13 subsection (a) of this section, the court shall order a sale at public auction of
14 said motor vehicle and the officer making the sale, after deducting the
15 expenses of keeping the motor vehicle, the fee for the seizure, and the costs of

40 be specially equipped or modified from its original manufactured condition so
41 as to increase its speed, the court shall, prior to sale, order that the special
42 equipment or modification be removed and destroyed and the vehicle restored
43 to its original manufactured condition. However, if the court should find that
44 such equipment and modifications are so extensive that it would be
45 impractical to restore said vehicle to its original manufactured condition, then
46 the court may order that the vehicle be turned over to such governmental
