SECTION 5.2.(a) G.S. 10B-3 is amended by adding a new subdivision to read:
"(7a) Emergency video notarization. – An acknowledgement, affirmation, or oath notarization completed by a notary in compliance with the requirements of G.S. 10B-25. Emergency video notarization shall not include a verification or proof."

SECTION 5.2.(b) G.S. 10B-10 reads as rewritten:
"§ 10B-10. Commission; oath of office; emergency extension.
... (b) Except as provided in subsection (b1) of this section, the appointee shall appear before the register of deeds no later than 45 days after commissioning and shall be duly qualified by taking the general oath of office prescribed in G.S. 11-11 and the oath prescribed for officers in G.S. 11-7.
(b1) Notwithstanding subsection (b) of this section, if the Secretary grants a commission after March 9, 2020, and before August 1, 2020, the appointee shall have 90 days to appear before the register of deeds to take the general oath of office. A register of deeds may administer the required oath to such appointee using video conference technology, provided the appointee is personally known to the register of deeds or the appointee provides satisfactory evidence of the appointee's identity to the register of deeds. As used in this subsection, video conference technology and satisfactory evidence are as defined in G.S. 10B-25.
... (e) If the appointee does not appear before the register of deeds within 45 days of commissioning, the time prescribed in this section, the register of deeds must return the commission to the Secretary, and the appointee must reapply for commissioning. If the appointee reapply within one year of the granting of the commission, the Secretary may waive the educational requirements of this Chapter."

SECTION 5.2.(c) Part 3 of Article 1 of Chapter 10B of the General Statutes is amended by adding a new section to read:
"§ 10B-25. Emergency video notarization.
(a) Notwithstanding any other provision of law, a notary may perform an emergency video notarization using video conference technology, provided all of the requirements of this section are satisfied. A notary who is not satisfied that the principal's identity has been proven by satisfactory evidence shall not be required to complete an emergency video notarization. An emergency video notarization shall not change any originality verification requirements for
recording with a register of deeds, clerk of superior court, or other government or private office
in this State. Nothing in this section shall apply to any notarization under Article 20 of Chapter
163 of the General Statutes.

(b) As used in this section, video conference technology is electronic communication
that:

(1) Occurs in real time.

(1a) Allows direct interaction between the principal seeking the notary's services
and the notary so that each can communicate simultaneously by sight and
sound through an electronic device or process.

(2) Includes audio with sound clear enough that each participant in the notarial
act can hear and understand all other participants.

(3) Has sufficient quality to allow a clear and unobstructed visual observation of
the face of each participant, and any identification provided by the principal
for a sufficient time to allow the notary to determine if it is satisfactory
evidence. The notary shall determine if the time is sufficient.

(4) Is not prerecorded video or audio or both.

(5) May be capable of recording by means of one of the following:

a. The video conference technology's recording and storage services.

b. An independent video recording device.

c. Electronically saved screenshots clearly showing each participant's
face, identification presented by the principal, and the notarized
document.

(c) The requirement of personal appearance, appear in person before a notary, physical
presence, and presence, as those terms are used in this Chapter, are satisfied for the purpose of
an emergency video notarization if the notary is physically present in North Carolina, the
principal verifies to the notary that he or she is physically present in North Carolina at the time
of the notarization, identifies the county where he or she is located at the time of the notarial act,
and the principal and notary use video conference technology that complies with the requirements
of this section.

(d) A notary who has personal knowledge of a principal may rely on the video conference
technology to verify the principal's identity unless the notary, in the notary's sole discretion,
requires satisfactory evidence. A notary who does not have personal knowledge of a principal
shall require satisfactory evidence of the principal's identity. The requirement of satisfactory
evidence, as that term is used in this Chapter, is satisfied for the purpose of an emergency video
notarization if identification of the principal is based on at least one document that meets all of
the following:

(1) Is current, or if expired, did not expire prior to March 10, 2020.

(2) Is issued by a federal, State, or federal or State-recognized tribal government
agency.

document that is to be notarized. The principal shall verbally state what documents are being
signed for the notarial record. After the document is signed by the principal, the principal or the
principal's designee shall do the following:

(1) If an original wet-signed notarization on an original wet-signed document is
not required, transmit a legible copy of the signed document to the notary by
fax or other electronic means on the same day it was signed. The notary shall
notarize the document on the same day the notary receives the document and
the notary shall transmit the notarized document back to the principal or the
principal's designee by physical delivery, fax, or other electronic means on the
same day the notary signed the document.

