(c) The interactive sports wagering operator shall disclose the records described in subsection (b) of this section to the Commission upon request.

(d) If a sports governing body has notified the Commission that real-time information sharing for sports wagers placed on its sporting events is necessary, interactive sports wagering operators shall share with that sports governing body or its designee in real time, at the account level, anonymized information regarding a registered player, amount and type of sports wager, the time the sports wager was placed, the location of the registered player at the time the sports wager was placed, the IP address if applicable, the outcome of the sports wager, and records of abnormal sports wagering activity. For purposes of this subsection, real time means on a commercially reasonable periodic interval, but in any event, not less than once every 72 hours.

(e) A sports governing body receiving any information pursuant to this subsection shall use the information for the purpose of integrity monitoring only and not for any commercial purpose.

(f) In advertising and marketing its sports wagering platform and related commercial offerings, the interactive sports wagering operator, or those acting on its behalf, shall ensure that advertisements and marketing messages and materials meet all of the following requirements:

(g) Interactive sports wagering operators and service providers shall employ commercially reasonable methods to maintain the security of wagering data, registered player and other customer data, and any other confidential information, including information provided by a sports governing body, from unauthorized access and dissemination. All servers necessary to the placement or resolution of a sports wager, other than back-up servers, shall be physically located in this State. Consistent with federal law, nothing in this section shall preclude the use of internet or cloud-based hosting, or the use of back-up servers located outside of this State.

(h) Each interactive sports wagering operator shall provide a daily summary of all sports wagering activity, detailing all transactions processed through each wagering system, provided in a format established by the Commission, at the close of each business day.

(i) An interactive sports wagering operator may not, as a condition of use of its sports wagering platform, require a registered player to waive any right, forum, or procedure otherwise
available to the registered player under State or federal law. All agreements between an
interactive sports wagering operator and a registered player shall be governed by State law. The
State and federal courts located in North Carolina shall serve as the exclusive venue for all such
disputes.
§ 18C-911. Reserved for future codification purposes.
§ 18C-912. Establishment of interactive accounts.
(a) Only a registered player shall be permitted to establish an interactive account with an
interactive sports wagering operator. The interactive sports wagering operator is responsible for
verifying the identity of the registered player and ensuring that the registered player is at least 21
years of age. The registered player shall be permitted to deposit cash or cash equivalents into the
interactive account.
(b) A registered player may not have more than one interactive account with each
interactive sports wagering operator.
(c) An interactive account shall meet all of the following requirements:

sports wagering platform features to support responsible sports wagering.
(d) The interactive sports wagering operator shall put in place sufficient measures to
verify the age and identity of the registered player needed to allow the establishment of
interative accounts remotely.
(e) An interactive account held by a registered player in this State may be suspended or
terminated by the interactive sports wagering operator under any of the following conditions:
(1) The registered player has provided any false or misleading information in
connection with the opening of the account, or has engaged in collusion,
cheating, or other unlawful conduct.
(2) The registered player is barred from placing sports wagers in the State.

Article.

§ 18C-913. Reserved for future codification purposes.
§ 18C-914. Integrity of competition and prohibited events.
(a) A sports governing body may submit to the Commission in writing a request to
restrict, limit, or exclude a certain type, form, or category of sports wagering with respect to
sporting events of such body, if the sports governing body believes that such type, form, or
category of sports wagering with respect to sporting events of such body may undermine the
integrity or perceived integrity of such body or sporting events of such body. The Commission
shall request comment from interactive sports wagering operators on all such requests. After
giving due consideration to all comments received, the Commission shall, upon a demonstration
of good cause from the requestor that such type, form, or category of sports wagering is likely to
undermine the integrity or perceived integrity of such body or sporting events of such body, grant
the request. The Commission shall respond to a request concerning a particular event before the
start of the event, or if it is not feasible to respond before the start of the event, no later than seven
days after the request is made. If the Commission determines that the requestor is more likely
than not to prevail in successfully demonstrating good cause for its request, the Commission may
provisionally grant the request of the sports governing body until the Commission makes a final
determination as to whether the requestor has demonstrated good cause. Absent such a
provisional grant by the Commission, interactive sports wagering operators may continue to offer
sports wagering on sporting events that are the subject of such a request during the pendency of
the Commission's consideration of the applicable request.

(b) The Commission and interactive sports wagering operators shall cooperate with
investigations conducted by sports governing bodies or law enforcement agencies, including
using commercially reasonable efforts to provide or facilitate the provision of sports wagering
information. All disclosures under this section are subject to an interactive sports wagering
operator's obligations to comply with all federal, State, and local laws and regulations, including
those relating to privacy and personally identifiable information.

