Article 3 of Chapter 143B of the General Statutes is amended by adding a new Part to read:

"Part 10C. Child Care Subsidy.

§ 143B-168.25. Child care funds matching requirements.
No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of an emergency as defined in G.S. 166A-19.3(6).

Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

§ 143B-168.27. Administrative allowance for county departments of social services; use of subsidy funds for fraud detection.
(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care and Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.
(b) Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.
(c) The Division may adjust the allocations in the Child Care and Development Fund Block Grant according to (i) the final allocations for local departments of social services under subsection (a) of this section and (ii) the funds allocated for fraud detection and investigation initiatives under subsection (b) of this section. The Division shall submit a report on the final adjustments to the allocations of the four percent (4%) administrative costs to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than September 30 of each year."

SMART START INITIATIVES

SECTION 11B.8. (a) Policies. – The North Carolina Partnership for Children, Inc., and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.'s mission of improving child care quality in North Carolina for children from birth to five years of age. North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten
programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

1. Increase children's literacy.
2. Increase the parents' ability to raise healthy, successful children.
3. Improve children's health.
4. Assist four- and five-star-rated facilities in improving and maintaining quality.

**SECTION 11B.8.(b) Administration.** – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

**SECTION 11B.8.(c) Salaries.** – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

1. The population of the area serviced by a local partnership.
2. The amount of State funds administered.
3. The amount of total funds administered.
4. The professional experience of the individual to be compensated.
5. Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

**SECTION 11B.8.(d) Match Requirements.** – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2017-2019 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2017-2019 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions,
incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

1. Be verifiable from the contractor’s records.
2. If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
3. Not include expenses funded by State funds.
4. Be supplemental to and not supplant preexisting resources for related program activities.
5. Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program’s objectives.
6. Be otherwise allowable under federal or State law.
7. Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
8. Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a nineteen-percent (19%) match by June 30 of each year of the 2017-2019 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Oversight Committee on Health and Human Services in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 11B.8.(e) Bidding. – The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

1. For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy as developed by the Board of Directors of the North Carolina Partnership for Children, Inc.
2. For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.
3. For amounts of fifteen thousand dollars ($15,000) or more, but less than forty thousand dollars ($40,000), a request for proposal process.
4. For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 11B.8.(f) Allocations. – The North Carolina Partnership for Children, Inc., shall not reduce the allocation for counties with less than 35,000 in population below the 2012-2013 funding level.

SECTION 11B.8.(g) Performance-Based Evaluation. – The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 11B.8.(h) Expenditure Restrictions. – The Department of Health and Human Services and the North Carolina Partnership for Children, Inc., shall ensure that the allocation of funds for Early Childhood Education and Development Initiatives for the 2017-2019 fiscal biennium shall be administered and distributed in the following manner:

1. Capital expenditures are prohibited for the 2017-2019 fiscal biennium. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).
2. Expenditures of State funds for advertising and promotional activities are prohibited for the 2017-2019 fiscal biennium.
For the 2017-2019 fiscal biennium, local partnerships shall not spend any State funds on marketing campaigns, advertising, or any associated materials. Local partnerships may spend any private funds the local partnerships receive on those activities.

SMART START EARLY LITERACY INITIATIVE/DOLLY PARTON'S IMAGINATION LIBRARY

SECTION 11B.9.(b) The North Carolina Partnership for Children, Inc., may use up to two percent (2%) of the funds for program evaluation. Funds appropriated under this section shall not be subject to administrative costs requirements under Section 11B.8(b) of this act, nor shall these funds be subject to the child care services funding requirements under G.S. 143B-168.15(b), child care subsidy expansion requirements under G.S. 143B-168.15(g), or the match requirements under Section 11B.8(d) of this act.

SECTION 11B.9A.(a) Funds allocated in this act to the North Carolina Partnership for Children, Inc., from the Department of Health and Human Services, in each year of the 2017-2019 fiscal biennium shall be used to increase access to Reach Out and Read, a program that supports physicians, nurse practitioners, and physician assistants in their efforts to "prescribe" reading to young children and families during well-child visits through early literacy guidance and book sharing, the provision of free books for children to keep, and literacy-rich waiting rooms.

SECTION 11B.9A.(b) The North Carolina Partnership for Children, Inc., may use up to two percent (2%) of the funds for program evaluation. Funds allocated under this section shall not be subject to administrative costs requirements under Section 11B.8(b) of this act, nor shall these funds be subject to the child care services funding requirements under G.S. 143B-168.15(b), child care subsidy expansion requirements under G.S. 143B-168.15(g), or the match requirements under Section 11B.8(d) of this act.

