- (2) Special allocation provisions. – In determining the use of the proceeds of education and transportation bonds and notes, including premium thereon, if any, set forth in this act, the following special allocation provisions apply:
- a. The public school capital outlay projects to be financed with the proceeds of the bonds issued under this act shall be determined by the State Board of Education based upon the criteria set forth in this act, and upon application by the county in which the public school capital outlay project is to be located or that will otherwise be served by the public school capital outlay project. With respect to proceeds allocated in subdivision (1) of this subsection:
1. The proceeds shall be used for new construction or rehabilitation of existing facilities and repairs and renovations. Any items purchased with such proceeds and installed or replaced as part of a renovation or rehabilitation must have a useful life of at least 10 years or must extend the life of the facility by at least 10 years once renovated or rehabilitated.
 2. In the case of a local school administrative unit located entirely in one county, the unit's total distribution amount shall be allocated to that county. In the case of a local school administrative unit located in more than one county, the unit's distribution amount shall be allocated among the counties in which the unit is located in proportion to average daily membership of the unit in each county. A unit's distribution amount allocated to a county may be used only with respect to public school facilities of that unit. If two or more local school administrative units are consolidated into one unit, the distribution amounts provided in subdivision (1) of this subsection for the units shall be considered the distribution amount for the merged unit.
 3. Local matching fund requirement for bond proceeds shall be as follows:
 - I. A county shall not be required to provide local matching funds for the bond proceeds if any portion of the proceeds results from low-wealth county or adjustment factor designation allocations.
 - II. A county shall be required to provide local matching funds for the bond proceeds if the county does not receive any portion of the proceeds results from low wealth county or adjustment factor designation allocations. The county shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for such proceeds. The amount of matching funds shall be (i) one dollar (\$1.00) of local matching funds for every three dollars (\$3.00) of such proceeds for a local school administrative unit located in a county that is a development tier one area, as defined in G.S. 143B-437.08, (ii) one dollar (\$1.00) of local matching funds for every two dollars (\$2.00) of such proceeds for a local school administrative unit located

1 in a county that is a development tier two area, as
2 defined in G.S. 143B-437.08, and (iii) one dollar
3 (\$1.00) of local matching funds for every one dollar
4 (\$1.00) of such proceeds for a local school
5 administrative unit located in a county that is a
6 development tier three area, as defined in
7 G.S. 143B-437.08. The match requirement may be
8 satisfied by non-State expenditures for public school
9 facilities made on or after January 1, 2015. If a debt has
10 been incurred since January 1, 2015, for the general
11 purpose of public school facilities, then the face
12 amount of the debt shall be considered as a non-State
13 expenditure for public school facilities for the purpose
14 of the match. No other expenditures made or debts
15 incurred before January 1, 2015, may be used to satisfy
16 the match requirement. As counties satisfy the match
17 requirements of this sub-sub-sub-subdivision, they
18 shall document the extent to which they have done so
19 in periodic reports to the State Board of Education.
20 These reports shall include any information and
21 documentation required by the State Board of
22 Education. The State Board of Education shall certify
23 to the State Treasurer from time to time the extent to
24 which the match requirements of this
25 sub-sub-sub-subdivision have been met with respect to
26 each county. Bond proceeds shall be distributed for
27 expenditure only as, and to the extent, the matching
28 requirement of this sub-sub-sub-subdivision are
29 satisfied, as certified by the State Board of Education.
30 If the State Board of Education determines that a
31 county has not met the matching requirement set forth
32 in this sub-sub-sub-subdivision by January 1, 2026, the
33 State Board of Education shall certify that fact to the
34 State Treasurer by March 1, 2026. Amounts that are
35 allocated in the ADM Growth Allocation of bond
36 proceeds under subdivision (1) of this subsection and
37 that have not been certified as matched by the State
38 Board of Education by January 1, 2026, shall be
39 reallocated among the counties that have been certified
40 as having met the matching requirement for that
41 allocation. The reallocation shall be made among the
42 eligible counties in proportion to the amount of ADM
43 Growth Allocations for those counties under
44 subdivision (1) of this subsection. Amounts that are
45 allocated in the ADM Allocation of bond proceeds
46 under subdivision (1) of this subsection and that have
47 not been certified as matched by the State Board of
48 Education by January 1, 2026, shall be reallocated
49 among the counties that have been certified as having
50 met the matching requirement for that allocation. The
51 reallocation shall be made on the basis of average daily

1 membership of the local school administrative units
2 within the remaining counties. Bond proceeds
3 reallocated to a county because of a local school
4 administrative unit's average daily membership within
5 the county may be used only with respect to public
6 school capital outlay projects of that unit. Bond
7 proceeds reallocated to a county under this
8 sub-sub-sub-subdivision must be matched at the same
9 rate as bond proceeds allocated to the county under this
10 sub-sub-sub-subdivision.

