Information Requested by Committee Members

Education Sector: UNC System

Committee Question: What changes were made to UNC tuition over the past biennium?

Answer:

For the 2009-10 academic year

- UNC implemented campus-initiated tuition increases for most campuses.

For the 2010-11 academic year

- The 2009 appropriations act increased tuition for 2010-11 by the lesser of \$200 or 8% at all UNC institutions for both residents and nonresidents at the undergraduate and graduate levels, generating \$34.8 million in revenue. The 2010 appropriations act repealed the increase.
- The 2009 appropriations act also prohibited any campus-initiated tuition increases for 2010-11 for North Carolina residents. The 2010 appropriations act eliminated this prohibition.
- The 2010 appropriations act allowed campuses implement supplemental tuition increases of up to \$750/year. Campuses were required to use at least 20% of the new revenue for need-based financial aid. The increases were permitted to offset UNC's \$70 million in additional management flexibility cuts in the FY 2010-11 budget and were in addition to campus-initiated tuition increases.

Attached is a summary of undergraduate tuition over the last decade.