SECTION 11B.10.(b) The Task Force shall consist of at least the following members:

EVERY WEEK COUNTS DEMONSTRATION PROJECT

SECTION 11E.12.(a) The General Assembly finds that preterm birth is the major driver of infant mortality in the United States and the leading cause of long-term neurological disabilities in children. It further finds that the counties in North Carolina with the highest infant mortality rates are multiply burdened by high rates of preterm birth and high rates of poverty and also tend to be counties that are also disproportionately composed of racial minorities. It is the intent of the General Assembly to reduce the incidence of preterm birth and infant mortality by funding and supporting for a period of at least three years a demonstration project in two counties of Perinatal Care Region V of North Carolina to study (i) the extent to which a home-based prenatal care model can reduce the rate of preterm birth among multiparous women and (ii) whether multiparous women without a prior preterm birth, but with multiple risk factors for preterm birth in the current pregnancy, may benefit from 17 Alpha-Hydroxyprogesterone Caproate (17P) therapy.

SECTION 11E.12.(b) To that end, of the funds appropriated to the Department of Health and Human Services, Division of Public Health, the sum of two million two hundred thousand dollars ($2,200,000) in nonrecurring funds for the 2017-2018 fiscal year and the sum of two million two hundred thousand dollars ($2,200,000) in nonrecurring funds for the 2018-2019 fiscal year shall be used to conduct a demonstration project in Robeson and Columbus counties to do the following:

(1) Investigate the effectiveness of in-home prenatal care for the prevention of preterm birth among multiparous women of low income.

(2) Conduct a nested randomized controlled trial of 17P for preterm birth prevention among women without a prior preterm birth, but with a significant constellation of risk factors that increases their likelihood of having a preterm birth in the current pregnancy.

Multiparous women at or below one hundred eighty-five percent (185%) of the federal poverty level and primaparous women at or below two hundred percent (200%) of the federal poverty level, who are in the early stages of pregnancy, ideally prior to 17 weeks gestation, are eligible to participate in the demonstration project regardless of age or medical history. Faculty at the University of North Carolina at Chapel Hill shall supervise the demonstration project.

SECTION 11E.12.(c) The demonstration project shall consist of at least all of the following components:

(1) An Every Week Counts enrollment visit that includes an early ultrasound assessment and a complete medical examination to ascertain baseline health characteristics, presence of reproductive tract infections, and other risk factors for preterm birth including reproductive history and other relevant
factors. The enrollment visit shall also include a detailed interview to ascertain the social and psychological state of the program participant.

(2) Women enrolled in Every Week Counts shall receive home visits during pregnancy that combine a home-based prenatal care model with social interventions focused on addressing barriers to completing educational goals, obtaining employment, identifying reliable and high-quality child care, and addressing the health and safety needs of the growing family.

(3) Women enrolled in Every Week Counts shall receive home visits during the first two years of their child's life. Program participants and their infants will be followed until the child's second birthday. In these monthly visits, the child's health, growth, and development will be tracked; the mother will be provided with information on nutritional, health, and developmental needs; and children in need of Early Intervention Services will be identified to ensure school readiness. Primary health care in addition to targeted education in early childhood development and health needs will be provided to participants in a home setting. In order to track the development of these children, standardized tests will be administered periodically to assess cognitive, psychomotor, and behavioral development.

(4) There shall be a randomized clinical trial of 17P within Every Week Counts in a population of women enriched for preterm birth susceptibility. Eligible women that choose to enroll in this intervention trial will be randomized to a weekly 17P injection after 16-20 weeks' gestation or a sham injection. Women who choose to participate in the 17P intervention trial will be co-enrolled in Every Week Counts and will receive all the same home-based prenatal care and child development services, but will receive weekly visits from the Nurse Practitioner after 16-20 weeks' gestation in order to deliver the 17P intramuscular injection.

SECTION 11E.12.(d) Not later than six months after the conclusion of the demonstration project, the University of North Carolina at Chapel Hill shall submit a final report on the demonstration project to the Department that addresses at least all of the following:

(1) For the Every Week Counts part of the demonstration project:
   a. Percent preterm and low birth weight relative to overall county statistics in current and prior years using vital statistics data, within categories of race/ethnicity and parity.
   b. Percent initiating breastfeeding at delivery and the average duration of breastfeeding.
   c. Percent reporting active smoking at the time of delivery.
   d. Uptake of contraception postpartum.
   e. Average length of interpregnancy interval.
   f. Percent of children meeting developmental milestones in the first year.
   g. Number of emergency room visits related to child health in the first two years.

(2) For the 17P Intervention Trial, relative risk of preterm birth in treated versus untreated program participants.

SECTION 11E.12.(e) Not later than three months after the Department receives the report due under subsection (d) of this section, the Department shall submit a final report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division evaluating the demonstration project. At a minimum, the report shall include all of the following:
(1) An estimate of the cost to expand the program incrementally and statewide.

(2) An estimate of any potential savings of State funds associated with expansion of the program.

(3) If expansion of the program is recommended, a time line for expanding the program.