(2) If an original wet-signed notarization on an original wet-signed document is
required, transmit a legible copy of the signed document by fax or other
electronic means to the notary on the same day on which the document was
signed and also deliver the original signed document to the notary by mail or
other physical method. The notary shall compare the original document with
the document transmitted by fax or other electronic means. If the faxed or
electronic document is the same as the document received by mail or physical
delivery, the notary shall notarize the wet signature on the original document
and date the notarial act as of the date of the act observed using video
conference technology and promptly transmit the original wet-notarized
original document to the principal or the principal's designee by mail or other
physical delivery as directed by the principal.

(f) If the notarial act is an oath or affirmation, the notary shall administer the oath or
affirmation to the affiant using video conference technology.

(g) An acknowledgement or jurat certificate for an emergency video notarization shall
include all of the following:

(1) The North Carolina county in which the notary public was located during the
emergency video notarization.

statement required by subsection (g) of this section, the notary shall insert the statement. By
making or giving a notarial certificate using emergency video notarization, whether or not stated
in the certificate, a notary certifies compliance with all the requirements of this section.

(i) A notary who performs an emergency video notarization shall record information
about the notarization in a notary journal that is the exclusive property of the notary. The journal
shall be retained by the notary for at least 10 years and may be maintained in electronic form.
The notary shall keep the journal in a secure location and shall not allow another person to make
entries in the journal. A notary may surrender the journal to the notary's employer upon
termination of employment, but the notary shall also keep and maintain an accurate copy of the
journal.

(j) At a minimum, for each emergency video notarization, the notary shall include the
following information in the journal:

(1) The time of day when the notary observed the signing of the document by
each principal and was presented with the principal's acceptable form of
identification.

certificate.

(l) As a public official, a notary shall maintain the confidentiality of a principal's documents at all times.

(m) The Secretary may issue interpretive guidance or issue emergency or temporary rules as necessary to ensure the integrity of the emergency video notarization measures provided for in this section.

(n) This section shall expire at 12:01 A.M. on August 1, 2020; provided, however, all notarial acts made in accordance with this section and while this section is in effect shall remain effective and shall not need to be reaffirmed.

SECTION 5.2.(d) This section is effective when it becomes law.

physician shall release the respondent and the proceedings shall be terminated.

the law enforcement officer or other person designated to provide
transportation shall return the respondent to the respondent's residence in the
originating county or, if requested by the respondent, to another location in

However, the physician may not release him from the facility until ordered to do so following the district court hearing.

(c) The findings of the physician and the facts on which they are based shall be in writing, in all cases. A copy of the findings shall be sent to the clerk of superior court by reliable and expeditious means.

When the examination set forth in subsection (a) of this section is performed by a commitment examiner, the respondent may either be in the physical, face-to-face presence of the commitment examiner or may be examined utilizing telemedicine equipment and procedures. A commitment examiner who examines a respondent by means of telemedicine must be satisfied to a reasonable medical certainty that the determinations made in accordance with subsection (d) of this section would not be different if the examination had been done in the physical presence of the commitment examiner. A commitment examiner who is not so satisfied must note that the examination was not satisfactorily accomplished, and the respondent must be taken for a face-to-face examination in the physical presence of a person authorized to perform examinations under this section. A physician who examines a respondent by means of telemedicine must be satisfied to a reasonable medical certainty that the findings made in accordance with this subsection would not be different if the
examination had been done in the physical presence of the physician. (4) Local Government Commission. – The Local Government Commission of the Department of the State Treasurer, established by Article 2 of this Chapter and any successor of said Commission.

(5) Notes. – The special obligation notes or special obligation bond anticipation notes authorized to be issued by a unit of local government under this Article.

