Justification for Position (including description of duties and responsibilities):

Public Health Epidemiologist (05793) serves as the Principal Investigator for the ATSDR cooperative agreement and manages day-to-day operations of the program. Responsibilities include, but are not limited to, managing budgets; reviewing reports; conducting assessments, consultations, and advisories for site-specific hazards and petitions; investigating exposures; prioritizing sites; developing an annual plan of work with ATSDR; and evaluating environmental data and site work plans. The program coordinator provides scientific and environmental expertise for the program and the public.
