COMMITTEE PROCEEDINGS

[\[Back to Top\]](#)

The House Select Committee on School Safety ("Committee") met 2 times following the end of the 2017 Regular Session. Below is a brief summary of the Committee's proceedings. Minutes and information from each Committee meeting are available in the Legislative Library and on the Committee's [website](#).

The Committee's first meeting was held on March 21, 2018. The Committee heard presentations on school safety from representatives of various State agencies, including the Center for Safer Schools, the North Carolina State Bureau of Investigation, North Carolina Emergency Management, and the North Carolina School Psychology Association. The meeting concluded with a brainstorming session between Committee members and other stakeholders on the topic of school safety and security. Information from this meeting can be found on the Committee's [website](#).

Following the first meeting, two working groups were formed – the Student Health Working Group and the Student Physical Safety and Security Working Group. The Student Health Working Group was charged with focusing on student access to tip lines, school counselors, nurses, and psychologists, while exploring methods to improve student social integration. The Student Physical Safety and Security Working Group was charged with focusing on school resource officer (SRO) training, funding, and availability; security for charter and non-public schools, building design, as well as access to security resources in coordination with local education, law enforcement and emergency services; and necessary criminal law changes related to school safety. Each working group met twice to discuss the topics for which they were charged.

Student Health Working Group

The Student Health Working Group met on April 9, 2018 and heard presentations from the North Carolina School Counselors Association, North Carolina School Psychologist Association, and presentations on the current needs and license reciprocity requirements for school psychologist and recommended programs on school based mental health. Information from this meeting can be found on the working group's [website](#).

The working group met again on April 23, 2018 and heard presentation from the School Nurses Association of North Carolina, the North Carolina School Social Workers Association, Alliance Behavioral Health, and the Newport Middle School SOS Program. Information from this meeting can be found on the working group's [website](#).

The working group approved six recommendations and two legislative proposals for submission to the full Committee at its May 10, 2018 meeting. Those can be found on the working group's [website](#).

Student Physical Safety and Security Working Group

The Student Physical Safety and Security Working Group met on April 17, 2018. The working group discussed methods for improving physical safety and security in North Carolina's

public and nonpublic schools, qualification and training standards for school resource officers and other security professionals, and the efficacy of North Carolina's Volunteer School Safety Resource Officer Program. Information from this meeting can be found on the working group's [website](#).

The working group met again, on May 2, 2018, to discuss substantive criminal law changes to increase punishments for threats against educational institutions and other legislative recommendations that would serve to improve school safety and security. Information from this meeting can be found on the working group's [website](#).

The working group approved seven recommendations and six legislative proposals for submission to the full Committee at its May 10, 2018 meeting. Information from this meeting can be found on the working group's [website](#).

FINDINGS AND RECOMMENDATIONS

[\[Back to Top\]](#)

FINDING 1: NORTH CAROLINA SHOULD ACCEPT THE NATIONALLY CERTIFIED SCHOOL PSYCHOLOGIST CREDENTIAL AS COMPLETE FULFILLMENT OF THE REQUIREMENTS FOR LICENSURE AS A SCHOOL PSYCHOLOGIST.

The Committee finds that school psychologists are important members of school improvement, crisis response, and intervention teams and that they are instrumental in providing direct social, emotional, and mental health services to students. Despite the indispensable services performed by school psychologists, the number of certified school psychologists in North Carolina schools has been steadily declining since at least the 2013-2014 academic year. The ratio of school psychologists to students in the 2016-2017 academic year was 1:1,857 despite the fact that the recommended ratio of school psychologists to students is 1:700.

The Committee finds that one reason for the shortage of school psychologists in North Carolina schools is the lack of reciprocity for out-of-state school psychologists. Currently, despite their years of experience, individuals who are licensed and practicing as school psychologists in other states must follow the same application and licensing procedures as in-state individuals who are seeking to be licensed for the first time.

