**Center Number:** 1461 New RCC/FRC

### \*\*\* Position Information \*\*\*

**Proposed Classification:** Human Services Program Specialist      **Proposed Salary Grade:** 71

**Salary Range:** \$31,729 - \$52,061      **Proposed Effective Date:** 11 /01 / 2004

**Number of Positions:** 1

	<u>Center Authorized Budget</u>	<u>Current Request</u>
Total Budget	\$ 226,275	\$ 62,589
Receipts	<u>226,275</u>	<u>62,589</u>
Appropriation	\$ 0	\$ 0

**Funding Source(s):** CDC HIV Morbidity and Risk Behavior Surveillance Grant

Justification for Position (including description of duties and responsibilities): Centers for Disease Control has approved NC DHHS/DPH to develop a supplemental HIV/AIDS surveillance system which will produce population-based estimates of characteristics of persons with HIV infection and the care they receive. Supplemental surveillance data are needed on a national basis to understand the provision and impact of treatments for HIV, health care utilization, ongoing HIV risk behaviors, care seeking behaviors, and other related factors. This position works under the supervision of the Principal Investigator as data manager. Primary responsibilities will be to manage data that is available, to evaluate and move data from existing sources and new data retrieved to meet CDC requirements. Such will directly benefit NC in its care for and work with this population, while providing data for nation data analysis and program planning. CDC has approved Grant funding as of August 26, 2004, but provided funding to make the two positions effective on November 1, 2004, as reflected above.
