**Funding Source(s):** Receipts Supported

**Justification for Position (including description of duties and responsibilities):**

Duties involve providing security for the North Carolina State Fair. Duties will include the patrolling of the grounds and buildings to guard against fire, theft or damage to property and to enforce rules as set forth by the State Fair. Hours will be 12 midnight to 8:00 am. For the past ten years the State Fair has worked different people in a temporary position for night security at the State Fairgrounds. At the present time the State Fair has two people working different nights during the week to fill the schedule. Both of these temporary employees work other full time jobs during the day and they work this job on their days off. It is getting very difficult to get a consistent schedule each week working around the day jobs of these two employees. The management at the State Fair thinks better security services will be obtained from a permanent employee. Some temporary help may still be needed to fill in for the permanent employee when he/she is on leave.

**Statutory Reference for Request :** G.S. 143-34.1