SECTION 11E.12.(f) The demonstration project authorized under this section shall terminate upon the submission of the report due under subsection (d) of this section by the University of North Carolina at Chapel Hill.

Within 30 days after meeting with an LME/MCO pursuant to this section, the Secretary shall submit a written report of its evaluation to the LME/MCO. By October 1, 2017, the Secretary shall submit an initial report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division on each LME/MCO determined to be at risk of failing financially, identifying the reasons for each LME/MCO's vulnerable financial position.

The LME/MCO must maintain the level of services provided to consumers regardless of the withholding of single-stream payments. The funds withheld may be distributed to any LME/MCOs that are in compliance with the fund balance thresholds for the provision of priority mental health, development disabilities, and substance abuse services (MH/DD/SAS) or be used for other purposes that benefit people in need of MH/DD/SAS services.

PREPAYMENT CLAIMS REVIEW MODIFICATIONS

SECTION 11H.19.(a) G.S. 108C-7 reads as rewritten:

"§ 108C-7. Prepayment claims review. 

(a) In order to ensure that claims presented by a provider for payment by the Department meet the requirements of federal and State laws and regulations and medical necessity criteria, a provider may be required to undergo prepayment claims review by the Department. Grounds for being placed on prepayment claims review shall include, but shall not be limited to, receipt by the Department of credible allegations of fraud, identification of aberrant billing practices as a result of investigations or data analysis performed by the Department, the failure of the provider to timely respond to a request for documentation made by the Department or one of its authorized representatives, or other grounds as defined by the Department in rule.

(b) Providers shall not be entitled to payment prior to claims review by the Department. The Department shall notify the provider in writing of the decision and the process for instituting prepayment claims review. The written notice shall be deposited, first-class postage prepaid, in the United States mail and addressed to the most recent address given by the provider to the Department. The prepayment claims review shall be instituted no less than 20 calendar days from the date of the mailing of written notification. The notice shall contain all of the following:

... 

(4) A specific list of all supporting documentation that the provider will need to submit contemporaneously with the prepayment review vendor for all claims that will be subject to the prepayment claims review.
(d) The Department shall process all clean claims submitted for prepayment review within 20 calendar days of receipt of supporting documentation for each claim by the prepayment review vendor. To be considered by the Department, the documentation submitted must be complete, legible, and clearly identify the provider to which the documentation applies. If the provider failed to provide any of the specifically requested supporting documentation necessary to process a claim pursuant to this section, the Department shall send to the provider written notification of the lacking or deficient documentation within 15 calendar days of receipt of such claim. The due date of requested supporting documentation The Department shall have an additional 20 days to process a claim upon receipt of the documentation.

(e) The provider shall remain subject to the prepayment claims review process until the provider achieves three consecutive months with a minimum seventy percent (70%) clean claims rate, provided that the number of claims submitted per month is no less than fifty percent (50%) of the provider's average monthly submission of Medicaid claims for the three-month period prior to the provider's placement on prepayment review. If a provider does not submit any claims following placement on prepayment review in any given month, then the claims accuracy rating shall be zero percent (0%) for each month in which no claims were submitted. If the provider does not meet this standard—the seventy percent (70%) clean claims rate minimum requirement for three consecutive months within six months of being placed on prepayment claims review, the Department may implement sanctions, including termination of the applicable Medicaid Administrative Participation Agreement, or continuation of prepayment review for an additional six-month period review. The Department shall give adequate advance notice of any modification, suspension, or termination of the Medicaid Administrative Participation Agreement. In no instance shall prepayment claims review continue longer than 12 months.

Prepayment claims review shall not continue longer than 24 consecutive months unless the Department has initiated the termination or other sanction of the provider and the provider has appealed that termination or sanction. If the Department has initiated the termination or other sanction of the provider and the provider has appealed that termination or sanction, then the provider shall remain on prepayment review until the final disposition of the Department's termination or other sanction of the provider.

(e1) Failure of a provider to meet the seventy percent (70%) clean claims rate minimum requirement may result in a termination action. A termination action taken shall reflect the failure of the provider to meet the seventy percent (70%) clean claims rate minimum requirement and shall result in exclusion of the provider from future participation in the Medicaid program. If a provider fails to meet the seventy percent (70%) clean claims rate minimum requirement and subsequently requests a voluntary termination, the termination shall reflect the provider’s failure to successfully complete prepayment claims review and shall result in exclusion of the provider from future participation in the Medicaid program.

(e2) A provider shall not withhold claims to avoid the claims review process. Any claims for services provided during the period of prepayment review may still be subject to review prior to payment regardless of the date the claims are submitted and regardless of whether the provider has been taken off of prepayment review for any reason, including attaining a minimum of seventy percent (70%) clean claims rate for three consecutive months, the expiration of the 24-month time limit, or the termination of the provider.

