

NORTH CAROLINA GENERAL ASSEMBLY

2025 Session

Legislative Actuarial Note – Health Benefits

Short Title: 2026 DST Admin/Technical/Clarifying Changes.-AB
Bill Number: House Bill 1126 (First Edition)
Sponsor(s): Rep. Wheatley and Rep. Carson Smith

SUMMARY TABLE

ACTUARIAL IMPACT OF H.B. 1126, V.1 (\$ in thousands)

| | <u>FY 2026-27</u> | <u>FY 2027-28</u> | <u>FY 2028-29</u> | <u>FY 2029-30</u> | <u>FY 2030-31</u> |
|----------------------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|
| State Impact | | | | | |
| State Health Plan Net Loss | \$12,000 to \$20,000 | \$13,000 to \$21,000 | \$14,000 to \$22,000 | \$15,000 to \$23,000 | \$16,000 to \$24,000 |
| NET STATE IMPACT | \$12,000 to \$20,000 | \$13,000 to \$21,000 | \$14,000 to \$22,000 | \$15,000 to \$23,000 | \$16,000 to \$24,000 |

The State Health Plan’s Net Loss is projected to increase by the amount shown above, decreasing the cash reserves of the Plan. Any deterioration in Plan financials does not directly translate to an increase in State appropriations in the short-run, but is likely to increase appropriations in the long-run. Roughly 57% of premiums paid to the Plan are derived from the General Fund.

ACTUARIAL IMPACT SUMMARY

Sections 1.2, 2.1, 2.2, and 2.3 have potential actuarial impacts on the State Health Plan (Plan).

Section 1.2: Provides that the obligation to recover an overpayment of Plan benefits does not extend to keeping the Retirees’ Contributory Death Benefit (\$10,000) and offsetting it against the overpayment. Both Segal Consulting, the consulting actuary for the Plan, and Aon, the consulting actuary for the General Assembly, estimate that this section will have negligible financial impact on the Plan.

Section 2.1: Expands maternity benefits to include all eligible dependent children. Segal Consulting estimates that this section will increase claims by \$14 million to \$20 million per year. Aon estimates that this section will increase claims by \$12 million to \$15 million per year.

Section 2.2: Allows the Treasurer discretion to determine that the administrative cost of coordinating benefits with Medicare is likely to exceed the financial benefit of such coordination and, in those limited circumstances, to allow the Plan to remain the primary payer. Both actuaries estimate that this section will have negligible financial impact on the Plan.

Section 2.3: Exempts the Plan from the requirement that moneys remain on deposit with the State Treasurer until final disbursement. Both actuaries estimate that this section will have negligible financial impact on the Plan.

ASSUMPTIONS AND METHODOLOGY

The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

Summary Information and Data about the State Health Plan (Plan)

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, (3) employees, and (4) retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Benefit and premium changes are typically effective on January 1. The Plan's PPO benefit design includes two alternative benefit levels listed below:

- 1) The Standard PPO Plan that offers higher out-of-pocket requirements in return for lower employee and retiree premiums, and
- 2) The Plus PPO Plan that offers lower out-of-pocket requirements with higher employee and retiree premiums.

Medicare-eligible retirees are offered three alternative plans:

- 1) The Standard PPO Plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,
- 2) "Base" Medicare Advantage Prescription Drug Plan (MA-PDP) from Humana, that applies in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDP, identical to the "Base" MA-PDP, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2026:

Employers pay premiums of \$742 per month plus 2.4% of salary for active employees.

Paid by subscriber (employee/retiree) if fully subsidized

| | No Members are Medicare Eligible | | All Members are Medicare Eligible | | |
|-----------------------|-------------------------------------|------------------|--------------------------------------|--------------------|----------------------|
| | Standard PPO Plan | Plus PPO Plan | MA-PDP Base | MA-PDP Enhanced | Standard PPO Plan |
| Subscriber Only | \$0* to \$80 | \$66 to \$160 | \$0 | \$81 | \$0 |
| Subscriber + Children | \$185 to \$230 | \$276 to \$370 | \$68 | \$226 | \$185 |
| Subscriber + Spouse | \$575 to \$620 | \$746 to \$840 | \$68 | \$226 | \$575 |
| Subscriber + Family | \$575 to \$620 | \$746 to \$840 | \$136 | \$371 | \$575 |

* \$0 premium only applies to retirees

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund in the amount of \$300 per month. During FY 2026-27, employers contribute 4.93% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$1.1 billion.

Financial Condition

Projected Results for CY 2026 and CY 2027 – The following summarizes projected financial results for 2026 and 2027, based on financial experience through December 2025. The projection assumes an annual claims growth trend for medical claims of 6.0%, a trend for pharmacy claims of 9.5%, benefit provisions and member-paid premiums as adopted by the Board for 2026, 0% blended employer premium increases in FY 2026-27, and a \$106 per month premium for the Base MA Plan in CY 2027.

| | (\$ millions) | |
|---|----------------------|----------------------|
| | Projected CY 2026 | Projected CY 2027 |
| Beginning Cash Balance | \$499.2 | \$491.1 |
| Total Receipts (mostly premiums) | \$4,749.5 | \$4,697.3 |
| Disbursements: | | |
| Net Medical Claim Payment Expenses | \$3,539.7 | \$3,667.0 |
| Net Pharmacy Claim Payment Expenses | \$869.5 | \$955.6 |
| Medicare Advantage Premiums | \$164.2 | \$266.4 |
| Administration and Claims-Processing Expenses | \$184.1 | \$183.9 |
| Total | \$4,757.6 | \$5,072.8 |
| Net Operating Income (Loss) | (\$8.1) | (\$375.6) |

Of the premiums and contributions paid in CY 2026, an estimated \$3.1 billion is derived from General Fund sources and an estimated \$0.2 billion is derived from Highway Fund sources.

Other Post Employment Benefit (OPEB) Liability

As of June 30, 2025, the State and related units of government had a Total OPEB Liability of \$26.2 billion and Plan Fiduciary Net Position (Assets) of \$4.2 billion, for a Net OPEB Liability of \$22.0 billion. Actual contributions for the year ending June 30 were \$1,524 million, less than the actuarially determined contributions of \$1,726 million.

Other Information

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the State Health Plan Network of providers, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Medical claim costs are expected to increase at a rate of 6% annually and pharmacy claim costs are expected to increase at a rate of 9.5% annually according to assumptions adopted by the Board of Trustees. The active population is projected to decrease by 0.3% per year, the pre-Medicare retiree population is projected to decrease by 2.5% per year and the Medicare-eligible retiree population is projected to increase by 3% per year.

Enrollment as of January 1, 2026

| I. No. of Participants | Standard | Plus | Medicare Advantage | Total | Percent of Total |

LEGISLATIVE ACTUARIAL NOTE – PURPOSE AND LIMITATIONS

This document is an official actuarial analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described above. This document only addresses sections of the bill that have projected direct actuarial impacts on State employee health benefit programs and does not address sections that have no projected actuarial impacts.

CONTACT INFORMATION

Questions on this analysis should be directed to the Fiscal Research Division at (919) 733-4910.