The Committee finds that the National Association of School Psychologists offers the Nationally Certified School Psychologist credential certifying that individuals are competent to work as school psychologists. In order to earn this certification, individuals must (i) complete at least 60 semester hours of graduate-level coursework in a school psychology program of study; (ii) complete a series of supervised practicum experiences; (iii) complete 1,200 hours of school psychology internship, at least 600 of which must be in a school setting; and (iv) pass the school psychologist Praxis test. These requirements are as stringent as the current North Carolina requirements for licensure as a school psychologist.

The Committee finds that requiring the State Board of Education to license individuals who hold a Nationally Certified School Psychologist credential to work as school psychologists in the State, without requiring additional criteria for licensure, will help address the shortage of school psychologists in North Carolina and help the State move toward the goal of having a school psychologists to student ratio of 1:700.

RECOMMENDATION 1: NORTH CAROLINA SHOULD ACCEPT THE NATIONALLY CERTIFIED SCHOOL PSYCHOLOGIST CREDENTIAL AS COMPLETE FULFILLMENT OF THE REQUIREMENTS FOR LICENSURE AS A SCHOOL PSYCHOLOGIST.

The Committee recommends the General Assembly to enact legislation directing the State Board of Education to license individuals who hold a Nationally Certified School Psychologist credential to work as school psychologists in the State, without requiring additional criteria for

licensure. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-TC-42.

FINDING 2: INCREASING THE NUMBER OF STUDENT SUPPORT PERSONNEL WOULD CONTINUE SUPPORT FOR THE CARE AND INTERVENTION OF THE SOCIAL AND EMOTIONAL NEEDS OF STUDENTS.

The Committee finds that student support personnel, including school counselors, school nurses, school psychologists, and school social workers, are instrumental members of the school community in ensuring a continuum of support to meet the social and emotional needs of students and to provide early intervention and care for students with specific social, emotional, and mental health needs.

The Committee finds that school counselors provide academic, career and social-emotional services to students in school-wide, classroom and group activities, as well as individual student services and support, and provide identification and referrals to other providers for long-term counseling needs. The Committee finds that the current nationally recommended ratio of students to school counselors is 1:250, and that information provided by the Department of Public Instruction indicates that the current ratio in North Carolina is 1:350.

The Committee finds that school nurses provide episodic, emergency, and case management health care for students, monitor public health issues, provide general health education, and connect students with external health care providers. The Committee finds that the current nationally recommendation for students to school nurses is that every student have access to a registered school nurse on a daily basis, and that prior to 2010, the recommended ratio for student to school nurses was 1:750. Information provided by the Department of Public Instruction indicates that the current ratio in North Carolina is 1:2,315, although this number does not include contract nurses and those provided by other organizations besides the local board of education.

The Committee finds that school psychologists screen for academic, behavioral and emotional barriers to learning, collect data and evaluates the effectiveness of school-wide social and emotional programs, consult on effective discipline policies and practices, and participate on crisis prevention and intervention teams. The Committee finds that the current nationally recommended ratio of students to school psychologists is 1:700, and that information provided by the Department of Public Instruction indicates that the current ratio in North Carolina is 1:1,857.

The Committee finds that school social workers serve as a vital link between the home, school, and community, working with school personnel, families and community agencies to address student needs, including referral of long-term and intensive mental health needs to community therapists or school-based mental health service providers. The Committee finds that the current nationally recommended ratio of students to school social workers is 1:400, and that information provided by the Department of Public Instruction indicates that the current ratio in North Carolina is 1:1427.

RECOMMENDATION 2: NORTH CAROLINA SHOULD CONTINUE TO WORK TOWARDS A GOAL OF MEETING NATIONAL RECOMMENDATIONS FOR STAFFING OF STUDENT SUPPORT POSITIONS TO ENSURE AND IMPROVE CARE AND INTERVENTION FOR THE SOCIAL AND EMOTIONAL NEEDS OF STUDENTS.

The Committee recommends the General Assembly to continue to work towards the goal of increasing the number of school student personnel, including school counselors, school nurses, school psychologists, and school social workers, to ensure and improve the continuum of support to meet the social and emotional needs of students and early intervention and care for students with specific social, emotional, and mental health needs.