11 III. The State Board of Education shall also require
12 counties to report annually on the impact of funds
13 provided under this act on the property tax rate for that
14 year. These reports shall be public documents and shall
15 be furnished to any citizen upon request.

16 4. The General Assembly encourages, in projects for which bond
17 proceeds are allocated, consideration by counties and local
18 school administrative units of projects that primarily involve
19 materially improving the energy efficiency of the school
20 facility.

21 b. The capital outlay projects for a constituent institution to be financed
22 with the proceeds of the bonds issued under this act shall be
23 determined by the Board of Governors of The University of North
24 Carolina based upon the criteria set forth in this act, and upon
25 application by the constituent institution in which the capital outlay
26 projects for a constituent institution is to be located or that will
27 otherwise be served by the capital outlay projects for a constituent
28 institution. With respect to proceeds allocated in subdivision (1a) of
29 this subsection:

30 1. The proceeds shall be used for new construction or
31 rehabilitation of existing facilities and repairs and renovations.
32 Any items purchased with such proceeds and installed or
33 replaced as part of a renovation or rehabilitation must have a
34 useful life of at least 10 years or must extend the life of the
35 facility by at least 10 years once renovated or rehabilitated.
36 Local matching fund requirements to receive bond proceeds
37 shall be as follows:

38 I. For projects for new construction, the constituent
39 institution receiving the proceeds shall provide
40 matching funds from other non-State funds.

41 II. For rehabilitation of existing facilities and repairs and
42 renovations, constituent institutions shall not be
43 required to match bond proceeds allocated in this act.

44 2. In determining the allocation of proceeds, the Board of
45 Governors shall consider the following factors: (i) size of the
46 entity, with a focus on smaller campuses; (ii) population
47 historically served, with a focus on historically
48 minority-serving institutions; (iii) development tier area
49 designations, with a focus on lower development tier areas; (iv)
50 constituent institutions operating a school serving any grade,
51 kindergarten through 12, with a focus on such institutions; and

c. The community college capital outlay projects to be financed with the proceeds of the bonds issued under this act shall be determined by the Community College System Office based upon the criteria set forth in this act, and upon application by the community college in which the community college capital outlay projects is to be located or that will otherwise be served by the community college capital outlay projects. With respect to proceeds allocated in subdivision (1b) of this subsection:

1. The proceeds shall be used for upgrades to the enterprise resource planning information technology ("the ERP system"), new construction or rehabilitation of existing facilities, and repairs and renovations.
2. Any items purchased with such proceeds for new construction or rehabilitation of existing facilities and repairs and renovations and installed or replaced as part of a renovation or rehabilitation must have a useful life of at least 10 years or must extend the life of the facility by at least 10 years once renovated or rehabilitated. Local matching fund requirements to receive bond proceeds shall be as follows:
 - I. For projects for new construction, the community college receiving the proceeds shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for such proceeds. The amount of matching funds shall be (i) one dollar (\$1.00) of local matching funds for every three dollars (\$3.00) of such proceeds for a community college with a main campus located in a development tier one area, as defined in G.S. 143B-437.08, (ii) one dollar (\$1.00) of local matching funds for every two dollars (\$2.00) of such proceeds for a community college with a main campus located in a development tier two area, as defined in G.S. 143B-437.08, and (iii) one dollar (\$1.00) of local matching funds for every one dollar (\$1.00) of such proceeds for a community college with a main campus located in a development tier three area, as defined in G.S. 143B-437.08. The provisions of G.S. 115D-31, or any other provision of law permitting prior expenditures to be used for match purposes, do not apply for purposes of meeting the matching funds requirements of this act.
 - II. For rehabilitation of existing facilities and repairs and renovations, community colleges are not required to match bond proceeds allocated in this act.
 - III. No funds shall be required to match bond proceeds allocated in this act for the ERP system project.
3. In determining between projects for which bond proceeds are allocated, the Community Colleges System Office shall give first priority to the ERP system project and shall prioritize allocation of the remainder of funds among projects for new

1 construction and repairs and renovations by ranking the
 2 projects for the various community colleges according to three
 3 components, as follows: (i) the development factor ranking by
 4 the Secretary of Commerce, as provided in G.S. 143B-437.08,
 5 for identification of the development tier of the county in
 6 which the project is located, which shall be single weighted,
 7 (ii) the community college's repairs and renovations needs,
 8 which shall be double weighted, and (iii) the community
 9 college's additional square footage needs, which shall be single
 10 weighted.