(6) Par formula. – Any provision or formula adopted by the unit to provide for the adjustment, from time to time of the interest rate or rates borne by any bonds or notes including any of the following:
a. A provision providing for such adjustment so that the purchase price of such bonds or notes in the open market would be as close to par as possible.
b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time.
c. Any other provision as the unit may determine to be consistent with this section and does not materially and adversely affect the financial position of the unit and the marketing of the bonds or notes at a reasonable interest cost to the unit.

(7) Project. – Any of the following:
a. Solid waste management projects and capital expenditures to implement such projects, including, without limitation, the purchase of equipment or facilities, construction costs of an incinerator; land to
be used for recycling facilities or landfills; leachate collection and
treatment systems; liners for landfills; monitoring wells; recycling
equipment and facilities; volume reduction equipment; and financing
charges. This sub-subdivision does not include (i) the operational and
maintenance costs of solid waste management facilities or programs;
(ii) general planning or feasibility studies; or (iii) the purchase of land,
unless the land is to be used for a recycling facility or a landfill.
b. Any of the following as defined in S.L. 1998-132: water supply
systems, water conservation projects, water reuse projects, wastewater
collection systems, and wastewater treatment works.
c. With respect to a city, any service or facility authorized by
G.S. 160A-536 and provided in a municipal service district.

(8) Unit of local government or unit. – Any of the following:
a. A unit of local government as defined in G.S. 159-44(4).
b. Any combination of units, as defined in G.S. 160A-460(2), entering
into a contract or agreement with each other under G.S. 160A-461.
c. Any joint agency established under G.S. 160A-462; as any such
section may be amended from time to time.
d. Any regional solid waste management authority created pursuant to
G.S. 153A-421.
e. A consolidated city-county as defined by G.S. 160B-2(1), including
such a consolidated city-county acting with respect to an urban service
district defined by a consolidated city-county.

(b) Pledge. – Each unit of local government may pledge for the payment of a special
obligation bond or note any available source or sources of revenues of the unit and, to the extent
the generation of the revenues is within the power of the unit, may enter into covenants to take
action in order to generate the revenues, as long as the pledge of these sources for payments or
the covenant to generate revenues does not constitute a pledge of the unit’s taxing power.

No agreement or covenant shall contain a nonsubstitution clause which restricts the right of
a unit of local government to replace or provide a substitute for any project financed pursuant to
this section.

The sources of payment pledged by a unit of local government shall be specifically identified
in the proceedings of the governing body authorizing the unit to issue the special obligation bonds
or notes.

After the issuance of special obligation bonds or notes, the governing body of the issuing unit
may identify one or more additional sources of payment for the bonds or notes and pledge these
sources, as long as the pledge of the sources does not constitute a pledge of the taxing power of
the unit. Each source of additional payment pledged shall be specifically identified in the
proceedings of the governing body of the unit pledging the source. The governing body of the
unit may not pledge an additional source of revenue pursuant to this paragraph unless the pledge
is first approved by the Local Government Commission pursuant to the procedures provided in
subsection (i) of this section.

The sources of payment so pledged and then held or thereafter received by a unit or any
fiduciary thereof shall immediately be subject to the lien of the pledge without any physical
delivery of the sources or further act. The lien shall be valid and binding as against all parties
having claims of any kind in tort, contract, or otherwise against a unit without regard to whether
the parties have notice thereof. The proceedings or any other document or action by which the
lien on a source of payment is created need not be filed or recorded in any manner other than as
provided in this section.

(b1) Security Interest. – In connection with issuing its special obligation bonds or special
obligation bond anticipation notes under this Article, a unit of local government may grant a
security interest in the project financed, or in all or some portion of the property on which the
project is located, or in both. If a unit of local government determines to provide additional
security as authorized by this subsection, the following conditions apply:

(1) No bond order may contain a nonsubstitution clause that restricts the right of
a unit of local government to do any of the following:
   a. Continue to provide a service or activity.
   b. Replace or provide a substitute for any municipal purpose financed
      pursuant to the bond order.

(2) A bond order is subject to approval by the Commission under Article 8 of this
Chapter if both of the following apply:
   a. The order meets the standards set out in G.S. 159-148(a)(1),
      159-148(a)(2), and 159-148(a)(3), or involves the construction or
      repair of fixtures or improvements on real property.
   b. The order is not exempted from the provisions of that Article by one
      of the exemptions contained in G.S. 159-148(b)(1) and (2).

