A Receiving State may, in accordance with that state's due process law, limit or revoke a psychologist's Authority to Practice Interjurisdictional Telepsychology in the Receiving State and may take any other necessary actions under the Receiving State's applicable law to protect the health and safety of the Receiving State's citizens. If a Receiving State takes action, the state shall promptly notify the Home State and the Commission.

(e) If a psychologist's license in any Home State, another Compact State, or any Authority to Practice Interjurisdictional Telepsychology in any Receiving State is restricted, suspended, or otherwise limited, the E.Passport shall be revoked and, therefore, the psychologist shall not be eligible to practice telepsychology in a Compact State under the Authority to Practice Interjurisdictional Telepsychology.

§ 90-270.164. Compact Temporary Authorization to Practice.

(a) Compact States shall also recognize the right of a psychologist, licensed in a Compact State in conformance with G.S. 90-270.162, to practice temporarily in other Compact States (Distant States) in which the psychologist is not licensed, as provided in the Compact.

(b) To exercise the Temporary Authorization to Practice under the terms and provisions of this Compact, a psychologist licensed to practice in a Compact State must:

1. Hold a graduate degree in psychology from an institute of higher education that was, at the time the degree was awarded:

   h. The program must include supervised practicum, internship, or field training appropriate to the practice of psychology;
The curriculum shall encompass a minimum of three academic years of full-time graduate study for doctoral degrees and a minimum of one academic year of full-time graduate study for master's degrees; the program includes an acceptable residency as defined by the Rules of the Commission.

A psychologist practicing into a Distant State under the Temporary Authorization to Practice shall practice within the scope of practice authorized by the Distant State.

A psychologist practicing into a Distant State under the Temporary Authorization to Practice will be subject to the Distant State's authority and law. A Distant State may, in accordance with that state's due process law, limit or revoke a psychologist's Temporary Authorization to Practice in the Distant State and may take any other necessary actions under the Distant State's applicable law to protect the health and safety of the Distant State's citizens. If a Distant State takes action, the state shall promptly notify the Home State and the Commission.

If a psychologist's license in any Home State, another Compact State, or any Temporary Authorization to Practice in any Distant State is restricted, suspended, or otherwise limited, the IPC shall be revoked and therefore the psychologist shall not be eligible to practice in a Compact State under the Temporary Authorization to Practice.

§ 90-270.165. Conditions of telepsychology practice in a Receiving State.

A psychologist may practice in a Receiving State under the Authority to Practice Interjurisdictional Telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate State Psychology Regulatory Authority, as defined in the Rules of the Commission, and under the following circumstances:

(1) The psychologist initiates a client/patient contact in a Home State via telecommunications technologies with a client/patient in a Receiving State.

(2) Other conditions regarding telepsychology as determined by Rules promulgated by the Commission.

§ 90-270.166. Adverse actions.

(a) A Home State shall have the power to impose adverse action against a psychologist's license issued by the Home State. A Distant State shall have the power to take adverse action on a psychologist's Temporary Authorization to Practice within that Distant State.

(b) A Receiving State may take adverse action on a psychologist's Authority to Practice Interjurisdictional Telepsychology within that Receiving State. A Home State may take adverse action against a psychologist based on an adverse action taken by a Distant State regarding temporary in-person, face-to-face practice.

(c) If a Home State takes adverse action against a psychologist's license, that psychologist's Authority to Practice Interjurisdictional Telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's Temporary Authorization to Practice is terminated and the IPC is revoked.

(1) All Home State disciplinary orders which impose adverse action shall be reported to the Commission in accordance with the Rules promulgated by the Commission. A Compact State shall report adverse actions in accordance with the Rules of the Commission.
(2) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the Rules of the Commission.

(3) Other actions may be imposed as determined by the Rules promulgated by the Commission.

(d) A Home State's Psychology Regulatory Authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a Receiving State as it would if such conduct had occurred by a licensee within the Home State. In such cases, the Home State's law shall control in determining any adverse action against a psychologist's license.

(e) A Distant State's Psychology Regulatory Authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under Temporary Authorization Practice which occurred in that Distant State as it would if such conduct had occurred by a licensee within the Home State. In such cases, Distant State's law shall control in determining any adverse action against a psychologist's Temporary Authorization to Practice.

(f) Nothing in this Compact shall override a Compact State's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the Compact State's law. Compact States must require psychologists who enter any alternative programs to not provide telepsychology services under the Authority to Practice Interjurisdictional Telepsychology or provide temporary psychological services under the Temporary Authorization to Practice in any other Compact State during the term of the alternative program.