FINDING 3: THE USE OF THREAT ASSESSMENT TEAMS WOULD PROVIDE A MULTI-DISCIPLINARY APPROACH TO DETERMINING NEEDS AND RISKS WITH THE SCHOOL SETTING.

The Committee finds that threat assessment teams can assist in preventing violence on school campus by assessing and intervening when individuals exhibit behavior which may pose a threat to the safety of the school community by involving student support personnel, including school counselors, school nurses, school psychologists, and school social workers, as well as school resource officers or other law enforcement officials and other members of the school community.

RECOMMENDATION 3: NORTH CAROLINA SHOULD REQUIRE THREAT ASSESSMENT TEAMS IN ALL PUBLIC SCHOOLS TO BETTER ASSESS AND INTERVENE IN POTENTIAL THREATS WITHIN THE SCHOOL SETTING.

The Committee recommends the General Assembly require threat assessments teams in all public schools based on criteria established by the Center for Safer Schools. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-TCza-41.

FINDING 4: THE USE OF PEER TO PEER COUNSELING PROGRAMS CAN PROVIDE AN ADDITIONAL TOOL TO IDENTIFY AND ASSIST STUDENTS WITH SOCIAL, EMOTIONAL, AND BEHAVIORAL NEEDS.

The Committee finds that peer to peer counseling programs that involve students in providing mentoring, counseling, and support to fellow students in areas such as mental health, general health and wellness, and mentoring can assist in identifying and assisting students with social, emotional, and behavioral needs, and can assist in preventing violence on school campuses.

RECOMMENDATION 4: NORTH CAROLINA SHOULD REQUIRE PEER TO PEER COUNSELING PROGRAMS IN MIDDLE AND HIGH SCHOOLS TO IDENTIFY AND ASSIST STUDENTS WITH SOCIAL, EMOTIONAL, AND BEHAVIORAL NEEDS.

The Committee recommends the General Assembly require peer counseling programs in middle and high schools and provide a small grant program to schools using evidence-based programs for training and materials. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-TCza-41.

FINDING 5: FURTHER STUDY IS NECESSARY TO DEVELOP A PLAN TO EFFICIENTLY COORDINATE CARE AMONG MENTAL HEALTH SUPPORT PROFESSIONALS AND TO TRAIN THESE PROFESSIONALS TO IDENTIFY POTENTIALLY DANGEROUS MENTAL AND BEHAVIORAL HEALTH ISSUES.

The Committee finds that coordination of care among school nurses, school psychologists, and school social workers provides the best and most efficient use of resources to provide quality

mental, social, and emotional health care to students; however, additional training may be necessary for these mental health support professionals to proficiently identify mental and behavioral health issues that could endanger students.

RECOMMENDATION 5: FURTHER STUDY IS NECESSARY TO DEVELOP A PLAN TO EFFICIENTLY COORDINATE CARE AMONG MENTAL HEALTH SUPPORT PROFESSIONALS AND TO TRAIN THESE PROFESSIONALS TO IDENTIFY POTENTIALLY DANGEROUS MENTAL AND BEHAVIORAL HEALTH ISSUES.

The Committee recommends the General Assembly enact legislation allowing for continued study of and development of a plan for (i) coordinating services among school nurses, school psychologists, and school social workers to most efficiently provide quality mental, social, and emotional healthcare services to students, and (ii) training mental health support professionals to proficiently identify mental and behavioral health issues that could endanger students.

FINDING 6: THE USE OF THE SPEAK UP APPLICATION OR SIMILAR TOOLS STATEWIDE CAN PROVIDE AN ADDITIONAL TOOL TO IDENTIFY AND ASSIST STUDENTS WITH SOCIAL, EMOTIONAL, AND BEHAVIORAL NEEDS AND TO CREATE ALERTS FOR INCREASED CAMPUS SAFETY.

The Committee finds that the Speak Up application in its initial pilot provided an effective tool for reporting of mental health issues and potential threats to campus safety in the counties where it was piloted, and the expansion of this application or a similar anonymous reporting application would provide an additional tool for providing assistance to students with social, emotional, and behavioral needs and preventing violence on school campuses.

