PART I. TEACHER LICENSURE CHANGES

SECTION 1.1.(a) G.S. 115C-270.20(a)(4a) reads as rewritten:

"(4a) Limited license. – A three-year ~~nonrenewable~~ renewable license issued to an individual who meets the requirements of this subdivision. A limited license shall only be requested by the local board of education currently employing or seeking to employ the individual and shall be used for continued employment only in that local school administrative unit. The State Board shall not require individuals to demonstrate preparation through achieving a prescribed minimum score on a standardized examination for a limited license. To receive a limited license, one of the following shall be met:

a. In-state licensee. – Both of the following are met:

1. The individual was issued an IPL or RL, but failed to fulfill examination requirements under G.S. 115C-270.15 after three years of licensure.
2. The local board of education submits to the State Board an affidavit stating that the teacher is currently employed by that local board, is an effective teacher, and will be encouraged to continue to pursue a CPL. The affidavit shall be signed by both the principal and superintendent for the school to which the teacher is currently assigned.

b. Out-of-state licensee. – Both of the following are met:

1. The individual holds current teacher licensure in another state that is in good standing.
2. The local board of education submits to the State Board an affidavit stating that the local board seeks to employ the teacher, that the teacher has been employed as a licensed teacher in another state for at least three years, and that the teacher will be encouraged to pursue an IPL or CPL, as appropriate for that teacher. The affidavit shall be signed by

1 the superintendent for the local board of education seeking to
2 employ the teacher.

3 For renewal of a limited license, the local board of education shall evaluate
4 the teacher's effectiveness every three years. For teachers that teach subjects
5 that use the Education Value-Added Assessment System (EVAAS), the data
6 must demonstrate that the teacher meets or exceeds expectations of growth as
7 measured by EVAAS, if available."

14 conversion from an initial professional license (IPL) and a residency license (RL) to a continuing
15 professional license (CPL) under G.S. 115C-270.15. The alternative to the examination shall
16 provide for a process to accommodate different circumstances in which the examination may not
17 be required or be the most appropriate or efficient pathway of evaluating a teacher's readiness or
18 effectiveness for licensure.

19 In addition, the State Board, in consultation with the Department and PEPSC, shall
20 examine issues related to licensure classes and teacher salary, including ways to increase
21 recruitment and retention by directly corresponding classes of licensure with amount of
22 compensation. In conducting the study, the State Board shall identify any changes in State law
23 necessary for any proposed recommendations resulting from the findings.

24 **SECTION 1.2.(b)** By February 15, 2022, the State Board, in consultation with the
25 Department and PEPSC, shall report to the Joint Legislative Education Oversight Committee on
26 (i) the development of the alternative to examination requirements for conversion of IPLs and