(g) No other judicial or administrative remedies shall be available to a psychologist in the event a Compact State imposes an adverse action pursuant to subsection (c) of this section.

§ 90-270.167. Additional authorities invested in a Compact State's Psychology Regulatory Authority.

In addition to any other powers granted under state law, a Compact State's Psychology Regulatory Authority shall have the authority under this Compact to:

(1) Issue subpoenas, for both hearings and investigations, which require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a Compact State's Psychology Regulatory Authority for the attendance and testimony of witnesses and/or the production of evidence from another Compact State shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing State Psychology Regulatory Authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located.

(2) Issue cease and desist and/or injunctive relief orders to revoke a psychologist's Authority to Practice Interjurisdictional Telepsychology and/or Temporary Authorization to Practice.

(3) During the course of any investigation, a psychologist may not change his/her Home State licensure. A Home State Psychology Regulatory Authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The Home State Psychology Regulatory Authority shall promptly report the conclusions of such investigations to the Commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his/her Home State licensure. The Commission shall promptly notify the new Home State of any such decisions as provided in the Rules of the Commission.
§ 90-270.168. Coordinated Licensure Information System.
(a) The Commission shall provide for the development and maintenance of a Coordinated Licensure Information System (Coordinated Database) and reporting system containing licensure and disciplinary action information on all psychologists to whom this Compact is applicable in all Compact States as defined by the Rules of the Commission.
(b) Notwithstanding any other provision of state law to the contrary, a Compact State shall submit a uniform data set to the Coordinated Database on all licensees as required by the Rules of the Commission, including:
   (1) Identifying information;
   (2) Licensure data;
   (3) Significant investigatory information;
   (4) Adverse actions against a psychologist’s license;
   (5) An indicator that a psychologist’s Authority to Practice Interjurisdictional Telepsychology and/or Temporary Authorization to Practice is revoked;
   (6) Nonconfidential information related to alternative program participation information;
   (7) Any denial of application for licensure and the reasons for such denial; and
   (8) Other information which may facilitate the administration of this Compact, as determined by the Rules of the Commission.
(c) The Coordinated Database administrator shall promptly notify all Compact States of any adverse action taken against, or significant investigative information on, any licensee in a Compact State.
(d) Compact States reporting information to the Coordinated Database may designate information that may not be shared with the public without the express permission of the Compact State reporting the information.
(e) Any information submitted to the Coordinated Database that is subsequently required to be expunged by the law of the Compact State reporting the information shall be removed from the Coordinated Database.
§ 90-270.169. Establishment of the Psychology Interjurisdictional Compact Commission.

   (1) The Commission is a body politic and an instrumentality of the Compact States.
   (2) Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.
   (3) Nothing in this Compact shall be construed to be a waiver of sovereign immunity.
(b) Membership, Voting, and Meetings. –
   (1) The Commission shall consist of one voting representative appointed by each Compact State who shall serve as that state’s Commissioner. The State Psychology Regulatory Authority shall appoint its delegate. This delegate shall be empowered to act on behalf of the Compact State. This delegate shall be limited to:

A Commissioner shall vote in person or by such other means as provided in the Bylaws. The Bylaws may provide for Commissioners' participation in meetings by telephone or other means of communication.

(4) The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the Bylaws.

(5) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rule-making provisions in G.S. 90-270.170.

(6) The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:

(7) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes which fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of
actions taken, of any person participating in the meeting, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission which shall promulgate a rule binding upon all Compact States.

(4) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the Commission pledge the credit of any of the Compact States, except by and with the authority of the Compact State.

§ 90-270.170. Rule making.

(a) The Commission shall exercise its rule-making powers pursuant to the criteria set forth in this section and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the Compact States rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any Compact State.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(d) Prior to promulgation and adoption of a final rule or Rules by the Commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rule Making:

(1) On the Web site of the Commission; and

(1) At least 25 persons who submit comments independently of each other;

(2) A governmental subdivision or agency; or

(3) A duly appointed person in an association that has at least 25 members.

(h) If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not
preclude the Commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(j) The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rule-making record and the full text of the rule.

(k) If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

(l) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;
(2) Prevent a loss of Commission or Compact State funds;
(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
(4) Protect public health and safety.

(m) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the Web site of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

§ 90-270.171. Oversight, dispute resolution, and enforcement.

(a) Oversight.