(c) Interactive sports wagering operators are not required to use official league data for
determining any of the following:

(1) The results of tier one sports wagers on sporting events of any organization
whether headquartered in the United States or elsewhere.

(2) The results of tier two sports wagers on sporting events of organizations that
are not headquartered in the United States.

(d) A sports governing body may notify the Commission that it desires interactive sports
wagering operators to use official league data to settle tier two sports wagers on sporting events
of such sports governing body. Notification shall be made in the form and manner as the
Commission may require. The Commission shall notify each interactive sports wagering operator
of a sports governing body's notification within five days of the Commission's receipt of the
notification. If a sports governing body does not so notify the Commission, an interactive sports
wagering operator is not required to use official league data for determining the results of tier
two sports wagers on sporting events of that sports governing body.

(e) Within 60 days of the Commission notifying each interactive sports wagering
operator of a sports governing body notification to the Commission, or longer period as may be
agreed between the sports governing body and the applicable interactive sports wagering
operator, interactive sports wagering operators shall use only official league data to determine
the results of tier two sports wagers on sporting events of that sports governing body, unless any
of the following apply:

(1) The sports governing body or its designee cannot provide a feed of official
league data to determine the results of a particular type of tier two sports
wager, in which case interactive sports wagering operators are not required to
use official league data for determining the results of the applicable tier two
sports wager until such time as such a data feed becomes available from the
sports governing body on commercially reasonable terms and conditions.

(2) An interactive sports wagering operator can demonstrate to the Commission
that the sports governing body or its designee will not provide a feed of official
league data to the interactive sports wagering operator on commercially
reasonable terms and conditions.
The designee of the sports governing body does not obtain a sports wagering supplier license from the Commission to provide official league data to interactive sports wagering operators to determine the results of tier two sports wagers, if and to the extent required by law.

During the pendency of the Commission's determination as to whether a sports governing body or its designee will provide a feed of official league data on commercially reasonable terms, an interactive sports wagering operator is not required to use official league data for determining the results of tier two sports wagers. The Commission's determination shall be made within 60 days of the interactive sports wagering operator notifying the Commission that it desires to demonstrate that the sports governing body or its designees will not provide a feed of official league data to the sports wagering operator on commercially reasonable terms. The following is a non-exclusive list of factors the Commission may consider in evaluating whether official league data is being offered on commercially reasonable terms and conditions for purposes of this subsection and subsections (d) and (e) of this section:

1. The extent to which interactive sports wagering operators have purchased the same or similar official league data on the same or similar terms, particularly in jurisdictions where such purchase was not required by law, or was required by law, but only if offered on commercially reasonable terms.

2. The nature and quantity of the official league data, including its speed, accuracy, reliability, and overall quality, as compared to comparable non-official data.

3. The quality and complexity of the process used to collect and distribute the official league data as compared to comparable non-official data.

4. The availability of a sports governing body's tier two official league data to an interactive sports wagering operator from more than one authorized source.

5. Market information, including price and other terms and conditions, regarding the purchase by interactive sports wagering operators of comparable data for the purpose of settling sports wagers in this State and other jurisdictions.

6. The extent to which sports governing bodies or their designees have made data used to settle tier two sports wagers available to interactive sports wagering operators and any terms and conditions relating to the use of that data.

7. Any other information the Commission deems relevant.

Interactive sports wagering operators shall, as soon as practicable, report to the Commission any information relating to abnormal betting activity or patterns that may indicate a concern with the integrity of a sporting event or events, or any other conduct that corrupts a sports wagering outcome of a sporting event or events for purposes of financial gain, including match fixing. The interactive sports wagering operator making such a report shall also simultaneously report such information to the relevant sports governing body.

1. Suspend or revoke the license.

2. Impose a monetary penalty of not more than ten thousand dollars ($10,000) for each violation.

      (5) The means by which the Commission shall make available to all licensees under this Article and Article 10 of this Chapter and their agents the names of the individuals participating in the voluntary exclusion program, which shall be at least quarterly.
   (c) Participation in the voluntary exclusion program shall not preclude licensees under this Article and Article 10 of this Chapter and their agents from seeking the payment of a debt accrued by the individual while not participating in the voluntary exclusion program.
   (d) The voluntary exclusion program shall be exempt from Chapter 132 of the General Statutes and shall be treated as confidential by each licensee under this Article and Article 10 of this Chapter. Licensees under this Article and Article 10 of this Chapter conducting sports wagering or pari-mutuel wagering in another state may share the information provided under this section with its agents and affiliates in other states for excluding individuals participating in the voluntary exclusion program.