(3) No deficiency judgment may be rendered against any unit of local government
in any action for breach of a bond order authorized by this section, and the
taxing power of a unit of local government is not and may not be pledged
directly or indirectly to secure any moneys due under a bond order authorized
by this section. This prohibition does not impair the right of the holder of a
bond or note to exercise a remedy with respect to the revenues pledged to
secure the bond or note, as provided in the bond order, resolution, or trust
agreement under which the bond or note is authorized and secured. A unit of
local government may, in its sole discretion, use tax proceeds to pay the
principal of or interest or premium on bonds or notes, but shall not pledge or
agree to do so.

(4) Before granting a security interest under this subsection, a unit of local
government shall hold a public hearing on the proposed security interest. A
notice of the public hearing shall be published once at least 10 days before the
date fixed for the hearing.

(c) Payment; Call. – Any bond anticipation notes may be made payable from the proceeds
of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, the
notes may be paid from any sources available under subsection (b) of this section. Bonds or notes
may also be paid from the proceeds of any credit facility. The bonds and notes of each issue shall
be dated and may be made redeemable prior to maturity at the option of the unit of local
government or otherwise, at such price or prices, on such date or dates, and upon such terms and
conditions as may be determined by the unit. The bonds or notes may also be made payable from
time to time on demand or tender for purchase by the owner, upon terms and conditions
determined by the unit.

(d) Interest. – The interest payable by a unit on any special obligation bonds or notes may
be at such rate or rates, including variable rates as authorized in this section, as may be determined
by the Local Government Commission with the approval of the governing body of the unit. This
approval may be given as the governing body of the unit may direct, including, without limitation,
a certificate signed by a representative of the unit designated by the governing body of the unit.

(e) Nature of Obligation. – Special obligation bonds and notes shall be special obligations
of the unit of local government issuing them. The principal of, and interest and any premium on,
special obligation bonds and notes shall be secured solely by any one or more of the sources of
payment authorized by this section as may be pledged in the proceedings, resolution, or trust
agreement under which they are authorized or secured. Neither the faith and credit nor the taxing
power of the unit of local government are pledged for the payment of the principal of, or interest
or any premium on, any special obligation bonds or notes, and no owner of special obligation
bonds or notes has the right to compel the exercise of the taxing power by the unit in connection
with any default thereon. Every special obligation bond and note shall recite in substance that the
principal and interest and any premium on the bond or note are secured solely by the sources of
payment pledged in the bond order, resolution, or trust agreement under which it is authorized or
secured. The following limitations apply to payment from the specified sources:

(1) Any such use of these sources will not constitute a pledge of the unit’s taxing
power.
(2) The unit is not obligated to pay the principal or interest or premium except
from these sources.

(f) Details. – In fixing the details of bonds or notes, the unit of local government may
provide that any of the bonds or notes may do any of the following:

(1) Be made payable from time to time on demand or tender for purchase by the
owner thereof as long as a credit facility supports the bonds or notes, unless
the Local Government Commission specifically determines that a credit
facility is not required upon a finding and determination by the Local
Government Commission that the absence of a credit facility will not
materially and adversely affect the financial position of the unit and the
marketing of the bonds or notes at a reasonable interest cost to the unit.
(2) Be additionally supported by a credit facility.
(3) Be made subject to redemption or a mandatory tender for purchase prior to
maturity.
(4) Bear interest at a rate or rates that may vary for such period or periods of time,
all as may be provided in the proceedings providing for the issuance of the
bonds or notes including, without limitation, such variations as may be
permitted pursuant to a par formula.
(5) Be made the subject of a remarketing agreement whereby an attempt is made
to remarket the bonds or notes to new purchasers prior to their presentment
for payment to the provider of the credit facility or to the unit.