RECOMMENDATION 6: FUNDING SHOULD BE PROVIDED FOR EXPANSION STATEWIDE OF APPLICATIONS THAT ALLOW ANONYMOUS REPORTING ON POTENTIAL THREATS, ABUSE, OR RELATED ISSUES.

The Committee recommends the General Assembly provide for statewide expansion of the Speak Up application or a similar tool that allows students to anonymously report potential threats, abuse, or related issues. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-TCza-44.

RECOMMENDATION 7: STUDY ARMED SECURITY OPTIONS FOR NONPUBLIC SCHOOLS.

The Committee finds that nonpublic schools have limited options for providing security on their campuses, and that new options should be explored. The Committee further finds that in many cases, these schools operate on property owned by religious organizations, limiting the options these religious organizations have for security during non-educational hours. The Committee recommends that the General Assembly allow nonpublic schools to develop protection policies in cooperation with law enforcement. The Committee should continue to study training and safety requirements that should be in place in order to allow nonpublic schools to provide armed security options. The Committee should continue to hear from local sheriffs and chiefs of police on how to best coordinate school safety for private institutions. Finally, the Committee notes that the House of Representatives has passed House Bill 174, allowing all places of religious worship that are housed on private property to have the same rights for concealed carry permit holders, and urges final passage of this legislation.

RECOMMENDATION 8: STUDY EXPANSION AND REQUIREMENTS OF VOLUNTEER SCHOOL RESOURCE OFFICER PROGRAM.

The Committee finds that the authorization for voluntary school safety resource officers in G.S. 160A-288.4 and G.S. 162-26 has not been used due to limitations on volunteers and uncertainty about training and education requirements. The Committee recommends continued study on how best to modify the statutory requirements in order to expand the potential eligible volunteers and provide more security in the public schools, while ensuring appropriate training and education for volunteers in the program.

RECOMMENDATION 9: EXTEND MANDATORY SAFETY PLAN AND DRILL REQUIREMENT TO ALL PUBLIC SCHOOLS AND ENCOURAGE NONPUBLIC SCHOOL PARTICIPATION.

The Committee recommends that charter schools, regional schools, and UNC laboratory schools be required to develop a school risk management plan, hold school safety exercises, and provide safety information to local law enforcement and the Division of Emergency Management. The Committee also recommends that nonpublic schools be encouraged to participate in these same activities. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-SAz-26.

RECOMMENDATION 10: IMPLEMENT TRAINING AND CONTINUING EDUCATION REQUIREMENTS FOR SCHOOL RESOURCE OFFICERS.

The Committee recommends that all school safety resource officers receive appropriate training and be required to comply with continuing education requirements appropriate to their role as school safety resource officers. The Committee recommends that the North Carolina Criminal Justice Training and Standards Commission and the North Carolina Sheriffs' Training and Standards Commission be directed to work with the Center for Safer Schools to develop appropriate training and continuing education courses and materials. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-BQZ-8A.

RECOMMENDATION 11: APPROPRIATE AN ADDITIONAL \$1.8 MILLION TO FUND GRANTS FOR SCHOOL RESOURCE OFFICERS.

The Committee recommends that an additional \$1.8 million be appropriated for use for grants for school safety resource officers in elementary and middle schools. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-BQza-9.

RECOMMENDATION 12: REQUIRE FACILITY VULNERABILITY ASSESSMENTS FOR EACH SCHOOL BUILDING.

The Committee recommends that the Center for Safer Schools collaborate with the Department of Public Instruction to develop a facility vulnerability assessment tool for use by each local school administrative unit. The Committee recommends that each local school administrative unit be required to use the assessment tool to complete a facility vulnerability assessment of each school building at least once per year. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-BNz-6.

RECOMMENDATION 13: REQUIRE LOCAL BOARDS OF EDUCATION TO REPORT ANNUALLY ON SCHOOL RESOURCE OFFICERS.

