attributable to its business carried on in the State under this section by (i) adding back, eliminating, or otherwise adjusting intercompany transactions to accurately compute the corporation's State net income properly attributable to its business carried on in the State, or, if such adjustments are not adequate under the circumstances to redetermine State net income, (ii) requiring the corporation to file a return that reflects the net income on a combined basis of all members of its affiliated group with intercompany transactions that are conducting a unitary business. The Secretary shall consider and be authorized to use any reasonable method proposed by the corporation for redetermining its State net income attributable to its business carried on in the State. In determining whether the corporation's intercompany transactions lack economic substance or are not at fair market value, the Secretary shall consider each taxable year separately.

The submission by the corporation of the combined return required by the Secretary shall not be deemed to be a return or construed as an agreement by the corporation that an assessment based on the combined return is correct or that additional tax is due by the Secretary's deadline for submitting the combined return. The Secretary or the corporation may propose a combination of fewer than all members of the unitary group that have intercompany transactions, and the Secretary shall be authorized to consider whether such proposed combination is a reasonable means of redetermining State net income; provided, however, the Secretary shall not require a combination of fewer than all members of the unitary group that have intercompany transactions without the consent of the corporation.

(l) Penalties. – If a combined return required by this section is not timely submitted by a corporation, then the corporation is subject to the penalties provided in G.S. 105-236(a)(3). Penalties shall not be imposed on an assessment under this section except as expressly authorized in this section and in G.S. 105-236(a)(5). G.S. 105-236(a)(5).