- 11 d. The proceeds of bonds issued under this act, including premium
 12 thereon, if any, for statewide supplemental highway funding for
 13 transportation, as provided in subdivision (1c) of this subsection, shall
 14 be issued only for highway projects satisfying all of the following
 15 conditions:
- 16 1. An environmental impact statement, if required by law, was
 17 completed prior to January 1, 2020.
 - 18 2. Construction on the project is projected by the Department of
 19 Transportation to commence by January 1, 2022.
 - 20 3. The project meets the requirements set forth in Article 14B of
 21 Chapter 136 of the General Statutes.

 26 anticipation notes or the proceeds of refunding bonds or notes, shall be placed
 27 by the State Treasurer in a special fund to be designated "Education and
 28 Transportation Bonds Fund," which may include such appropriate special
 29 accounts therein as may be determined by the State Treasurer and shall be
 30 disbursed as provided in this section. Monies in the Education and
 31 Transportation Bonds Fund shall be allocated and expended as provided in
 32 this section.

33 Any additional monies that may be received by means of a grant or grants
 34 from the United States of America or any agency or department thereof or
 35 from any other source for deposit to the Education and Transportation Bonds
 36 Fund may be placed in the Education and Transportation Bonds Fund or in a
 37 separate account or fund and shall be disbursed, to the extent permitted by the
 38 terms of the grant or grants, without regard to any limitations imposed by this
 39 act.

40 Monies in the Education and Transportation Bonds Fund or any separate
 41 account established under this section may be invested from time to time by
 42 the State Treasurer in the same manner permitted for investment of monies
 43 belonging to the State or held in the State treasury, except with respect to grant
 44 money to the extent otherwise directed by the terms of the grant. Investment
 45 earnings, except investment earnings with respect to grant monies to the extent
 46 otherwise directed or restricted by the terms of the grant, may be (i) credited
 47 to the Education and Transportation Bonds Fund or (ii) used to satisfy

49 The proceeds of education and transportation bonds and notes, including
 50 premium thereon, if any, may be used with any other monies made available
 51 by the General Assembly for funding the projects authorized by this section,

 2. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

 4. For the purposes authorized in this act.
 5. For refunding bonds or notes as herein authorized.

 - (8) Faith and credit. – The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. 2 the State Treasurer may provide that any of the bonds or notes may:

- 3 (1) Be made payable from time to time on demand or tender for purchase by the
4 owner thereof, provided a credit facility agreement supports the bonds or
5 notes, unless the State Treasurer specifically determines that a credit facility
6 agreement is not required, upon a finding and determination by the State
7 Treasurer that the absence of a credit facility agreement will not materially or
8 adversely affect the financial position of the State and the marketing of the
9 bonds or notes at a reasonable interest cost to the State;
- 10 (2) Be additionally supported by a credit facility agreement;
- 11 (3) Be made subject to redemption or a mandatory tender for purchase prior to

- 17 (5) Be made the subject of a remarketing agreement whereby an attempt is made
18 to remarket bonds or notes to new purchasers prior to their presentment for
19 payment to the provider of the credit facility agreement or to the State.

20 If the aggregate principal amount repayable by the State under a credit facility
21 agreement is in excess of the aggregate principal amount of bonds or notes secured by the credit
22 facility agreement, whether as a result of the inclusion in the credit facility agreement of a
23 provision for the payment of interest for a limited period of time or the payment of a redemption
24 premium or for any other reason, then the amount of authorized but unissued bonds or notes
25 during the term of such credit facility agreement shall not be less than the amount of such excess,
26 unless the payment of such excess is otherwise provided for by agreement of the State executed
27 by the State Treasurer.

41 such differing projects, when taken together, constitute an interrelated, united,
42 and single plan for the State's public education system as stated aforesaid.
43 Accordingly, this act, being necessary for the health, welfare, and
44 advancement of the people of the State, shall be broadly construed to affect

50 person or circumstance is held invalid, such invalidity shall not affect other
51 provisions or applications of the act that can be given effect without the invalid

1 provision or application, and to this end, the provisions of this section are
2 declared to be severable.

3 **SECTION 1.(k)** Other Agreements. – The State Treasurer may authorize, execute,
4 obtain, or otherwise provide for bond issuance, investment contracts, credit and liquidity