The Committee recommends that local boards of education be required to report annually to the Center for Safer Schools on the number and placement of school safety resource officers (SRO), including the funding method and employment method for each SRO in the local school administrative unit. The Committee recommends that the Center for Safer Schools be required to report annually to the Joint Legislative Education Oversight Committee with an executive summary of the reported information along with the disaggregated data for each local school administrative unit. The recommendations of the Committee are presented specifically in the attached draft legislation 2017-BNz-7.

FINDING 14: SUICIDE PREVENTION EFFORTS ARE A CRUCIAL PART OF STUDENT MENTAL HEALTH.

The Committee finds that suicide is the second most common cause of death for children between the ages of 10 and 17. The Committee finds that helping the state's educators understand the risk of suicide is a critical part of the effort to keep our schools and students safe. Evidence-based programs provided in the education system will reduce the threat of suicide for North Carolina children.

RECOMMENDATION 14: HOUSE BILL 285, SUICIDE PREVENTION/AWARENESS SCHOOL PERSONNEL SHOULD BE ENACTED.

The Committee recommends the General Assembly enact House Bill 285, Suicide Prevention/Awareness School Personnel. This bill passed the House of Representatives, by a vote of 109 in favor and 7 opposed, on April 24, 2017, and it is eligible for consideration during the 2018 short session of the 2017 General Assembly.

BILL DRAFT 2017-TC-42 [v.5]

(THIS IS A DRAFT AND IS NOT READY FOR INTRODUCTION)

Short Title: Reciprocity/School Psychologist Licensure. (Public)

Referred to:

A BILL TO BE ENTITLED

AN ACT DIRECTING THE STATE BOARD OF EDUCATION TO GRANT A LICENSE TO PRACTICE AS A SCHOOL PSYCHOLOGIST TO ANY INDIVIDUALS WHO HOLD THE NATIONALLY CERTIFIED SCHOOL PSYCHOLOGIST CREDENTIAL, AS RECOMMENDED BY THE HOUSE SELECT COMMITTEE ON SAFER SCHOOLS.

Whereas, school psychologists perform essential services for the social, emotional, and mental health of students throughout North Carolina; and

Whereas, the number of school psychologists in the State has been steadily declining since the 2013-2014 academic year; and

Whereas, one reason the State faces a shortage of school psychologists is the lack of reciprocity granted to individuals who are licensed as school psychologists in other states and may wish to practice in North Carolina; and

Whereas, the standards to receive a Nationally Certified School Psychologist credential from the National Association of School Psychologists are at least as stringent as the standards the State currently requires for licensure as a school psychologist;

Now, therefore, The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 115C-270.20(b) is repealed.

SECTION 1.(b) The catch line of G.S. 115C-270.20 reads as rewritten:

"§ 115C-270.20. ~~Licensure-Teacher licensure~~ requirements."

SECTION 2. Article 17E of Chapter 115C of the General Statutes is amended by adding a new section to read:

§ 115C-270.21. Administrator and student services personnel licensure requirements.

(a) Administrators. – The State Board shall establish classification and levels of preparation necessary for issuance of licenses for administrators as provided in this Chapter.

(b) Student Services Personnel. – The State Board shall establish classification and levels of preparation necessary for issuance of licenses for student services personnel, as provided in this Article.

(1) School psychologists. – The State Board of Education shall issue a school psychologist license to an individual who does any of the following:

a. Meets the criteria for licensure as a school psychologist established by the State Board.

b. Holds the Nationally Certified School Psychologist credential issued by the National Association of School Psychologists.

SECTION 3. This act is effective when it becomes law, and applies to applications for licensure submitted on or after that date.

Bill Draft 2017-TC-42: Reciprocity/School Psychologist Licensure.

