

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2021

H.B. 272
Mar 11, 2021
HOUSE PRINCIPAL CLERK

H

D

HOUSE BILL DRH40180-MH-39

Short Title: Revise Health Standard for Lead. (Public)

Sponsors: Representative Warren.

Referred to:

1 A BILL TO BE ENTITLED
2 AN ACT TO UPDATE THE CHILDHOOD LEAD POISONING PREVENTION LAW TO
3 ENSURE THAT YOUNG CHILDREN ARE NOT EXPOSED TO HAZARDOUS LEAD
4 IN DRINKING WATER.

5 Whereas, the Childhood Lead Poisoning Prevention Program has been extremely
6 effective in reducing rates of child lead poisoning in the State; and

7 Whereas, no amount of lead in water is safe for young children, with even low
8 concentration levels associated with lowered IQ, increased aggression, and the occurrence of
9 ADHD; and

10 Whereas, North Carolina's lead hazard threshold for drinking water consumed by
11 young children, as set forth in the Childhood Lead Poisoning Prevention statute, is 15 parts per
12 billion, a standard set more than two decades ago when the permanent harmful effects of lead at
13 lower concentrations were not understood; and

14 Whereas, the Centers for Disease Control and Prevention, the Environmental
15 Protection Agency, and the American Academy of Pediatrics now recommend that the action
16 level be set as close to zero as possible; and

17 Whereas, the State Laboratory of Public Health has the capacity to measure lead
18 accurately down to the level of 10 parts per billion; and

19 Whereas, lowering the definition of a lead hazard in young children's drinking water
20 in the Childhood Lead Poisoning Prevention statute from 15 parts per billion to 10 parts per
21 billion would extend lead exposure protection to an additional 30,000 young children in child
22 care settings, resulting in measurable benefits to children and society in the form of reduced
23 crime, health care cost-savings, special education cost-savings, and avoided losses in lifetime
24 earnings; and

25 Whereas, there is uniform support for this proposal in the health care and child care
26 communities; and

27 Whereas, this proposal does not affect water utilities, which are regulated under the
28 federal Safe Drinking Water Act and the Lead and Copper Rule; Now, therefore,
29 The General Assembly of North Carolina enacts:

30 **SECTION 1.** G.S. 130A-131.7(7) reads as rewritten:

31 "(7) "Lead poisoning hazard" means any of the following:

32 ...

33 g. Any concentration of lead in drinking water equal to or greater than ~~15~~
34 10 parts per billion."

35 **SECTION 2.** G.S. 130A-131.9C(i) reads as rewritten:

1 "(i) All remediation plans shall require that the lead poisoning hazards be reduced to the
2 following levels:
3 ...
4 (5) Fewer than ~~45~~10 parts per billion for lead in drinking water."
5 **SECTION 3.** The Commission for Public Health shall adopt temporary and
6 permanent rules to implement this act.
7 **SECTION 4.** This act becomes effective on December 1, 2021.