(f) The decision to place or maintain a provider on prepayment claims review does not constitute a contested case under Chapter 150B of the General Statutes. A provider may not appeal or otherwise contest a decision of the Department to place or maintain a provider on prepayment review.

(g) If a provider elects to appeal the Department's decision to impose sanctions on the provider as a result of the prepayment review process to the Office of Administrative Hearings,
then the provider shall have 45 days from the date that the appeal is filed to submit any
documentation or records that address or challenge the findings of the prepayment review. The
Department shall not review, and the administrative law judge shall not admit into evidence, any
documentation or records submitted by the provider after the 45-day deadline. In order for
a provider to meet its burden of proof under G.S. 108C-12(d) that a prior claim denial should be
overturned, the provider must prove that (i) all required documentation was provided at the
time the claim was submitted and was available for review by the prepayment review vendor
and (ii) the claim should not have been denied at the time of the vendor's initial review."

SECTION 11H.19.(b) This section becomes effective October 1, 2017, and applies
to providers who are placed on prepayment review on or after that date and written notices
provided to providers on or after that date.

MEDICAID SUBROGATION RIGHTS CONFORMING CHANGES

SECTION 11H.23. If Section 202(b) of the Bipartisan Budget Act of 2013, P.L. 113-67, takes effect on October 1, 2017, as provided in Section 202(c) of that act, as amended by Section 211 of the Protecting Access to Medicare Act of 2014, P.L. 113-93, and Section 220 of the Medicare Access and CHIP Reauthorization Act of 2015, P.L. 114-10, then G.S. 108A-57 reads as rewritten:

"§ 108A-57. Subrogation rights; withholding of information a misdemeanor.

(a) As used in this section, the term "beneficiary" means (i) the beneficiary of medical assistance, including a minor beneficiary, (ii) the medical assistance beneficiary's parent, legal
guardian, or personal representative, (iii) the medical assistance beneficiary's heirs, and (iv) the administrator or the executor of the medical assistance beneficiary's estate.

Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State shall be subrogated to all rights of recovery, contractual or otherwise, of the beneficiary of this assistance, or of the beneficiary's personal representative, heirs, or the administrator or executor of the estate, against any person. A personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party shall include a claim for all medical assistance payments for health care items or services furnished to the medical assistance beneficiary as a result of the injury, hereinafter referred to as the "Medicaid claim."

Any personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party that does not state the Medicaid claim shall be deemed to include the Medicaid claim.

(a1) If the amount of the Medicaid claim does not exceed one-third of the medical assistance beneficiary's gross recovery, it is presumed that the gross recovery includes compensation for the full amount of the Medicaid claim. If the amount of the Medicaid claim exceeds one-third of the medical assistance beneficiary's gross recovery, it is presumed that one third of the gross recovery represents compensation for the Medicaid claim. The Medicaid claim shall be a lien upon any recovery that a beneficiary obtains. The amount of the lien shall be equal to the total amount of the Medicaid claim but shall not exceed one-third of the gross amount of the recovery obtained.

If a beneficiary has claims against more than one third party related to the same injury, then the payment of the Medicaid lien on any individual recovery shall reduce the total balance of the Medicaid claim. The remaining balance of the Medicaid claim shall be applied as a lien on any subsequent recovery, provided that the lien on each recovery shall not exceed one-third of the gross amount of each recovery obtained.

(a2) A medical assistance beneficiary may dispute the presumptions established in subsection (a1) of this section by applying to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a court of competent jurisdiction, for a determination of the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim. An application under this subsection shall be filed with the court and served on the Department pursuant to the Rules of Civil Procedure no later than 30 days after the date that the settlement agreement is executed by all parties and, if required, approved by the court, or in cases in which judgment has been entered, no later than 30 days after the date of entry of judgment. The court shall hold an evidentiary hearing no sooner than 30 days after the date the action was filed. All of the following shall apply to the court's determination under this subsection:

(1) The medical assistance beneficiary has the burden of proving by clear and convincing evidence that the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim is less than the portion presumed under subsection (a1) of this section.

(2) The presumption arising under subsection (a1) of this section is not rebutted solely by the fact that the medical assistance beneficiary was not able to recover the full amount of all claims.

(3) If the beneficiary meets its burden of rebutting the presumption arising under subsection (a1) of this section, then the court shall determine the portion of the recovery that represents compensation for the Medicaid claim and shall order the beneficiary to pay the amount so determined to the Department in accordance with subsection (a5) of this section. In making this determination, the court may consider any factors that it deems just and reasonable.
If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the court shall order the beneficiary to pay the amount presumed pursuant to subsection (a1) of this section to the Department in accordance with subsection (a5) of this section.

Notwithstanding the presumption arising pursuant to subsection (a1) of this section, the medical assistance beneficiary and the Department may reach an agreement on the portion of the recovery that represents compensation for the Medicaid claim. If such an agreement is reached after an application has been filed pursuant to subsection (a2) of this section, a stipulation of dismissal of the application signed by both parties shall be filed with the court.

