The Commission shall develop a general permit for animal operations that includes authorization for the permittee to construct and operate a farm digester system. It is the intent of the General Assembly that most animal waste management systems be permitted under a general permit. The Commission, in its discretion, may require that an animal waste management system, including an animal waste management system that utilizes a farm digester system, be permitted under an individual permit if the Commission determines that an individual permit is necessary to protect water quality, public health, or the environment. After the general permit for animal operations that includes authorization for the permittee to construct and operate a farm digester system has been issued, the decision to require an individual permit shall not be based solely on the fact that the animal waste management system utilizes a farm digester system. The owner or operator of an animal operation shall submit an application for a permit at least 180 days prior to construction of a new animal waste management system or expansion of an existing animal waste management system and shall obtain the permit prior to commencement of the construction or expansion. (c1) Failure of the Commission to make a final permitting decision involving a notice of intent for a certificate of coverage under a general permit for animal operations that includes authorization for the permittee to construct and operate a farm digester system within 90 days of the Commission's receipt of a completed notice of intent shall result in the deemed approval of coverage under the permit. If the Commission fails to act within 90 days of the Commission's receipt of a completed notice of intent, the permittee may request that the Commission provide written confirmation that the notice of intent is deemed approved. Failure to provide this written confirmation within 10 days of the request shall serve as a basis to seek a contested case hearing pursuant to Article 3 of Chapter 150B of the General Statutes. Unless all parties to the case agree otherwise in writing, the administrative law judge shall issue a final decision or order in the contested case no later than 120 days after its commencement pursuant to G.S. 150B-23; provided that, upon written request of the administrative law judge or any party to the hearing, the Chief Administrative Law Judge may extend this deadline for good cause shown, no more than two times, for not more than 30 days per extension. The general permit shall become effective no later than 12 months after the effective date of this section and shall expire on the later of September 30, 2024, or the effective date of the next version of the currently existing general permit for animal operations.

SECTION 11.(e) Until the general permit issued under subsection (d) of this section becomes effective, any animal operation that holds a general or individual permit that (i) is in effect on the effective date of this section and (ii) authorizes the construction and operation of a farm digester system may construct and continue to operate the farm digester system as authorized by that permit. For any animal operation that holds a general or individual permit that is in effect on the effective date of this section, but that does not authorize the construction and operation of a farm digester system, an operator may submit a notice of intent to be covered under the general permit to be developed under subsection (d) of this section. If the submitted notice of intent is incomplete, the Commission shall notify the applicant of the deficiency in the notice of intent. When an operator submits a completed notice of intent, the Commission shall, within 90 days of receipt of the completed notice of intent, either issue a certificate of coverage allowing the operator to construct and operate the farm digester system or notify the operator of the basis for the denial of the certificate of coverage. If the Commission fails to take action on the notice of intent within 90 days, authorization to construct and operate a farm digester system under the existing general permit shall be deemed approved.

§ 106-806. Construction or renovation of swine houses at preexisting swine farms.

(a) As used in this section, the following definitions apply:

(1) "Farm digester system" means a farm digester system as defined in G.S. 143-213(12a).

(2) "New swine farm" means any swine farm the operations of which were sited on or after October 1, 1995. "New swine farm" does not include any preexisting swine farm, even if a subsequent site evaluation is performed on or after October 1, 1995, at the preexisting swine farm.

(3) "Preexisting swine farm" means any swine farm either the operations of which were begun prior to October 1, 1995, or the site evaluation of which was approved prior to October 1, 1995, by the Department of Environmental Quality under Part 1A of Article 21 of Chapter 143 of the General Statutes.

(4) "Renovation or construction," "renovated or constructed," and any similar phrase mean any activity to renovate, construct, reconstruct, rebuild, modify, alter, change, restructure, upgrade, improve, enlarge, reduce, move, or
otherwise perform construction work on a swine house that is a component of a swine farm.

… Notwithstanding any other provision of this Article, a farm digester system that is a component of a preexisting swine farm may be constructed or renovated if the construction or renovation of the farm digester system satisfies all of the following requirements:

(1) The construction or renovation of the farm digester system does not result in an increase in the permitted capacity of the swine farm, as measured by the annual steady state live weight capacity of the swine farm.

(2) The construction or renovation of the farm digester system does not result in requiring an increase in the total permitted capacity of the animal waste management system or systems located at the swine farm.

(3) The construction or renovation of the farm digester system shall comply with the siting requirements set out in G.S. 106-803 to the maximum extent practicable. Except as provided in subsection (c) of this section, construction or renovation of the farm digester system shall not result in any portion of the constructed or renovated farm digester system being located closer to the building, property, or well that is the object of the siting requirement than any existing component of the animal waste management system that fails to meet the siting requirements of G.S. 106-803.

(4) Renovation or construction of a farm digester system shall not be allowed in the 100-year floodplain.

SECTION 11.(h) G.S. 105-275(8) is amended by adding a new sub-subdivision to read:

"a2. Notwithstanding sub-subdivision a1. of this subdivision, sub-subdivision a. of this subdivision applies to a farm digester system as defined in G.S. 143-213(12a)."