2017-2018 General Assembly

Committee:		Date:	May 9, 2018
Introduced by:		Prepared by:	Jason Moran-Bates
Analysis of:	2017-TC-42		Staff Attorney

OVERVIEW: *Bill Draft 2017-TC-42 would require the State Board of Education to issue a school psychologist license to any individual who holds the Nationally Certified School Psychologist (NCSP) credential issued by the National Association of School Psychologists (NASP). It would also make some technical changes to the licensing statute for school support personnel.*

CURRENT LAW: Under current law, individuals who are already licensed as school psychologists in other states must follow the same process and meet the same criteria as North Carolina residents seeking initial licensure. First, they must complete an approved program in school psychology at the sixth-year level (about 75 semester hours). Secondly, they must pass the school psychology Praxis test. Finally, they must have a professional educator's continuing license issued by the Department of Public Instruction. In order to obtain that license, individuals fully licensed in other states must have at least three years of experience in addition to meeting the North Carolina State Board of Education's approved licensure exam requirements, or have a national board certification

BILL ANALYSIS: Bill Draft 2017-TC-42 would require the State Board of Education to issue a school psychologist license to any individual who holds an NCSP credential issued by the NASP.

EFFECTIVE DATE: This bill would be effective when it becomes law and apply to applications for licensure submitted on or after that date.

BACKGROUND: In order to obtain the NCSP, individuals must 1) complete at least 60 semester hours of graduate-level coursework in a school psychology program of study, 2) complete a series of supervised practicum experiences, 3) complete 1,200 hours of school psychology internship, at least 600 of which must be in a school setting, and 4) pass the school psychologist Praxis test. Currently, 32 states, including Florida, Georgia, Maryland, South Carolina, and Virginia, recognize NASP certification as meeting or partially meeting the requirements for licensure as a school psychologist.

8 services agencies to receive anonymous information on internal or external risks to school
9 buildings and school-related activities; and

10 Whereas, in 2015, the General Assembly required the Department of Public Safety,

2017-2018 General Assembly

Committee:		Date:	May 10, 2018
Introduced by:		Prepared by:	Kara McCraw
Analysis of:	2017-TCza-44		Staff Attorney

OVERVIEW: 2017-TCza-44 would provide funding for a statewide anonymous tip line application and require that application to be available in all public secondary schools.

CURRENT LAW: G.S. 115C-105.51 encourages all local school administrative units (LEAs) to develop and operate an anonymous tip line for reporting internal or external risks to the school population, school buildings, and school-related activities. The Department of Public Instruction (DPI) and the Center for Safer Schools (Center) are required to implement and maintain an anonymous safety tip line application for the same purpose.

BILL ANALYSIS: Part I of the draft legislation would require all public secondary schools to develop and operate an anonymous tip line application (application). The application could be the application developed by DPI and the Center, or one that meets standards and guidelines developed by DPI. For the purposes of this legislation, public secondary school is any of the following schools serving grades six of higher:

- Schools under the control of an LEA.
- Schools under the control of the State Board of Education, including schools in the Innovative School District and the Schools for the Deaf and the Governor Morehead School for the Blind.
- Schools under the control of The University of North Carolina.
- Charter schools.
- Regional schools.

The draft legislation would require that the DPI/Center application be made available statewide, and that public secondary schools work with DPI and the Center to ensure that employees receive adequate training in the operation of the application.

Part II of the draft legislation would make technical changes to conform references in the statute to the current location of the Center for Safer Schools.

Part III of the draft legislation would also appropriate \$5 million for the 2018-2019 fiscal year to be used for development of the statewide application, and require that application to be implemented by July 1, 2019.

EFFECTIVE DATE: Section 1 of the draft legislation would become effective July 1, 2019, and apply beginning with the 2019-2020 school year. The remainder of the draft would become effective July 1, 2018.

Bill Draft 2017-SAz-26: Expand Use/School Risk Management Plans.

2017-2018 General Assembly

Committee:		Date:	May 3, 2018
Introduced by:		Prepared by:	Susan Sitze*
Analysis of:	2017-SAz-26		Staff Attorney

OVERVIEW: *The draft bill would require various alternative forms of public schools to adopt School Risk Management Plans (SRMPs), hold annual school safety exercises, and provide school safety information to local law enforcement as well as the Division of Emergency Management in the Department of Public Safety. All nonpublic schools would be encouraged to go through the same steps.*

CURRENT LAW: Prior to 2015, local school boards, charter schools, and regional schools were encouraged to adopt School Risk Management Plan (SRMPs). Local boards, but not charter schools or regional schools, were encouraged to hold school safety drills based on the SRMP. Local boards, but not charter schools or regional schools were required to provide to local law enforcement and to the Division of Emergency Management in the Department of Public Safety (Division) schematic diagrams and emergency access keys to all school buildings.

