15 **"§ 131E-269.5. Certification of crisis pregnancy centers.**

16 (a) No person shall operate a crisis pregnancy center without obtaining certification from
17 the Department as a facility suitable for the provision of crisis pregnancy services. As used in
18 this section, "crisis pregnancy center" means a nonprofit organization, other than a hospital,
19 ambulatory surgical facility, or clinic that performs abortions, that holds itself out as a facility
20 that provides care for pregnant women, including pregnancy counseling services, pregnancy
21 testing, and other nonmedical pregnancy services.

22 (b) Applications for certification shall be available from the Department, and each
23 application filed with the Department shall contain all necessary and reasonable information that
24 the Department may by rule require. The Department shall grant certification to the applicant
25 upon a determination by the Department that the applicant has complied with this section and
26 any rules adopted under this section. The Department shall charge the applicant a nonrefundable
27 annual certification fee in the amount of nine hundred dollars (\$900.00).

28 (c) Each certification shall be issued only for the premises and persons named in the
29 application and shall not be transferable or assignable except with the written approval of the
30 Department.

31 (d) Certifications shall be posted in a conspicuous place on the certified premises.

32 (e) The Department shall adopt rules pertaining to the certification of crisis pregnancy
33 centers. The Department is authorized to apply any relevant requirement for the certification of
34 clinics that perform abortions to the standards applicable to crisis pregnancy centers certified by
35 the Department as suitable for the provision of crisis pregnancy services. The rules shall ensure
36 that standards for crisis pregnancy centers certified by the Department address patient care at the
37 center, protect patient privacy, provide quality assurance, and ensure that patients experiencing
38 pregnancy complications receive a referral for any necessary medical attention.

39 (f) The Department shall make or cause to be made inspections of crisis pregnancy
40 centers on an annual basis. The Department is authorized to delegate to a State officer, agent,
41 board, bureau, or division of State government the authority to make inspections according to the
42 rules adopted by the Department. The Department may revoke this delegated authority in its
43 discretion.

44 (g) Notwithstanding the provisions of G.S. 8-53 or any other provision of law relating to
45 the confidentiality of communications between physician and patient, the representatives of the
46 Department who make these inspections may review any writing or other record in any recording
47 medium that pertains to the admission, discharge, medication, treatment, medical condition, or
48 history of persons who are or have been patients of the facility being inspected unless that patient
49 objects, in writing, to review of that patient's records. Physicians, psychologists, psychiatrists,
50 nurses, and anyone else involved in giving treatment at or through a facility who may be

1 interviewed by representatives of the Department may disclose to these representatives
2 information related to an inquiry, notwithstanding the existence of the physician-patient privilege
3 in G.S. 8-53 or any other rule of law; provided, however, that the patient has not made written
4 objection to this disclosure. The facility, its employees, and any person interviewed during these
5 inspections shall be immune from liability for damages resulting from the disclosure of any
6 information to the Department. Any confidential or privileged information received from review
7 of records or interviews shall be kept confidential by the Department and not disclosed without
8 written authorization of the patient or legal representative or unless disclosure is ordered by a
9 court of competent jurisdiction. The Department shall institute appropriate policies and
10 procedures to ensure that this information is not disclosed without authorization or court order.
11 The Department shall not disclose the name of anyone who has furnished information concerning
12 a facility without the consent of that person. Neither the names of persons furnishing information
13 nor any confidential or privileged information obtained from records or interviews shall be
14 considered "public records" within the meaning of G.S. 132-1. Prior to releasing any information
15 or allowing any inspections referred to in this section, the patient must be advised in writing by
16 the facility that the patient has the right to object, in writing, to this release of information or
17 review of the records and that by objecting, in writing, the patient may prohibit the inspection or
18 release of the records.

19 (h) The Department shall publish the results of the inspections described in subsection (f)
20 of this section on its website and the website established under Article II of Chapter 90 of the
21 General Statutes.

22 (i) No crisis pregnancy center may provide medical advice to its patients, nor perform
23 any medical procedures on them, unless the advice or procedure is provided by a healthcare
24 professional licensed under Chapter 90 of the General Statutes acting within the scope of the
25 healthcare professional's license. For purposes of this subsection, "medical procedure" will
26 include any procedure used or intended to diagnose a pregnancy, including an ultrasound.

27 (j) The Department shall enforce the rules adopted for the certification of crisis
28 pregnancy centers.

29 **"§ 131E-269.6. Funding for crisis pregnancy centers.**

30 (a) No crisis pregnancy center shall receive State funding unless it discloses to its patients
31 that there are alternatives to continuing a pregnancy, including abortion.

32 (b) If a crisis pregnancy center that receives State funds provides information concerning
33 abortion to a patient, the information provided must be medically accurate, or the funding will
34 be revoked. The Department shall adopt rules determining what qualifies as medically accurate
35 information for abortion.

36 (c) A crisis pregnancy center receiving State funds must report annually on what
37 information concerning abortion it provides to patients or otherwise publishes. If the information
38 provided or published is not medically accurate as determined by the rules adopted by the
39 Department under subsection (b) of this section, State funding may be revoked.

40 (d) All crisis pregnancy centers must include the following information on all
41 public-facing communications, including signs, websites, and advertisements: "Abortion is not
42 provided here. For information about abortion services, please access information provided by
43 the Department of Health and Human Services at
44 <https://www.ncdhs.gov/assistance/north-carolina-reproductive-health-services>," or any similar