SECTION 11.(i) This section is effective when it becomes law.

CLARIFY THE DURATION OF DRIVERS LICENSES FOR H-2A WORKERS

SECTION 12.(a) G.S. 20-7(f)(3) reads as rewritten:

"(3) Duration of license for certain other drivers. – The durations listed in subdivisions (1), (2) and (2a) of this subsection are valid unless the Division determines that a license of shorter duration should be issued when the applicant holds valid documentation issued by, or under the authority of, the United States government that demonstrates the applicant's legal presence of limited duration in the United States. In no event shall a license of limited duration expire later than the expiration of the authorization for the applicant's legal presence in the United States. A drivers license issued to an H-2A worker expires three years after the date of issuance of the H-2A worker's visa; provided, if at any time during that three-year period an H-2A worker's visa duration is not extended by United States Citizenship and Immigration Services, the license expires on the date the H-2A worker's visa expires. For purposes of this subdivision, the term "H-2A worker" means a foreign worker who holds a valid H-2A visa pursuant to the Immigration and Nationality Act (8 U.S.C. § 1101(a)(15)(H)(ii)(a)) and who is legally residing in this State."

SECTION 12.(b) This section is effective when it becomes law.

RETAIATORY EMPLOYMENT DISCRIMINATION ACT AMENDMENT

SECTION 13. G.S. 95-242 reads as rewritten:

"§ 95-242. Complaint; investigation; conciliation."
(a) An employee allegedly aggrieved by a violation of G.S. 95-241 may file a written
complaint with the Commissioner of Labor alleging the violation. The complaint shall be filed
within 180 days of the alleged violation. Within 20 days following receipt of the complaint, the
Commissioner shall forward a copy of the complaint to the person alleged to have committed the
violation and shall initiate an investigation. If the Commissioner determines after the
investigation that there is not reasonable cause to believe that the allegation is true, the
Commissioner shall dismiss the complaint, promptly notify the employee and the respondent,
and issue a right-to-sue letter to the employee that will enable the employee to bring a civil action
pursuant to G.S. 95-243. The right-to-sue letter shall state that the Commissioner has investigated
the complaint and concluded that there is not reasonable cause to believe the allegation is true. If
the Commissioner determines after investigation that there is reasonable cause to believe that the
allegation is true, the Commissioner shall attempt to eliminate the alleged violation by informal
methods which may consist of conference, conciliation, and persuasion. The Commissioner shall
make a determination as soon as possible and, in any event, not later than 90 days after the filing
of the complaint.

(b) If the Commissioner is unable to resolve the alleged violation through the informal
methods, the Commissioner shall notify the parties in writing that conciliation efforts have failed.
The Commissioner shall then either file a civil action on behalf of the employee pursuant to G.S.
95-243 or issue a right-to-sue letter to the employee enabling the employee to bring a civil action
pursuant to G.S. 95-243.

(b1) The Commissioner may reopen an investigation under this Article for good cause
shown within 30 days of receipt of the right-to-sue letter. If an investigation is reopened pursuant
to this section, the 90-day time limit set forth in G.S. 95-243(b) shall not commence until the new
investigation is complete and either a new right-to-sue letter is issued or the Commissioner
notifies the parties in writing that conciliation efforts have failed.

(c) An employee may make a written request to the Commissioner for a right-to-sue letter
after 90 days following the filing of a complaint if the Commissioner has not issued a notice of
conciliation failure and has not commenced an action pursuant to G.S. 95-242.

(d) Nothing said or done during the use of the informal methods described in subsection
(a) of this section may be made public by the Commissioner or used as evidence in a subsequent
proceeding under this Article without the written consent of the persons concerned. However, a
right-to-sue letter issued by the Commissioner when the Commissioner has concluded that there
is not reasonable cause to believe the allegation is true may be used as evidence in a subsequent
proceeding under this Article.

(e) The Commissioner's files and the Commissioner's other records relating to
investigations and enforcement proceedings pursuant to this Article shall not be subject to
inspection and examination as authorized by G.S. 132-6 while such investigations and
proceedings are open or pending in the trial court division.

(f) In making inspections and investigations under this Article, the Commissioner or his
duly authorized agents may, in addition to exercising the authority granted in G.S. 95-4, issue
subpoenas to require the attendance and testimony of witnesses and the production of evidence
under oath. Witnesses shall be reimbursed for all travel and other necessary expenses which shall
be claimed and paid in accordance with the prevailing travel reimbursement requirements of the
State. In the case of failure or refusal of any person to obey a subpoena under this Article, the
district court judge or superior court judge of the county in which the inspection or investigation
is conducted shall, upon the application of the Commissioner, have jurisdiction to issue an order
requiring compliance."

SECTION 14.(a) If any provision of this act or the application thereof to any person
or circumstances is held invalid, such invalidity shall not affect other provisions or applications
of this act that can be given effect without the invalid provision or application, and, to this end, the provisions of this act are declared to be severable.