Within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, the medical assistance beneficiary or any attorney retained by the beneficiary shall notify the Department of the receipt of the proceeds.

The medical assistance beneficiary, within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, shall distribute to the Department the amount due pursuant to this section as follows:

(1) If, upon the expiration of the time for filing an application pursuant to subsection (a2) of this section, no application has been filed, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the beneficiary's receipt of the proceeds, in the absence of an agreement pursuant to subsection (a3) of this section.

(2) If an application has been filed pursuant to subsection (a2) of this section and no agreement has been reached pursuant to subsection (a3) of this section, then the Department shall be paid as follows:

a. If the beneficiary rebuts the presumption arising under subsection (a1) of this section, then the amount determined by the court pursuant to subsection (a2) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.

b. If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.

(3) If an agreement has been reached pursuant to subsection (a3) of this section, then the agreed amount, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the execution of the agreement by the medical assistance beneficiary and the Department.

The United States and the State of North Carolina shall be entitled to shares in each net recovery by the Department under this section. Their shares shall be promptly paid under...
this section and their proportionate parts of such sum shall be determined in accordance with
the matching formulas in use during the period for which assistance was paid to the recipient.

(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance
under this Part for himself, herself or another for another, to willfully fail to
disclose to the county department of social services or its attorney and to the Department the
identity of any person or organization against whom the recipient of assistance has a right of
recovery, contractual or otherwise.

(c) This section applies to the administration of and claims payments made by the
Department of Health and Human Services under the NC Health Choice Program established
under Part 8 of this Article.

(d) As required to ensure compliance with this section, the Department may apply to the
court in which the medical assistance beneficiary's claim against the third party is pending, or if
there is none, then to a superior court of competent jurisdiction for enforcement of this section."

SECTION 11H.24.(a) Notwithstanding any other provision of law, in order to

(Department) shall amend the Medicaid State Plan, Attachment 4.19-B, Section 5, Pages 2 and

Department shall further condition eligibility for contracted eligible professionals upon a
demonstration that the contracts account for at least eighty percent (80%) of net professional
fees from commercial payers or that the contracts address the overall financial risk of the
professional's practice or group.

The Department shall submit the State Plan Amendment required by this subsection
to the Centers for Medicare and Medicaid (CMS) no later than October 1, 2017. The

**GENERAL PROVISIONS**

**(1)** A delineation of the proposed allocations by program or activity, including State and federal match requirements.

**(2)** A delineation of the proposed State and local administrative expenditures.

**(3)** An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

**(4)** A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

**(5)** A projection of current year expenditures by program or activity.

**(6)** A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

**SECTION 11L.1.(c)** Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal...
fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2017-2018 and 2018-2019, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children and shall not be used to supplant State funds.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 11L.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2019, according to the schedule enacted for State fiscal years 2017-2018 and 2018-2019 or until a new schedule is enacted by the General Assembly.

SECTION 11L.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Oversight Committee on Health and Human Services for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

SECTION 11L.1.(f) Except as otherwise provided, the Department of Health and Human Services shall have flexibility to transfer funding between the Temporary Assistance for Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant so long as the total allocation for the line items within those block grants remains the same.

DOT/OUTSOURCING AND PROJECT DELIVERY REPORTS

SECTION 34.13. Article 1 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-12.3. Outsourcing and project delivery reports.

(a) Intent. – It is the intent of the General Assembly to take all steps necessary to assist the Department of Transportation in accelerating project delivery and reducing costs incurred by the State. The General Assembly finds that shifting more control over projects to each of the Highway Divisions can assist in achieving this intent. Further, the General Assembly encourages each Highway Division to increase its outsourcing of preconstruction activities to private contractors to sixty percent (60%) of the total cost of preconstruction activities performed by the Highway Division, with the belief that increased outsourcing will also assist in achieving this intent. Therefore, in order to assess the results from shifting project control and increasing the use of outsourcing, and to determine what adjustments may be necessary to improve upon the results, the General Assembly finds that reports are necessary to collect baseline data to establish appropriate targets.

(b) Outsourcing Report. – For each Highway Division, the Department shall provide a detailed biannual report on all payments made to private contractors for preconstruction activities. In order to compare internal costs incurred with payments made to private contractors, and except as otherwise provided in this subsection, the Department shall include project-specific expenses incurred by division, regional, or central staff. The Department shall not include expenses incurred for central business units that support and oversee outsourcing functions. The information in the first report submitted under this subsection shall be used to establish a baseline to use for setting future preconstruction outsourcing targets. The Department shall submit the reports required under this subsection to the Joint Legislative Transportation Oversight Committee by September 1 and March 1 of each year.