(g) Credit Facility. – The obligation of a unit of local government under a credit facility
to repay any drawing thereunder may be made payable and otherwise secured, to the extent
applicable, as provided in this section.
(h) Term; Form. – Notes shall mature at such time or times and bonds shall mature, not
exceeding 40 years from their date or dates, as may be determined by the unit of local
government, except that no such maturity dates may exceed the maximum maturity periods
prescribed by the Local Government Commission pursuant to G.S. 159-122, as it may be
amended from time to time. The unit shall determine the form and manner of execution of the
bonds or notes, including any interest coupons to be attached thereto, and shall fix the
denomination or denominations and the place or places of payment of principal and interest,
which may be any bank or trust company within or without the United States. In case any officer
of the unit whose signature, or a facsimile of whose signature, appears on any bonds or notes or
coupons, if any, ceases to be the officer before delivery thereof, the signature or facsimile shall
nevertheless be valid and sufficient for all purposes the same as if the officer had remained in
office until the delivery. Any bond or note or coupon may bear the facsimile signatures of such
persons who at the actual time or the execution thereof were the proper officers to sign although
at the date of the bond or note or coupon these persons may not have been the proper officers.
The unit may also provide for the authentication of the bonds or notes by a trustee or other
authenticating agent. The bonds or notes may be issued as certificated or uncertificated
obligations or both, and in coupon or in registered form, or both, as the unit may determine, and
provision may be made for the registration of any coupon bonds or notes as to principal alone.
and also as to both principal and interest, and for the reconversion into coupon bonds or notes of
any bonds or notes registered as to both principal and interest, and for the interchange of
registered and coupon bonds or notes. Any system for registration may be established as the unit
may determine.

(i) Local Government Commission Approval. – No bonds or notes may be issued by a
unit of local government under this section unless the issuance is approved and the bonds or notes
are sold by the Local Government Commission as provided in this section. The unit shall file
with the Secretary of the Local Government Commission an application requesting approval of
the issuance of the bonds or notes, which application shall contain such information and shall
have attached to it such documents concerning the proposed financing as the Secretary of the
Local Government Commission may require. The Commission may prescribe the form of the
application. Before the Secretary accepts the application, the Secretary may require the governing
body of the unit or its representatives to attend a preliminary conference, at which time the
Secretary or the deputies of the Secretary may informally discuss the proposed issue and the
timing of the steps taken in issuing the special obligation bonds or notes.

In determining whether a proposed bond or note issue should be approved, the Local
Government Commission may consider, to the extent applicable as shall be determined by the
Local Government Commission, the criteria set forth in G.S. 159-52 and G.S. 159-86, as either
may be amended from time to time, as well as the effect of the proposed financing upon any
scheduled or proposed sale of obligations by the State or by any of its agencies or departments
or by any unit of local government in the State. The Local Government Commission shall
approve the issuance of the bonds or notes if, upon the information and evidence it receives, it
finds and determines that the proposed financing will satisfy such criteria and will effect the
purposes of this section. An approval of an issue shall not be regarded as an approval of the
legality of the issue in any respect. A decision by the Local Government Commission denying
an application is final.

Upon the filing with the Local Government Commission of a written request of the unit
requesting that its bonds or notes be sold, the bonds or notes may be sold by the Local
Government Commission in such manner, either at public or private sale, and for such price or
prices as the Local Government Commission shall determine to be in the best interests of the unit
and to effect the purposes of this section, if the sale is approved by the unit.

(j) Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes
for which the bonds or notes were issued and shall be disbursed in such manner and under such
restrictions, if any, as the unit may provide in the resolution authorizing the issuance of, or in any
trust agreement securing, the bonds or notes.

(k) Interim Documents; Replacement. – Prior to the preparation of definitive bonds, the
unit may issue interim receipts or temporary bonds, with or without coupons, exchangeable for
definitive bonds when definitive bonds have been executed and are available for delivery. The
unit may also provide for the replacement of any bonds or notes which shall become mutilated
or shall be destroyed or lost.

(l) No Other Conditions. – Bonds or notes may be issued under the provisions of this
section without obtaining, except as otherwise expressly provided in this section, the consent of
any department, division, commission, board, body, bureau, or agency of the State and without
any other proceedings or the happening of any conditions or things other than those proceedings,
conditions, or things that are specifically required by this section, and the provisions of the
resolution authorizing the issuance of, or any trust agreement securing, the bonds or notes.

