

SEarCH

Scotland Early College High School

Laurinburg, NC

Patrick W. Peed, Principal

SEarCH welcomed its first class of freshmen in 2007 to the main campus of Richmond Community College [RCC] in Hamlet. The challenges associated with transporting students out of county eventually led to the relocation of SEarCH onto the campus of St. Andrews University for the 2011-2012 school year; however, RCC continues to serve as the higher education partner. Increased enrollment at St. Andrews has led to the discussion of another relocation for SEarCH -- possibly to a location that would place the school in immediate proximity to RCC's Laurinburg site.