(c) Project Delivery Report. – For each Highway Division, the Department shall provide a detailed annual report in accordance with the following requirements:

(1) The report shall detail the progress of the following types of projects in the State Transportation Improvement Program current for the period covered by the report:
   a. Bridge projects with a cost in excess of ten million dollars ($10,000,000).
   b. Interstate highway projects.
   c. Rural highway projects.
   d. Urban highway projects.

(2) For each project, the report shall indicate the status of all of the following phases:
   a. Planning a design in progress.
   b. Right-of-way acquisition in progress.
   c. Project let for construction.
   d. Construction substantially complete and traffic using facility.
For each project, and as applicable, the report shall include an indication and explanation for project stages that are delayed during the period covered by the report and the delay has been for more than one year.

For each project, the report shall include the planned and actual completion date for any required environmental documentation.

The Department shall submit the report required under this subsection to the Joint Legislative Transportation Oversight Committee by March 1 of each year.

(d) Combined Report. – The Department may combine the reports required to be submitted by March 1 under subsections (b) and (c) of this section into a single report.

(e) Consultation Required. – If a Highway Division fails to meet the established preconstruction outsourcing target in two consecutive reports submitted under subsection (b) of this section, or if a report submitted under subsection (c) of this section identifies a Highway Division as having three or more project stages delayed for more than one year, the Division Engineer of the Highway Division identified in the report shall consult with the Joint Legislative Transportation Oversight Committee. The Division Engineer shall submit a request for consultation to (i) all members of the Committee, (ii) the chairs of the House of Representatives Appropriations Committee on Transportation if the General Assembly is in session at the time consultation is required under this subsection, (iii) the chairs of the Senate Appropriations Committee on the Department of Transportation if the General Assembly is in session at the time consultation is required under this subsection, and (iv) the Fiscal Research Division of the General Assembly. The request for consultation shall consist of a written report providing an explanation for the failure or delay and a plan for remedying the failure or delay. If the Committee does not hold a meeting to hear the consultation required by this subsection within 90 days after the consultation request has been submitted, the consultation requirement is satisfied.

BOARD OF TRANSPORTATION/STUDY FEE STRUCTURE FOR SERVICES PERFORMED BY THE HIGHWAY DIVISION

SECTION 34.14.(a) Study. – The Board of Transportation shall study the existing fee structure for services performed by Highway Division personnel. For each type of service performed by Highway Division personnel, the Board shall identify, for each of the three fiscal years immediately preceding the effective date of this section, (i) the number of times a fee was charged for a service performed and (ii) the number of times a fee could have been charged for a service performed. The study shall identify the service performed, the amount of the fee that was or could have been charged, the cost incurred by the Department of Transportation from performing the service, and, if applicable, the reason for not charging the fee.

SECTION 34.14.(b) Report. – The Board shall submit its findings, including any legislative recommendations, to the Joint Legislative Transportation Oversight Committee by January 1, 2018.

ALIGN DOT'S PROGRAM FOR PARTICIPATION BY DISADVANTAGED MINORITY-OWNED AND WOMEN-OWNED BUSINESSES WITH FEDERAL LAW

SECTION 34.15.(a) G.S. 136-28.4 reads as rewritten:

(b1) Based upon the findings of the Department's 2014 study entitled "North Carolina Department of Transportation Disparity Study, 2014," hereinafter referred to as "Study", the program design shall, to the extent reasonably practicable, incorporate narrowly tailored
remedies identified in the Study, and the Department shall implement a comprehensive antidiscrimination enforcement policy. As appropriate, the program design shall be modified by rules adopted by the Department that are consistent with findings made in the Study and in subsequent studies conducted in accordance with subsection (b) of this section. As part of this program, the Department shall review its budget and establish a combined aspirational goal every three years, not a mandatory goal, in percentages, as a percentage, for the overall participation in contracts by disadvantaged minority-owned and women-owned businesses. These aspirational goals for disadvantaged minority-owned and women-owned businesses shall be established consistent with federal methodology and shall not be applied rigidly on specific contracts or projects. Instead, the Department shall establish contract-specific goals or project-specific goals for the participation of such firms in a manner consistent with availability of disadvantaged minority-owned and women-owned businesses, as appropriately defined by its most recent Study, for each disadvantaged minority-owned and women-owned business category that has demonstrated significant disparity in contract utilization. Nothing in this section shall authorize the use of quotas. Any program implemented as a result of the Study conducted in accordance with this section shall be narrowly tailored to eliminate the effects of historical and continuing discrimination and its impacts on such disadvantaged minority-owned and women-owned businesses without any undue burden on other contractors. The Department shall give equal opportunity for contracts it lets without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses otherwise qualified.

... This section expires August 31, 2017."

SECTION 34.15.(b) The Department of Transportation shall develop a plan to establish and implement the combined goal required under subsection (a) of this section. The Department shall submit its plan, including any legislative recommendations, to the Joint Legislative Transportation Oversight Committee by February 1, 2018. The Department shall implement its plan developed under this subsection by April 1, 2018.