In 2015, the General Assembly made adoption of SRMPs mandatory for all schools within the jurisdiction of a local board of education and required an annual school-wide tabletop exercise and drill based on the SMRP. Charter schools and regional schools were encouraged to hold annual school-wide tabletop exercises and drills and to provide to local law enforcement and to the schematic diagrams and emergency access keys to all school buildings. In 2017, when the General Assembly created lab schools within the constituent institutions of The University of North Carolina, it treated them like charter schools and regional schools, i.e., the lab schools were encouraged to adopt SRMPs, hold annual school safety tabletop drills, and provide plans and keys to local law enforcement and the Division.

There are no statutes related to other nonpublic schools that are related to school safety.

BILL ANALYSIS: Sections 1, 2, and 3 address charter schools, regional schools, and lab schools and requires each to meet all the school safety requirements that exist for traditional public schools. These include adoption of SRMPs, annual school-wide tabletop drills and exercises, and provision of schematic diagrams of the schools to local law enforcement and the Division.

Sections 4 and 5 encourage religious schools and other nonpublic schools to adopt SRMPs, hold school safety exercises and provide schematic diagrams to local law enforcement and the Division.

Section 6 is a conforming change.

EFFECTIVE DATE: The act becomes effective July 1, 2019, and applies beginning with the 2019-2020 school year.

Bill Draft 2017-BQz-8A: SROs defined/Training Standards.

2017-2018 General Assembly

Committee:	House House Select Committee on School Safety	Date:	May 4, 2018
Introduced by:		Prepared by:	Shawn Middlebrooks Staff Attorney
Analysis of:	2017-BQz-8A		

OVERVIEW: *Bill Draft 2017-BQz-8A would define School safety resource officer (SRO) and authorize the adoption of training standards for law enforcement officers serving as SROs.*

CURRENT LAW: Currently, the term "SRO" is not statutorily defined. Additionally, law enforcement officers are not required to complete any training to serve as SROs in North Carolina's public school.

BILL ANALYSIS: 2017-BQz-8A defines the term SRO and authorizes law enforcement officers serving as SROs to complete initial training, continuing education training, or both. All law enforcement officers must complete continuing education training. Law enforcement officers serving as school resources officers during the 2018-2019 school year are exempt from completing the initial training requirements established under the act.

2017-BQz-8A further directs the Criminal Justice Education and Training Standards Commission and the Sheriff's Education and Training Standards Commission, in collaboration with the Center for Safer Schools, to establish initial training and continuing education standards for SROs. Initial training standards must be adopted by January 15, 2019. The standards must include diversity and equity, tactical, and mental health training.

EFFECTIVE DATE: This act would be effective when it becomes law and applies to SROs employed for the 2019-2020 school year.

BACKGROUND: According to the Center for Safe Schools' website, an SRO is a certified law enforcement officer who is permanently assigned to provide coverage to a school or a set of schools. SROs are trained to perform three roles: law enforcement officer; law-related counselor; and law related education teacher.

Although SROs are not mandated to undergo training, the North Carolina Justice Academy offers a School Resource Officer Certificate program, which consist of 400 classroom hours – 80 hours of Core Classes and 320 hours of Elective work. Applicants must be sworn law enforcement officers and hold at least a Basic Level Certificate in Law Enforcement from either the Criminal Justice Training and Standards Commission or the Sheriff's Education and Training Standards Commission. The certificate program is only eligible to current or former SROs.

Committee:		Date:	May 8, 2018
Introduced by:		Prepared by:	Samantha Yarborough Staff Attorney
Analysis of:	2017-BNz-6		

OVERVIEW: *Bill Draft 2017-BNz-6 would require the Center for Safer Schools to develop a facility vulnerability assessment tool for use by local school administrative units in performing annual facility vulnerability assessments of each school building.*