(m) Trust. – In the discretion of the unit of local government, any bonds and notes issued
under the provisions of this section may be secured by a trust agreement by and between the unit
and a corporate trustee or by a resolution providing for the appointment of a corporate trustee.
Bonds and notes may also be issued under an order or resolution without a corporate trustee. The
corporate trustee may be, in either case any trust company or bank having the powers of a trust
company within or without the State. The trust agreement or resolution may pledge or assign
such sources of revenue as may be permitted under this section. The trust agreement or resolution
may contain such provisions for protecting and enforcing the rights and remedies of the owners
of any bonds or notes issued thereunder as may be reasonable and proper and not in violation of
law, including covenants setting forth the duties of the unit in respect of the purposes to which
bond or note proceeds may be applied, the disposition and application of the revenues of the unit,
the duties of the unit with respect to the project, the disposition of any charges and collection of
any revenues and administrative charges, the terms and conditions of the issuance of additional
bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All
bonds and notes issued under this section shall be equally and ratably secured by a lien upon the
revenues pledged in the trust agreement or resolution, without priority by reasons of number, or
dates of bonds or notes, execution, or delivery, in accordance with the provision of this section
and of the trust agreement or resolution, except that the unit may provide in the trust agreement
or resolution that bonds or notes issued pursuant thereto shall, to the extent and in the manner
prescribed in the trust agreement or resolution, be subordinated and junior in standing, with
respect to the payment of principal and interest and to the security thereof, to any other bonds or
notes. It shall be lawful for any bank or trust company that may act as depository of the proceeds
of bonds or notes, revenues, or any other money hereunder to furnish such indemnifying bonds
or to pledge such securities as may be required by the unit. Any trust agreement or resolution
may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and
may restrict the individual rights of action by the owners. In addition to the foregoing, any trust
agreement or resolution may contain such other provisions as the unit may deem reasonable and
proper for the security of the owners of any bonds or notes. Expenses incurred in carrying out
the provisions of any trust agreement or resolution may be treated as a part of the cost of any
project or as an administrative charge and may be paid from the revenues or from any other funds
available.

The State does pledge to, and agree with, the holders of any bonds or notes issued by any unit
that so long as any of the bonds or notes are outstanding and unpaid the State will not limit or
alter the rights vested in the unit at the time of issuance of the bonds or notes to set the terms and
conditions of the bonds or notes and to fulfill the terms of any agreements made with the
bondholders or noteholders. The State shall in no way impair the rights and remedies of the
bondholders or noteholders until the bonds or notes and all costs and expenses in connection with
any action or proceedings by or on behalf of the bondholders or noteholders, are fully paid, met,
and discharged.

(n) Remedies. – Any owner of bonds or notes issued under the provisions of this Article
or any coupons appertaining thereto, and the trustee under any trust agreement securing or
resolution authorizing the issuance of such bonds or notes, except to the extent the rights herein
given may be restricted by such trust agreement or resolution, may either at law or in equity, by
suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws
of the State or granted hereunder or under such trust agreement or resolution, or under any other
contract executed by a unit of local government pursuant to this Article; and may enforce and
compel the performance of all duties required by this Article or by such trust agreement or
resolution by the unit of local government or by any officer thereof.

(o) UCC Status. – All bonds and notes and interest coupons, if any, issued under this
Article are hereby made investment securities within the meaning of and for all the purposes of
Article 8 of the Uniform Commercial Code, as enacted in Chapter 25 of the General Statutes.

(p) Investment Eligibility. – Bonds and notes issued under the provisions of this Article
are hereby made securities in which all public offices, agencies, and public bodies of the State
and its political subdivisions, all insurance companies, trust companies, investment companies,
banks, savings banks, building and loan associations, credit unions, pension or retirement funds,
other financial institutions engaged in business in the State, executors, administrators, trustees,
and other fiduciaries may properly and legally invest funds, including capital in their control or
belonging to them. Such bonds or notes are hereby made securities, which may properly and
legally be deposited with and received by any officer or agency of the State or political
subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of
the State or any political subdivision is now or may hereafter be authorized by law.

(q) Tax Exemption. – All of the bonds and notes authorized by this Article shall be
exempt from all State, county, and municipal taxation or assessment, direct or indirect, general
or special, whether imposed for the purpose of general revenue or otherwise, excluding income
taxes on the gain from the transfer of the bonds and notes, and franchise taxes. The interest on
the bonds and notes shall not be subject to taxation as income.