SECTION 34.15.(c) G.S. 136-28.4(b1), as amended by subsection (a) of this section, becomes effective April 1, 2018. The remainder of this section is effective when it becomes law.

"DOT REPORT" PROGRAM REVISIONS

SECTION 34.16.(a) G.S. 136-18.05 reads as rewritten:

"§ 136-18.05. Establishment of "DOT Report" Program.

..."

(b) Establishment and Components. – To achieve the intent set forth in subsection (a) of this section, the Department shall establish and implement the "DOT Report" Program (Program). The Program shall include the following components:

(1) Responsiveness. – The Department shall structure the Program to gather citizen input and shall commit to quickly addressing structural problems and other road hazards on State-maintained roads. Citizens may report potholes, drainage issues, culvert blockages, guardrail repairs, damaged or missing signs, malfunctioning traffic lights, highway debris, or shoulder damage to the Department of Transportation by calling a toll-free telephone number designated by the Department or submitting an online work request through a Web site link designated by the Department. Beginning January 1, 2016, upon receiving a citizen report in accordance with this subdivision, the Department shall either address the reported problem or identify a solution to the reported problem. Excluding potholes, which shall be repaired within
two business days of the date the report is received, the Department of Transportation shall properly address (i) safety-related citizen reports no later than 10 business days after the date the report is received and (ii) non-safety-related citizen reports no later than 15 business days after the date the report is received. The Department shall determine, in its discretion, whether a citizen report is safety-related or non-safety-related. The Department shall transmit information received about potholes or other problems on roads not maintained by the State to the appropriate locality within two business days of receiving the citizen report. The Department shall provide a monthly report to all of the following on the number of citizen reports received under this subdivision for the month immediately preceding the monthly report, the number of citizen reports fully addressed within the time frames set forth in this subdivision for the month immediately preceding the monthly report, the number of citizen reports addressed outside of the time frames set forth in this subdivision for the month immediately preceding the monthly report, and the number of citizen reports not fully addressed for the month immediately preceding the report:

a. The Joint Legislative Transportation Oversight Committee.

c. The chairs of the House of Representatives Appropriations Committee on Transportation.

d. The chairs of the Senate Appropriations Committee on the Department of Transportation.

(1a) Efficiency. – The Department shall adopt procedures in all stages of the construction process to streamline project delivery, including consolidating environmental review processes, expediting multiagency reviews, accelerating right-of-way acquisitions, and pursuing design build and other processes to collapse project stages. By December 1, 2015, the Department shall establish a baseline unit pricing structure for transportation goods used in highway maintenance and construction projects and set annual targets for three years based on its unit pricing. In forming the baseline unit prices and future targets, the Department shall collect data from each Highway Division on its expenditures on transportation goods during the 2015-2016 fiscal year. Beginning January 1, 2016, no Highway Division shall exceed a ten percent (10%) variance over a baseline unit price set for that year in accordance with this subdivision. The Department of Transportation shall institute quarterly tracking to monitor pricing variances. The ten percent (10%) maximum variance set under this subdivision is intended to account for regional differences requiring varying product mixes. If a Highway Division exceeds the unit pricing threshold, the Department shall report to the Joint Legislative Transportation Oversight Committee, the Fiscal Research Division of the General Assembly, the chairs of the House of Representatives Appropriations Committee on Transportation, and the chairs of the Senate Appropriations Committee on the Department of Transportation no later than the fifteenth day following the end of the quarter on why the variance occurred and what steps are being taken to bring the Highway Division back into compliance. In order to drive savings, unit pricing may be reduced annually as efficiencies are achieved.

Notice of the finding shall be filed with the North Carolina Industrial Commission. The finding of the secretary or other department head shall be final unless the claimant, within 30 days of receipt of the notice, files a request for a hearing with the North Carolina Industrial Commission using a form required by the Commission. From the decision of the North Carolina Industrial Commission, an appeal shall lie as in other matters heard and determined by the Commission. Any person who refuses to perform any duties to which the person may be properly assigned as a result of the finding of the secretary, other head of the department or of the North Carolina Industrial Commission shall be entitled to no benefits pursuant to this Article as long as the refusal continues. A duty is properly assigned if the duty complies with the authorized treating physician's restrictions. Any eligible person whose salary continuation benefits are terminated by the secretary or other head of the department shall be immediately entitled to benefits under G.S. 97-29 or G.S. 97-30. For joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.

