# GENERAL ASSEMBLY OF NORTH CAROLINA

# Session 2017

# Legislative Actuarial Note Health Benefits

**BILL NUMBER:** House Bill 761 (First Edition)

**SHORT TITLE:** Athletic Trainer/Choice of Provider.

**SPONSOR(S):** Representative Hanes

**SYSTEM OR PROGRAM AFFECTED:** State Health Plan for Teachers and State Employees (Plan).

**FUNDS AFFECTED:** State General Fund, State Highway Fund, other State employer receipts; premium payments for dependents of active employees and retired employees of State agencies and universities, local public schools and local community colleges; premium payments for coverages selected by eligible former employees; premium payments for coverages selected by firefighters, rescue squad workers, members of the National Guard, and certain authorized local governments.

#### **BILL SUMMARY:**

House Bill 761 (First Edition) amends G.S. 58-50-30 to add that insured persons have the right to choose any duly licensed athletic trainer for services offered within the scope of practice for a duly licensed athletic trainer. This change applies to the Plan because G.S. 135-48.51(12) states that the provisions of G.S. 58-50-30 apply to the Plan. The Plan currently covers short-term rehabilitative therapies and this bill would not expand the type of therapies covered. Many of the therapies that athletic trainers typically provide are currently being provided by physical therapists or similar providers and this bill would require the Plan to also cover the same therapies when provided by an athletic trainer. However, the Plan would be able to charge higher out-of-pocket amounts for athletic trainers that are not in the Plan's provider network, in line with its rules for out-of-network services.

**EFFECTIVE DATE:** October 1, 2017

#### **ESTIMATED IMPACT ON STATE:**

<u>The Segal Company</u>, the consulting actuary for the State Health Plan for Teachers and State Employees, estimates that the bill will generate a negligible cost or savings for the Plan based on the limited impact of a change in providers.

<u>Hartman & Associates</u>, the consulting actuary for the General Assembly's Fiscal Research Division, estimates that the bill will not have a material financial impact on the Plan based on the Plan's out-of-network rules.

**ASSUMPTIONS AND METHODOLOGY:** The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

## **Summary Information and Data about the Plan**

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired

employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions. Members of fire, rescue squads, and the National Guard may also obtain coverage under the Plan provided they meet certain eligibility criteria.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Benefit and premium changes are typically effective at January 1. The Plan's PPO benefit design includes three alternative benefit levels listed below:

- 1) The "Traditional" 70/30 plan that offers higher out-of pocket requirements in return for lower employee and retiree premiums and only one wellness activity,
- 2) The "Enhanced" 80/20 plan that offers lower out-of-pocket requirements with higher employee and retiree premiums, which can be lowered by completing three wellness activities, and
- 3) The Consumer-Directed Health Plan (CDHP) that applies deductibles and co-insurance to all services and offers lower employee and retiree premiums if one completes wellness activities

Medicare-eligible retirees are offered three alternative plans:

- 1) The "Traditional" 70/30 plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,
- 2) "Base" Medicare Advantage Prescription Drug Plan (MA-PDP) from United Healthcare, that is actuarially equivalent to the "Enhanced" 80/20 Plan and applies in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDP, identical to the "Base" MA-PDP, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2017:

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2016-17, employers contribute 5.81% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$950 million.

## **Financial Condition**

**Projected Results for CY 2017 and CY 2018** – The following summarizes projected financial results for 2017 and 2018, based on financial experience through September 2016. The projection assumes a 7.0% annual claims growth trend for medical claims, an 8.5% trend for pharmacy claims, benefit provisions and member-paid premiums as currently adopted by the Board, and 3.5% premium increases in 2018.

	(\$ mill	ions)

Total	\$3,400.1	\$3,636.5
Net Operating Income (Loss)	(\$111.6)	(\$244.1)

Of the premiums paid in CY 2017, an estimated \$2.1 billion is derived from General Fund sources and an estimated \$0.1 billion is derived from Highway Fund sources.

## **Other Information**

Additional assumptions include Medicare benefit "carve-outs," cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Medical claim costs are expected to increase at a rate of 7.0% annually and pharmacy claim costs are expected to increase at a rate of 8.5% annually according to assumptions adopted by the Board of Trustees. The active population is projected to decline by 1% per year and the retired population is projected to increase by 1% per year.