(1) The executive, legislative, and judicial branches of state government in each Compact State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact’s purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a Compact State pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

(3) The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.
(1) If the Commission determines that a Compact State has defaulted in the
performance of its obligations or responsibilities under this Compact or the
promulgated rules, the Commission shall:
   a. Provide written notice to the defaulting state and other Compact States
      of the nature of the default, the proposed means of remedying the
default, and/or any other action to be taken by the Commission; and
   b. Provide remedial training and specific technical assistance regarding
      the default.

(2) If a state in default fails to remedy the default, the defaulting state may be
terminated from the Compact upon an affirmative vote of a majority of the
Compact States and all rights, privileges, and benefits conferred by this
Compact shall be terminated on the effective date of termination. A remedy
of the default does not relieve the offending state of obligations or liabilities
incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all
other means of securing compliance have been exhausted. Notice of intent to
suspend or terminate shall be submitted by the Commission to the Governor,
the majority and minority leaders of the defaulting state's legislature, and each
of the Compact States.

(4) A Compact State which has been terminated is responsible for all assessments,
obligations, and liabilities incurred through the effective date of termination,
including obligations which extend beyond the effective date of termination.

(5) The Commission shall not bear any costs incurred by the state which is found
to be in default or which has been terminated from the Compact, unless agreed
upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning
the U.S. District Court for the State of Georgia or the federal district where
the Compact has its principal offices. The prevailing member shall be awarded
all costs of such litigation, including reasonable attorneys' fees.

(c) Dispute Resolution. –
(1) Upon request by a Compact State, the Commission shall attempt to resolve
disputes related to the Compact which arise among Compact States and
between Compact and Non-Compact States.

(2) The Commission shall promulgate a rule providing for both mediation and
binding dispute resolution for disputes that arise before the Commission.

(d) Enforcement. –
(1) The Commission, in the reasonable exercise of its discretion, shall enforce the
provisions and Rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the United
States District Court for the State of Georgia or the federal district where the
Compact has its principal offices against a Compact State in default to enforce
compliance with the provisions of the Compact and its promulgated Rules and
Bylaws. The relief sought may include both injunctive relief and damages. In
the event judicial enforcement is necessary, the prevailing member shall be
awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission.
The Commission may pursue any other remedies available under federal or
state law.

§ 90-270.172. Date of implementation of the Psychology Interjurisdictional Compact
Commission and associated rules, withdrawal, and amendments.
(a) The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh Compact State. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rule-making powers necessary to the implementation and administration of the Compact.

(b) Any state which joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) Any Compact State may withdraw from this Compact by enacting a statute repealing the same.

(1) A Compact State's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing State's Psychology Regulatory Authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a Compact State and a Non-Compact State which does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the Compact States. No amendment to this Compact shall become effective and binding upon any Compact State until it is enacted into the law of all Compact States.

"§ 90-270.173. Construction and severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, the Compact shall remain in full force and effect as to the remaining Compact States."

SECTION 2.(c) Subsections (a) and (b) of this section become effective when at least seven states have enacted the Psychology Interjurisdictional Compact (PSYPACT) set forth in subsection (b) of this section. The North Carolina Psychology Board shall report to the Revisor of Statutes when the PSYPACT set forth in subsection (b) of this section has been enacted by seven member states.

PART IV. ELIMINATE REDUNDANCY IN ADULT CARE HOME INSPECTIONS

SECTION 4. G.S. 131D-2.11(a) reads as rewritten:

"(a) State Inspection and Monitoring. – The Department shall ensure that adult care homes required to be licensed by this Article are monitored for licensure compliance on a regular basis. All facilities licensed under this Article and adult care units in nursing homes are subject to inspections at all times by the Secretary. Except as provided in subsection (a1) of this section, the Division of Health Service Regulation shall inspect all adult care homes and adult care units in nursing homes on an annual basis. Beginning July 1, 2012, the Division of Health Service Regulation shall include as part of its inspection of all adult care homes a review of the facility's compliance with G.S. 131D-4.4A(b) and safe practices for injections and any other procedures during which bleeding typically occurs. In addition, the Department shall ensure that adult care homes are inspected every two years to determine compliance with physical plant and life-safety requirements."
If the annual inspection of an adult care home is conducted separately from the inspection required every two years to determine compliance with physical plant and life-safety requirements, the Division of Health Service Regulation shall not cite, as part of the annual inspection, any violation of law that overlaps with an area addressed by the physical plant and life-safety inspection, unless failure to address the violation during the annual inspection would pose a risk to resident health or safety. Nothing in this section prevents a licensing inspector from referring a concern about physical plant and life-safety requirements to the section within the Division of Health Service Regulation that conducts physical plant and life-safety inspections."