SECTION 38.8.(e) Sales of mill machinery to manufacturers and certain industrial processors have historically enjoyed preferential tax treatment, whether in the form of a reduced wholesale tax, a preferential rate of sales and use tax, or a one-percent (1%) privilege tax with an eighty-dollar ($80.00) cap per article. Despite the nature of the tax, the operational language has remained virtually unchanged for over 60 years and lacks clear guidance with regard to its application. Specifically, Article 5F of Chapter 105 of the General Statutes, and its predecessors, did not define "manufacturing industry or plant" or "mill machinery." This lack of guidance has resulted in a substantial body of administrative interpretation being developed over the years by the Department of Revenue. These interpretations are not included in the statutes and may not necessarily comport with the traditional definition of manufacturing, but they may be consistent with the General Assembly's intent to provide preferential tax treatment to certain industrial equipment.

This act repeals the one-percent (1%) privilege tax on mill machinery and mill machinery parts and accessories and substitutes a sales and use tax exemption for the items. However, the General Assembly recognizes that, once this transition has occurred, efforts need to be made to provide more guidance and specificity to taxpayers and the Department of Revenue with respect to the treatment of manufacturing and industrial processing equipment. Therefore, the Revenue Laws Study Committee is directed to study ways in which to clarify the scope of the sales and use tax exemption for mill machinery, as enacted by this act, by modernizing and further defining the statutory language and by incorporating existing administrative interpretations of the Department of Revenue, to the extent the General Assembly desires to maintain those interpretations.

The Committee may report its findings, together with any recommended legislation, to the 2018 Regular Session of the 2017 General Assembly upon its convening. The study may include an examination of the following:

1. The criteria that had to be met under prior law to qualify for the preferential rate under Article 5F of Chapter 105 of the General Statutes and whether that criteria should be incorporated into or otherwise clarified in the corresponding sales and use tax exemption, as enacted by this act, including the following:
   a. What constitutes an eligible manufacturer or industrial processor.
b. The extent to which a business’s activities must consist of manufacturing or processing items for sale in order for the sales and use tax exemption, as enacted by this act, to apply.

c. The types of activities that qualify as manufacturing or industrial processing.

d. The types of machinery, parts, accessories, and other supplies that are eligible for the exemption and the degree to which they must be used in that process to qualify.

(2) A review of the Department’s administrative interpretations of the mill machinery statute, in all its forms, and whether and how to incorporate those interpretations into the statutes.

(3) Terminology used by surrounding states in their statutory provisions that provide a sales and use tax exemption for manufacturing equipment.

(4) Any other issues the Committee deems relevant.

SECTION 38.8.(f) Subsections (a), (b), and (c) of this section become effective July 1, 2017, and apply to sales made on or after that date. The remainder of this section is effective when it becomes law.

SALES TAX EXEMPTION FOR FULFILLMENT CENTERS

SECTION 38.9.(a) G.S. 105-164.3 is amended by adding a new subdivision to read:

   b. The Secretary of Commerce has certified that an investment of private funds of at least one hundred million dollars ($100,000,000) has been or will be made in real and tangible personal property for the facility within five years after the date on which the first property investment is made and that the facility will achieve an employment level of at least 400 within five years after the date the facility is placed into service and maintain that minimum level of employment throughout its operation."

SECTION 38.9.(b) G.S. 105-164.13(5n), as enacted by Section 38.8(c) of this act, reads as rewritten:

"(5n) Sales of equipment, or an accessory, an attachment, or a repair part for equipment, that meets all of the following requirements:

   a. Is sold to a large manufacturing and distribution facility or to a large fulfillment center.

   b. Is used in the manufacturing process, the assembly process, or the distribution process.

   c. Is not electricity.

   If the level of investment or employment required by G.S. 105-164.3(16f)b. or G.S. 105-164.3(16g)b. is not timely made, achieved, or maintained, then the exemption provided under this subdivision is forfeited. If the exemption is forfeited due to a failure to timely make the required investment or to timely achieve the minimum required employment level, then the exemption provided under this subdivision is forfeited on all purchases. If the exemption is forfeited due to a failure to maintain the minimum required employment level once that level has been achieved, then the exemption provided under this subdivision is forfeited on all purchases. If the exemption is forfeited due to a failure to maintain the minimum required employment level once that level has been achieved, then the exemption is forfeited on all purchases."
provided under this subdivision is forfeited for those purchases occurring on
or after the date the taxpayer fails to maintain the minimum required
employment level. A taxpayer that forfeits an exemption under this
subdivision is liable for all past sales and use taxes avoided as a result of the
forfeiture, computed at the applicable State and local rates from the date the
taxes would otherwise have been due, plus interest at the rate established
under G.S. 105-241.21. Interest is computed from the date the sales or use
tax would otherwise have been due. The past taxes and interest are due 30
days after the date of forfeiture. A taxpayer that fails to pay the past taxes
and interest by the due date is subject to the provisions of G.S. 105-236. This
subdivision expires for sales to a large manufacturing and distribution
facility occurring on or after July 1, 2018."

SECTION 38.9.(c) This section becomes effective July 1, 2017, and applies to
sales made on or after that date.