(r) Refunding Bonds. – Subject to agreements with the holders of its bonds or notes, a
unit may issue bonds to refund outstanding bonds or notes previously issued under this Article
or any predecessor provision to this Article, including bonds previously issued under Chapter
159I of the General Statutes, as amended, whether or not they have matured. Bonds may be issued
partly for the purpose of refunding outstanding bonds and partly for any other purpose under this
Article. Refunding bonds may be issued at any time prior to the final maturity of the debt or
obligation to be refunded. The proceeds from the sale of any refunding bonds shall be applied
only as follows: either, (i) to the immediate payment and retirement of the obligations being
refunded or (ii) if not required for the immediate payment of the obligations being refunded such
proceeds shall be deposited in trust to provide for the payment and retirement of the obligations
being refunded, and to pay any expenses incurred in connection with such refunding. Money in
any such trust fund may be invested in (i) direct obligations of the United States government, or
(ii) obligations the principal of and interest on which are guaranteed by the United States
government, or (iii) to the extent then permitted by law in obligations of any agency or
instrumentality of the United States government, (iv) certificates of deposit issued by a bank or
trust company located in the State of North Carolina if such certificates shall be secured by a
pledge of any of said obligations described in (i), (ii), or (iii) above having any aggregate market
value, exclusive of accrued interest, equal at least to the principal amount of the certificates so
secured. Nothing herein shall be construed as a limitation on the duration of any deposit in trust
for the retirement of obligations being refunded but which shall not have matured and which shall
not be presently redeemable or, if presently redeemable, shall not have been called for
redemption."

SECTION 5.25.(b) G.S. 113A-115.1(h) reads as rewritten:

REMOTE PARTICIPATION IN OPEN MEETINGS

SECTION 5.27.(a) Article 1A of Chapter 166A of the General Statutes is amended by adding a new section to read:

(a) Remote Meetings. – Notwithstanding any other provision of law, upon issuance of a declaration of emergency under G.S. 166A-19.20 that restricts the number of individuals that may gather in one place in order to protect the public and the public health, any public body within the emergency area may conduct remote meetings in accordance with this section and Article 33C of Chapter 143 of the General Statutes throughout the duration of that declaration of emergency.

(b) Requirements. – The public body shall comply with all of the following with respect to remote meetings conducted under this section:

1. The public body shall give proper notice under G.S. 143-318.12 and under any other requirement for notice applicable to the public body. The notice shall also specify the means by which the public can access the remote meeting as that remote meeting occurs.

2. Any member of the public body participating by a method of simultaneous communication in which that member cannot be physically seen by the public body must identify himself or herself in each of the following situations:
   a. When the roll is taken or the remote meeting is commenced.

4. The method of simultaneous communication shall allow for any member of the public body to do all of the following:
   a. Hear what is said by the other members of the public body.
   b. Hear what is said by any individual addressing the public body.
c. To be heard by the other members of the public body when speaking to the public body.

(6) The public body shall comply with G.S. 143-318.13(c).

If the public body conducting the remote meeting maintains its own Web site, that live stream shall be available on the Web site of the public body, accessible in a conspicuous location on such Web site. If the remote meeting is conducted by conference call, the public body may comply with this subdivision by providing the public with an opportunity to dial-in or stream the audio live and listen to the remote meeting.

(c) Quorum. – A member of the public body participating by simultaneous communication under this section shall be counted as present for quorum purposes only during the period while simultaneous communication is maintained for that member. (d) Voting by Members of the Public Body. – Votes of each member of a public body made during a remote meeting under this section shall be counted as if the member were physically present only during the period while simultaneous communication is maintained for that member.

(e) Public Hearings. – A public body may conduct any public hearing required or authorized by law during a remote meeting, and take action thereon, provided the public body allows for written comments on the subject of the public hearing to be submitted between publication of any required notice and 24 hours after the public hearing.

(1) The right of an individual to a hearing and decision occurs during the emergency.

(2) All persons subject to the quasi-judicial proceeding who have standing to participate in the quasi-judicial hearing have been given notice of the quasi-judicial hearing and consent to the remote meeting.

(3) All due process rights of the parties affected are protected.
