The General Assembly makes the following findings: 37 (a) Following the 2020 election, anti-democratic extremists tried to get election 38 (1) 39 officials to lie about election results. In some cases, public officials either 40 hesitated or outright refused to accept plainly truthful election results. 41 Scores of court cases and administrative challenges proved without doubt that (2)42 the 2020 election was counted correctly and that the candidates who were 43 certified as winners had fairly and honestly won. Those same extremists have made it clear that they are preparing an election 44 (3)45 nullification strategy to implement in the near future, which is an outright 46 subversion of the American democratic system. Each public official, whether an elected official, a government employee, or 47 (4) a volunteer empowered to take official action, has a sacred responsibility to 48 49 place loyalty to the Constitution, laws, and ethical principles above partisan 50 politics.

PART V. PREVENT IMPEDIMENT/INTERFERENCE WITH ELECTION PROCESS

SECTION 5.1. G.S. 163-45 reads as rewritten:

18 "§ 163-45. Observers; appointment.

19 The chair of each political party in the county shall have the right to designate two (a) 20 observers to attend each voting place at each primary and election and such observers may, at the 21 option of the designating party chair, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each 22 23 chair contains the names of all persons authorized to represent such chair's political party. The 24 chair of each political party in the county shall have the right to designate 10 additional at-large 25 observers who are residents of that county who may attend any voting place in that county. The 26 chair of each political party in the State shall have the right to designate up to 100 additional 27 at-large observers who are residents of the State who may attend any voting place in the State. 28 The list submitted by the chair of the political party may be amended between the one-stop period 29 under G.S. 163-227.2, 163-227.5, and 163-227.6 and general election day to substitute one or all 30 at-large observers for election day. Not more than two observers from the same political party 31 shall be permitted in the voting enclosure at any time, except that in addition one of the at-large 32 observers from each party may also be in the voting enclosure. This right shall not extend to the 33 chair of a political party during a primary unless that party is participating in the primary. In any 34 election in which an unaffiliated candidate is named on the ballot, the candidate or the candidate's 35 campaign manager shall have the right to appoint two observers for each voting place consistent 36 with the provisions specified herein. Persons appointed as observers by the chair of a county 37 political party must be registered voters of the county for which appointed appointed, must complete training before acting as an observer and complete additional training at least once 38 39 every two years, as applicable, and must have good moral character. Persons appointed as 40 observers by the chair of a State political party must be registered voters of the State-State, must complete training before acting as an observer and complete additional training at least once 41 42 every two years, as applicable, and must have good moral character. The State Board of Elections 43 shall establish training standards and requirements for observers. No person who is a candidate 44 on the ballot in a primary or election may serve as an observer or runner in that primary or election. Observers shall take no oath of office. 45

(b) Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct, except that the list of at-large observers authorized in subsection (a) of this section shall be submitted to the county director of elections. Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the

General Assembly Of North Carolina

precinct or at-large status for which each observer is appointed. Before the opening of the voting 1 2 place on the day of a primary or general election, the chair shall deliver one copy of the list to 3 the chief judge for each affected precinct, except that the list of at-large observers shall be 4 provided by the county director of elections to the chief judge. The chair shall retain the other 5 copy. The chair, or the chief judge and judges for each affected precinct, may for good cause 6 reject any appointee and require that another be appointed. The names of any persons appointed 7 in place of those persons rejected shall be furnished in writing to the chief judge of each affected 8 precinct no later than the time for opening the voting place on the day of any primary or general 9 election, either by the chair of the county board of elections or the person making the substitute 10 appointment.

11 If party chairs appoint observers at one-stop sites under G.S. 163-227.2, 163-227.5, and 12 163-227.6, those party chairs shall provide a list of the observers appointed before 10:00 A.M. 13 on the fifth day before the observer is to observe. At-large observers may serve at any one-stop 14 site.

15 (c) An observer shall sign a sworn oath that the observer shall do no electioneering at the voting place, and shall in no manner impede the voting process or interfere or communicate with 16 17 or observe any voter in casting a ballot, but, subject to these restrictions, the chief judge and 18 judges of elections shall permit the observer to make such observation and take such observe and 19 take notes as the observer may desire. While observing, an observer shall wear clear 20 identification, including the observer's name, role, and partisan affiliation.

21 (d) Whether or not the observer attends to the polls for the requisite time provided by this 22 section, each observer shall be entitled to obtain at times specified by the State Board of 23 Elections, but not less than three times during election day with the spacing not less than one 24 hour apart, a list of the persons who have voted in the precinct so far in that election day. Counties 25 that use an "authorization to vote document" instead of poll books may comply with the 26 requirement in the previous sentence by permitting each observer to inspect election records so 27 that the observer may create a list of persons who have voted in the precinct so far that election 28 day; each observer shall be entitled to make the inspection at times specified by the State Board 29 of Elections, but not less than three times during election day with the spacing not less than one 30 hour apart.

31 Instead of having an observer receive the voting list, the county party chair may send a runner 32 to do so, even if an observer has not been appointed for that precinct. The runner may be the 33 precinct party chair or any person named by the county party chair. Each county party chair using 34 runners in an election shall provide to the county board of elections before 10:00 A.M. on the 35 fifth day before election day a list of the runners to be used. That party chair must notify the chair 36 of the county board of elections or the board chair's designee of the names of all runners to be 37 used in each precinct before the runner goes to the precinct. The runner may receive a voter list 38 from the precinct on the same schedule as an observer. Whether obtained by observer or runner, 39 each party is entitled to only one voter list at each of the scheduled times. No runner may enter 40 the voting enclosure except when necessary to announce that runner's presence and to receive the 41 list. The runner must leave immediately after being provided with the list."

42

SECTION 5.2. During the conduct of elections, the State Board of Elections, in 43 collaboration with county boards of elections, shall do each of the following:

- 44 45
- Ensure election administrators are adequately compensated equitably (1)throughout the State to reduce attrition and loss of institutional knowledge.
- 46 (2)Ensure clear and conspicuous notices are placed at voting locations 47 establishing clear rights and responsibilities for voters, poll workers, and 48 observers.
- 49 Develop a statewide, uniform system of reporting incidents of voter (3) 50 intimidation anonymously.
