

NORTH CAROLINA GENERAL ASSEMBLY

2025 Session

Legislative Incarceration Fiscal Note

Short Title: Protect Health and Gov't Personnel Info.
Bill Number: House Bill 608 (First Edition)
Sponsor(s): Rep. Rubin, Rep. Ball, Rep. Lofton, and Rep. R. Pierce

FISCAL IMPACT SUMMARY

Criminal offenses are classified as misdemeanors (Class 3 as the lowest and Class A1 as the highest) and felonies (Class I to Class A). There are three types of legislative changes to offenses that may result in a fiscal impact to the State's criminal justice system: creating a new offense, changing the class of an existing offense, or changing the scope of an existing offense.

This proposed legislation expands the scope of existing offenses for computer trespass by adding access to government personnel information without authority as a type of unlawful access to a computer or computer network. This expands the pool of potential offenders under current law, effectively creating new Class 3 misdemeanor, Class 1 misdemeanor, and Class I felony charges. As such, there is no data to predict how many individuals may be charged or convicted under the new law, and so **Fiscal Research is unable to project the fiscal impact** of the proposed legislation on the criminal justice system.

Each additional person charged under the proposed offenses will have a cost to the judicial system and each additional person convicted will have a cost to the correction system. The **cost of one charge and conviction** is listed in the table below, along with the percent of cases that incur those costs at that offense level.

FISCAL ANALYSIS

Section 1 amends G.S. 14-458 – *computer trespass; penalty* – by expanding the list of individuals who could unlawfully use a computer or computer network without authority. Subsection (a) adds individuals who access computer data that is in the personnel file of a local, State, or federal government employee when the individual had no legal authority to view or otherwise access that information or willfully failed to follow legal requirements granting such authority.

A violation of this section is a Class 3 misdemeanor; however, if there is damage to the property of another as a result of the violation it is a Class 1 misdemeanor when the damage value is less than \$2,500 and a Class I felony if the damage value is \$2,500 or more. In FY 2023-24, there were eight Class 3 misdemeanor charges and four Class I felony charges but no convictions for violations of G.S. 14-158. Because the expanded offender pool effectively creates new charges, there is no data to estimate how many more charges or convictions may occur as a result of this proposed legislation. **Therefore, Fiscal Research is unable to provide any cost projections for this bill.**

Cost of One Charge and Conviction										
Offense Class	Prosecution and Defense		Active Sentence					Suspended Sentence		
	Admin. Office of the Courts	Indigent Defense Services	DAC - Confinement			DAC - Post-Release Supervision (PRS)		DAC - Probation		
Felony	Cost	Cost	Rate	Cost	Length (Mo.)	Cost	Length (Mo.)	Rate	Cost	Length (Mo.)
I	\$946	\$430	16%	\$16,162	6	\$2,527	9	84%	\$5,897	21
Misdemeanor	Cost	Cost	Rate	Cost	Length (Mo.)	Cost	Length (Mo.)	Rate	Cost	Length (Mo.)
1	\$346	\$254	Active sentences for misdemeanor convictions are served in County jail.			Misdemeanants do not receive PRS.		61%	\$3,931	14
3	\$63	\$210						82%	\$3,650	13

Note: Court costs reflect the average cost per disposition. Costs for active sentences, probation, and post-release supervision reflect the total cost of the sentence or supervision period. Costs to the Statewide Misdemeanant Confinement Program (SMCP) only occur for active sentences > 90 days and impaired driving. The triangle symbols (▲) represent change, plus and minus (+/-) symbols reflect the increase or decrease in cost or time from the current to proposed changes in charge levels.

Capital Expenses

Capital costs emerge when prison bed demand exceeds capacity. Based on the most recent prison population and bed capacity projections from the Sentencing and Policy Advisory Commission (SPAC), the State will have sufficient prison beds available beyond the five-year fiscal note horizon. Therefore, Fiscal Research anticipates there will be **no additional prison capital requirements** as a result of this proposed legislation.

TECHNICAL CONSIDERATIONS

- Offense changes are typically effective on December 1. FRD assumes that costs incurred in the first year to the judicial and correction systems would be less than annualized costs due to lag time in charges and convictions.
- This estimate assumes that expanding existing or creating new criminal offenses produces no deterrent or incapacitative effect on crime rates. Likewise, FRD assumes no deterrent effects for any modifications to criminal penalties. The estimates in this Incarceration Note make no assumptions about the larger impact on crime rates or costs to society or the State.
- This estimate makes no prediction regarding the likelihood that a prosecutor will charge an offense based on any proposed increases or decreases to the offense class level. This estimate also does not attempt to predict the impact of offense class changes on plea negotiations. FRD assumes the proposed offense class is charged and convicted at the same rate as the prior level.
- For reference, Appendix A to this document shows the costs per charge/conviction for each class of offense in North Carolina.

LEGISLATIVE FISCAL NOTE – PURPOSE AND LIMITATIONS

This document is an official fiscal analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described in the Fiscal Analysis section of this document. This document only addresses sections of the bill that have projected direct fiscal impacts on State or local governments and does not address sections that have no projected fiscal impacts.
